Viet Could Send Record Budget Higher: Johnson; \$112.8 Billion Sought

117 Perish In Crash Of Jetliner Indian Plane Hits Highest Mountain

CHAMONIX, France (AP) — An Air India jetliner with 117 persons reported aboard crashed into snow-covered Mont Blanc today and the French police said no survivors could be found.

None Found Alive
The gendarmerie headquarters here at the foot of Western Europe's highest mountain said a helicopter landed at the crash scene but no one was found alive.

The plane, on a flight from India to New York, crashed at a point called "La Tournette," about 1,500 feet below the peak on the Chamonix side. It was preparing to land at Geneva.

The French police said it would be impossible to send a land party up the 15,781-foot mountain at this season. The bodies were to be brought down by helicopter.

Had Crew of 11
Air India said the Boeing 707 jet carried 106 passengers — eight of them bound for New York — and a crew of 11.

The airline said one of the passengers was the chairman of India's Atomic Energy Commission, Dr. Homi J. Bhabha, 57, who was en route to Vienna for a meeting of the International Atomic Energy Agency.

The airline said 20 of the passengers were to get off in Geneva, 54 were going to Paris and 24 to London.

Air India said the plane's captain was J.T. (Joe) D'Souza, the copilot on Pope Paul VI's flight from Rome to Bombay last year. He was a veteran of 18 years on the Bombay - New York run.

The wreckage was reported sighted near the Vallot Refuge, a mountain hut used by climbers ascending the 15,781-foot peak. Mountaineers said the hut is about an hour's walk from the summit of Mont Blanc and near a glacier.

Second to Hit Peak
It was the second Air India plane to crash into Mont Blanc. The first, a Constellation in 1950, also crashed near the Vallot Refuge.

Caught Between Advocates
The President is caught between advocates of totally contradictory proposals. Many foreign governments, some members of Congress, some officials in the administration favor prolonging the pause. Others, including military leaders, and top American officials in Saigon would like to start pounding North Viet Nam again quickly.

Rusk said Johnson is taking all elements of the situation into consideration, including the fact that "we must do all we can to assure the safety of our own and Allied forces" fighting the Communists in South Viet Nam.

Broadening Doubts
It is understood that Johnson has no such intention of broadening the war at this time. However, officials said that the new look at policy and strategy now getting under way could possibly lead to changes in his thinking about what is needed.

Rusk said Sunday night in an NBC radio-television interview on "Meet the Press" that the escalation of conflict depends on the aggressor. Johnson had said last week that he wants to keep the war limited if possible.

On Capitol Hill, Senate Democrats are expected to vote on a bill to limit the war.

NEW YEAR'S CELEBRATION—Although it came late, Mrs. Robert Schantz, of Wrentham Street, found opportunity to mark first "official" snowfall of 1966 on rear of family car. It came on Jan. 23—more than a month after official opening of winter. Engineer's office recorded only 1.41 inches of precipitation this month in the city. This compares with 2.68 for similar period last year; 4.15 inches in 1964; 2.80 inches in '63; 2.13 in '62; 2.21 in '61, and 2.17 in '60. Weather forecast calls for continued cold and some more precipitation by midweek. (Freeman photo by Kruh)

Caustic Remarks Assailed Teachers Charge 'Frighten' Parley

Charges that the Board of Education of the Kingston School District Consolidated held a press conference Saturday for the purpose of "frightening the teachers and parents in order to obscure the issues," were hurled at the school district officials today by Howard O. Rust, president of the Kingston Teachers' Federation.

The conference was held in closed session at the George Washington School as an informative session for press and radio newsmen.

'Obviously Disappointed'
Rust said in a statement today that the KTF members are "obviously disappointed" that any member of the Board of Education should issue public statements on an issue which the public, through Gov. Rockefeller and the State Board of Education, "hoped could be resolved calmly."

An order has been continued in Supreme Court at Troy restraining teachers in the Kingston School System from striking or "withholding professional services" Tuesday, Feb. 1. The hearing was postponed Friday until Wednesday at 10 a.m.

The KTF president said the group will hold a vitally important general meeting Tuesday at 7 p.m. at the Hotel Stuyvesant.

Pointing out that the Greene County Republican Committee had failed to endorse Aldrich's candidacy, Fish backers hailed the adjournment of the group last weekend without voting its previous commitments to Aldrich. They said efforts to ramrod through an endorsement for Aldrich had given way to fair play.

The meeting, which Fish forces claim was called to beat the drums for Aldrich, ended at 7 p.m. (Continued on Page 17, Col. 5)

Cites Inflationary Danger by Buildup

Asks Quick Approval of \$4.8 Billion Tax Policy Already Sent to Congress

today a \$112.8-billion budget, by far the biggest in history, with a notice that he may come back for more money and new taxes if the war in Viet Nam gets hotter.

He warned also that the military buildup, on top of an expected 7 per cent upsurge in national output, will "raise the threat of price instability" as the booming economy nears full employment.

Needs Restraint
This inflationary risk makes necessary "some moderate restraint through tax policy," Johnson said. He asked quick approval of the \$4.8-billion step-up of income, corporate and excise taxes already sent to Congress.

These revenues, plus the tax collections generated by an unprecedented sixth straight year of economic growth, Johnson said, will provide \$111 billion of receipts at fiscal 1967 and bring the budget within \$1.8 billion of a balance.

That would be the smallest deficit in seven years — and it can be achieved, Johnson said, even with a net increase of \$2.1 billion in spending for his "Great Society" programs of education, health, housing and manpower development.

"Inflation need not be the price of social progress; nor should it be a cost of defending freedom," Johnson told Congress.

Other Highlights
His blueprint for taxing and spending in the government year starting next July 1 had these further highlights:

Defense — Outlays for over-all defense-related spending will soar to \$60.5 billion, up more than \$10 billion from last year and nearly \$4 billion from this year. Besides building muscle for Viet Nam, the Pentagon will start a second \$400-million nuclear-powered aircraft carrier and begin procurement of the Minuteman III, an advanced intercontinental missile.

Poverty — The second full year of the war on poverty will bring outlays of \$1.6 billion compared to \$1.2 billion this year.

Space — The first downturn in space outlays is budgeted — \$5.3 billion in fiscal 1967 as against \$5.6 billion this year. But this will "sustain our progress in space exploration" and not alter the major goal, a man on the moon in this decade.

Taxes — A small but unexpected further tax boost was proposed — a rise from 5 to 6 per cent in the excise levy on airplane passenger tickets.

Education — Federal outlays for education were estimated at \$2.8 billion, a 23 per cent increase from this year as the new programs (Continued on Page 17, Col. 7)

Budget Will Depend Now On Viet Nam

By JACK BELL

WASHINGTON (AP) — Congress received President Johnson's \$112.8-billion budget today with reservations about the effect on domestic programs of any large-scale expansion of the Viet Nam war.

Both Democrats and Republicans predicted the President's \$57.5-billion defense budget will go virtually unassailed, but that his promise to come back for more money and new taxes if the conflict gets hotter will ignite a drive to curtail spending at home.

Senate Democratic Leader Mike Mansfield forecast that "barring a flareup in the situation in Viet Nam, the overall budget total is likely to be cut somewhat."

Mansfield said Johnson will get anything he needs to fight the war. Sen. George D. Aiken of Vermont, dean of Republican senators, agreed and said, "Events in Viet Nam will determine what Congress finally does about the budget."

Sen. Spencer L. Holland, D-Fla., said he was "pleased that the President has come face-to-face with the financial aspects of the Viet Nam war. The \$12.7-billion supplemental request and the \$60-billion new defense budget begin to show the people the tremendous costs of this undeclared war."

Costs Will Go Up
"These costs will go higher and people should begin to think about and understand them," Spessard said.

Sen. Henry M. Jackson, D-Wash., said, "As of now, it would seem obvious that the funds requested for (the Viet Nam) conflict are minimal and would have to be increased." Jackson is a member of the Joint Committee on Atomic Energy and the Senate Armed Services and Appropriation panels.

Sen. Strom Thurmond, R-S.C., said the budget "appears to be designed for deception and the levels of spending which it proposes in non-defense areas constitute fiscal irresponsibility."

If the Viet Nam conflict is escalated, said Sen. John C. Stennis, D-Miss., chairman of the Senate Preparedness subcommittee, "I don't think Congress is going to vote for all of the domestic spending the President has asked."

Sen. Leverett Saltonstall, R-Mass., said he is going to look very closely at all domestic programs in an effort to prevent appropriations so great that revenues can't come close to matching them.

Johnson has sent Congress a (Continued on Page 17, Col. 2)

TWO HURT IN 9W CRASH—A 21-year-old woman and a 10-month-old girl were taken to Kingston Hospital Sunday by Doctor's Ambulance, after a two-car collision on Route 9W at Glenierie, according to Kingston State Police. Trooper Thomas Crowley said the cars were driven by Paul Dietemann Jr., 22, of Sticks Tractor Park, and Richard Ricketson, 24, Saugerties. According to Trooper Thomas Crowley,

Dietemann was attempting to slow for a plow when the accident resulted from skidding. Susan Dietemann sustained a possible cerebral concussion and bruises and abrasions. The child, Suzanne 10-months, apparently was not seriously hurt. Both were ejected from the vehicle, troopers reported. Trooper W. E. Wiedemann cited Dietemann for failure to keep to the right, it was reported.

Several Injured in Mishaps

Area Gets 6-15 Inch Snow in First Storm

Ulster County's first real snowstorm of the winter on Sunday pelted some parts of the county with up to 15 inches and left some highways in slippery condition. Several persons were injured in weekend highway accidents.

A spokesman for the County Department of Highways said a full force of snow removal equipment manned with county workers, started plowing at 6 a.m. yesterday and worked through 11 p.m. to open all roads and highways in the area.

20 Inches Upstate
The state's first general snowstorm, however, took out its wrath on sections further upstate.

Buffalo and Rochester had nearly 20 inches of snow and set a record for a 24-hour-long period in January. The Buffalo suburb of Lancaster reported a depth of two feet.

The storm, which began in Western New York Saturday and tapered off early today, grounded planes, slowed buses and trains, caused power failures and—to the joy of many children—resulted in widespread school closings.

Local Schools Open
Schools in many areas of the county were closed today because of the Sunday snowstorm, but the Kingston Consolidated District schools conducted the classes on schedule.

The snowfall also exacted a grim toll as at least nine persons died of attacks suffered while shoveling snow or pushing stalled automobiles.

Mishaps Claim 20 Lives
While the Ulster County area was free of fatalities during the weekend and storm period, other areas were not so fortunate.

An 11-year-old boy and his 6-year-old sister drowned when a power sled driven by their father, plunged through frozen Kinderhook Lake in Columbia County.

The victims were identified as Stephen and Amy Smith of Niverville.

In addition, during the period from 6 p.m. Friday to midnight Sunday, 11 persons died in traffic accidents, five in fires and two others in other types of mishaps.

Crews Out Again
Snow removal forces were on the job again this morning to clear snow that had drifted on some highways in the area. The highway department reported 15 inches of snow fell in the Ellenville and Denning areas, and 13 inches of snow was reported in (Continued on Page 17, Col. 4)

Assumes Y Secretary Duties on March 1st

Robert D. Stubbs, presently camping services executive for the YMCA of metropolitan Washington, has been appointed to the position of general secretary of the Kingston YMCA, it was announced today by Ralph H. Stewart, president. Stubbs' appointment is effective March 1 to fill the vacancy created by the retirement of Louis H. Schaefer.

Schaefer retired Dec. 31, 1965, after 22 years of service in the Young Men's Christian Association. Stubbs is presently responsible for the Washington YMCA's camping activities including an outdoor center for experimental programs and demonstrations with inner-city youth, and a resident camping program for girls, both of which he developed. For the past four years

he also directed Camp Letts on the Chesapeake Bay, a summer boys camp, family camp, and year-around conference center with a capacity of over 300 persons, and serving annually well over 7,500 different persons in a variety of programs.

A metropolitan staff member, Stubbs has served in an advisory capacity to 12 day camps operated by the Washington YMCA branches, and has been responsible for policy formulation and long range camping development for the association. His responsibilities have included professional staff workshops, a week-long aquatic leadership training school, and development of a school camping and outdoor education program in cooperation with the local school systems.

Active in community and professional groups, he is presently (Continued on Page 17, Col. 2)

Attacks Are Resumed on Cong Force

SAIGON, South Viet Nam (AP) — U. S. and South Vietnamese forces set out with renewed vigor to search out the Communists in several major operations today after a lunar New Year truce that brought scant peace to Viet Nam.

Estimate 190 Killed
As the 34-day Allied truce expired at 6 o'clock Sunday night, U. S. Air Force planes went into action and struck a Viet Cong main force. A forward air controller estimated 190 Communists killed, a U. S. spokesman said.

The ground thrusts brought no immediate significant contact with the guerrillas, but the spokesman said several major search and destroy operations were shaping up.

Twenty-five F100 Supersabers made the big strike in two waves at 6:25 p.m. and 7:40 p.m. against a Communist encampment 35 miles southwest of Saigon in the Mekong Delta. The jets came under heavy ground fire, but there were no losses, the spokesman said.

He said they destroyed 30 buildings, damaged 35 and set (Continued on Page 6, Col. 1)

Await Johnson's Ruling on Lull In Bombing War

WASHINGTON (AP) — President Johnson is expected to decide this week whether to resume the bombing of North Viet Nam. But any major new escalation of the Vietnamese war, such as bombing Hanoi, is considered unlikely at this time.

Secretary of State Dean Rusk said Sunday night the decision on renewed bombing is still to be made. He refused to say what he favored or predict what course Johnson would choose.

Caught Between Advocates
The President is caught between advocates of totally contradictory proposals. Many foreign governments, some members of Congress, some officials in the administration favor prolonging the pause. Others, including military leaders, and top American officials in Saigon would like to start pounding North Viet Nam again quickly.

Rusk said Johnson is taking all elements of the situation into consideration, including the fact that "we must do all we can to assure the safety of our own and Allied forces" fighting the Communists in South Viet Nam.

Some military planners are reported to have put up proposals that the United States not only start bombing again but change the restrictions which existed all last year in order to allow attacks on Hanoi, the capital, and Haiphong, the port of North Viet Nam.

Broadening Doubts
It is understood that Johnson has no such intention of broadening the war at this time. However, officials said that the new look at policy and strategy now getting under way could possibly lead to changes in his thinking about what is needed.

Rusk said Sunday night in an NBC radio-television interview on "Meet the Press" that the escalation of conflict depends on the aggressor. Johnson had said last week that he wants to keep the war limited if possible.

On Capitol Hill, Senate Democrats are expected to vote on a bill to limit the war.

LUNAR LOVELIES—Chicago's Chinese colony selected Diane Lee, 23, center as queen of the lunar new year celebration. Runners-up were Leilani Carrasca, 23, left, and Anne Marie Phan, 25.—(NEA Telephoto)

Candidates See Greene Joining With Their Camp

Supporters of Hamilton Fish Jr., Dutchess County attorney seeking the Republican nomination to Congress from the 28th District, were still crowding from the rooftops today. Since Friday night, they have been claiming success in stalling the drive by Alexander Aldrich, another GOP hopeful, in Greene County.

Hal Adjournment
Pointing out that the Greene County Republican Committee had failed to endorse Aldrich's candidacy, Fish backers hailed the adjournment of the group last weekend without voting its previous commitments to Aldrich. They said efforts to ramrod through an endorsement for Aldrich had given way to fair play.

The meeting, which Fish forces claim was called to beat the drums for Aldrich, ended at 7 p.m. (Continued on Page 6, Col. 2)

Both measures were prompted by motorists' complaints of delay in obtaining plates because of administrative snarls (Continued on Page 17, Col. 1)

Passage Seems Assured For State Lottery Plan

ALBANY, N.Y. (AP) — Passage of the Democrats' plan for a state lottery became assured today as the Legislature's top-ranking Republican declared he would not stand in the way.

Senate Majority Leader Earl W. Brydges told the Associated Press that, while he disliked the proposal, he would not use the influence of his post to try to block it.

Brydges predicted that, in fact, the lottery plan would win Senate approval easily, "with considerable support from the Republican majority."

In the Assembly, where Democrats are in control, Speaker Anthony J. Travia said there was no question that the plan would be endorsed overwhelmingly, as it was in 1965. The lottery plan requires an amendment to the State Constitution. That means it must be passed by two separately elected Legislatures and then submitted to the voters for a final say.

If the 1966 Legislature adds its approval, the question would be placed on the November election ballot.

Meanwhile, returning to action today, the Legislature was confronted by a controversy over postponing the Feb. 1 deadline for displaying 1966 automobile license plates.

On the Assembly calendar was a bill that would put off the deadline to Feb. 28. In the Senate, a bill had been prepared calling for a postponement to Feb. 10.

Both measures were prompted by motorists' complaints of delay in obtaining plates because of administrative snarls (Continued on Page 17, Col. 1)

Today's Business Mirror

By SAM DAWSON

AP Business News Writer

NEW YORK (AP) — A jump in the price of farm products and wholesale foods warns the family shopper to look for still higher food prices at the supermarkets in coming weeks.

Tight supplies in some textiles, along with higher wage scales, forecasts more expensive clothing on the way.

Service costs, from subway fares to medical care, may rise once more.

Consumer Goods Is Target

Upward pressure on prices of industrial materials already is spreading into semi-finished products. The end product, consumer goods, is the next logical target.

Helping the trend is the upward thrust of labor costs. These are born both of higher wage scales automatically going into effect this year in line with

old contracts, and of an apparent slowdown in the rate of growth of productivity.

Labor Costs May Rise

Many economists now are predicting that 1966 will see labor costs rise as fast or faster than last year, while productivity growth will be at a slower pace. If so, the pressure for higher prices on many goods could dismally many families grappling with smaller take-home pay because of higher Social Security taxes and larger withholding for income tax payments.

Some of the factors helping to hold down prices in the last two or three years are disappearing.

Report Shortages

Productivity grew faster than labor costs for a time. That is, new plant and equipment let more units of goods to be turned

out for the same number of man hours, even if hourly wage scales were rising. Now, labor costs are rising faster than a year ago, while productivity is still increasing, but more slowly than earlier in the 1960s.

Another price stabilizer has been competition born of excess productive capacity. This is fast disappearing. Some shortages are reported, some time lags in deliveries. The hope here is that the big spurt in business spending for expansion just getting under way will reverse the trend — although in some cases this will be many months in the future.

And Fortune magazine's economists noting that "productivity seems to be slowing down while wage costs seem to be edging up," predict that if this continues through much of 1966 there could be a rise in industrial prices for productivity reasons alone. They warn that "the war in Viet Nam will make the price environment in 1966 a lot different from what it was last year."

Asthma Formula Prescribed Most By Doctors—Available Now Without Prescription

Stops Attacks in Minutes . . . Relief Lasts for Hours!

NEW YORK, N.Y. (Special)—The asthma formula prescribed more than any other by doctors for their private patients is now available to asthma sufferers without prescription.

Medical tests proved this formula stops asthma attacks in minutes and gives hours of freedom from recurrence of painful asthma spasms. This formula is so effective that it is the physicians' leading asthma prescription—so safe when used as directed that now it can be sold

without prescription in most states—in tiny tablets called *Primatene*. These *Primatene* Tablets open bronchial tubes, loosen congestion, relieve taut nervous tension. All without painful injections.

The secret is—*Primatene* combines 3 medicines (in full prescription strength) found most effective in combination for asthma distress.

So look forward to sleep at night, and freedom from asthma spasms.

First of Tax Series

1965 Federal Return Forms Have Little Changes, None Are Basic

EDITOR'S NOTE—There have been no major changes in the federal income tax requirements, but basic things must be kept in mind as always. Here, in the first of five special articles, is a discussion of some principal points.

By JAMES MARLOW

WASHINGTON (AP) — Your 1965 income tax return must be in on or before April 15. There have been a few changes but none basic.

The tax on 1965 income is a little lower than the previous year's which, in turn, was lower than the year before. The reason is a tax cut spread over two years. No further cut is in sight.

\$5 Penalty

There's a \$5 penalty for failing to list your Social Security number. Enclose all employee's copies of W2 withholding statements you get for tax withheld from you in 1965.

Report only taxable income. Some income, like Social Security payments, is not taxable. If too much tax was withheld from you, you can get a refund but only if you file a return. Who must file one?

Anyone under 65, including children, who had \$600 or more taxable income—\$1,200 if you were 65 or older. You were considered 65 for all of 1965 if your birthday was as late as Jan. 1, 1966.

A self-employed person, in addition to paying a 5.4 per cent Social Security tax on income up to \$4,800, must file a return if his self-employment income was \$400 or more even though gross income was less than \$600.

No Limitation

A person under or over 65, even though receiving nontaxable Social Security payments, must pay a Social Security tax on any taxable earned income he had. There's a limit on how much of it he can have and still draw Social Security payments. If in doubt, consult the nearest Social Security office.

Be sure to read the instruction sheet sent taxpayers by the Internal Revenue Service. It has information, plus tax tables and tax schedules you'll need in working out your tax.

For 50 cents you'll get far

more detailed information by buying from your nearest IRS office its 160-page booklet, "Your Federal Income Tax."

Everyone under 65 filing a return gets a \$600 exemption for himself—\$1,200 if you're 65—plus \$600 for each dependent under or over 65. You also get a \$600 exemption for your wife—\$1,200 if she's 65—provided she meets certain conditions to be explained in No. 3 in this series.

Extra Exemptions

A person filing a return gets an extra \$600 exemption if he is blind, the same for his wife, but no extra exemption for a blind dependent.

Everyone filing a return is allowed a deduction for certain personal expenses. Without listing them, you can take the standard deduction. If your expenses were greater than the standard amount, claim them in full, but then you'll have to itemize. For details see stories Nos. 2 and 5.

You can find your tax either in a tax table or by figuring it. Only under \$5,000 people can use the table, and only some of them can. Anyone with \$5,000 or more income must figure his tax using the tax rate schedules.

There are two main forms for making a return: 1040 and 1040A which, being a punchcard, is simpler. Anyone can use 1040. Anyone with \$10,000 or more income, or who itemizes deductions, must use it.

Under \$10,000—1040A

Only those under \$10,000 people who fit certain conditions can use 1040A. How to choose between the forms, and how to use them, are explained in story No. 2.

For most people using 1040, its two pages will be sufficient. Some, with special kinds of income or problems, will need additional sections of 1040 called schedules B, D, C, F or G.

They cover areas such as income from rents, pensions, royalties; retirement income credit; profit or loss from business or profession; business deductions; expense accounts; self-employment, and farm income.

Members of the armed forces who served in the Viet Nam combat zone get a break. An enlisted man's tax free for any month—part of a month is considered a month—served there and each month he was hospitalized as a result of such service. Commissioned officers may exclude up to \$200 of compensation per month for service in the combat zone.

Use 1040ES

Those who must pay tax in quarterly installments, starting April 15, because no tax or not enough is withheld from them during the year, will use for this form 1040ES.

Some taxable kinds of income: wages, salaries, bonuses, commissions, fees, tips, dividends, interest on savings accounts and U.S. savings bonds, profits from business, rents, royalties, prizes and awards when you did something to win them.

Some nontaxable income: gifts, inheritances, bequests, life insurance payments on death, dividends on veterans insurance, disability retirement payment and other benefits paid by the Veterans Administration, workmen's compensation, insurance, damages and so on for injury or death, Railroad Retirement Act benefits.

Next: Which form to use.

NYS Correction Officers May Benefit by Bill

A bill designed to increase benefits on behalf of members of the New York State Correction Officers Association Inc., has been introduced in the State Legislature, it was announced today.

John J. Martin, legislative chairman for the NYSCOA, said that Senator Lloyd A. Newcombe (R-Catskill) and Assemblyman Kenneth L. Wilson (R-Woodstock) introduced a bill into both houses. If approved, the bill will provide for defraying the entire cost of the existing health insurance program for the uniformed personnel of the Correction Department.

Expected to be introduced in the Assembly, the bill will provide for defraying the entire cost of the existing health insurance program for the uniformed personnel of the Correction Department.

nouncing the action, said that he expected a reaction to the effect that Civil Service employees are paid enough and that their jobs are "secure." However, he said, state employees would probably get a raise this year of eight per cent.

The remainder of his statement:

"However, during the last several years that we did not get a raise, we were sub-standard in pay and benefits. In private industry they have systems of negotiations and etc.; each year contracts are drawn up to keep pace with cost of living etc. The civil servant has no legal machinery for fair bargaining; they are faced only with the

'no strike' clause. "Sure, we can ask for a raise, but all they have to do is say 'no' and there is no recourse. In effect the raise we may get this year is not going to be retroactive, and it will certainly not make up for the years we have been sub-standard. Our fringe benefits are the same; we can ask but they simply say 'no' until there is an election year.

Many Bitter

"Many persons are bitter over the transit strike in New York City recently. What else could these men do to get a raise and benefits when they were faced with 'no strike' clauses; when all the city simply has to say is 'no.' We are as human and as dedicated as anyone in private industry. If the responsible governments use the law to betray their own employees; to deny them fair consideration, then it's time for drastic action.

"In this instance, we in the Department of Correction in this State, seek only approximately \$450,000 (thousand) not the millions sought by the City of New York nor the millions which they will probably get from this State in new assistance.

"The Honorable Senator Lloyd Newcombe and Assemblyman Kenneth Wilson have introduced such a bill into both houses. Both of these gentlemen are on the Penal Committee of this State and are acutely aware of the need. This measure is not without precedent; there are already other political committees now doing this for their employees."

Cubans Save Papers

MIAMI, Fla. (AP) — Cubans are being asked to save pasteboard and old newspapers for the state instead of using them for fire or throwing them away, Havana Radio says.

THEY'LL DO IT EVERY TIME Registered U. S. Patent Office by JIMMY HATLO

Hints From Heloise

by Heloise Cruse

Dear Heloise:

You know those beautiful (and rather expensive) ribbon-type package decorations with the stick-on on the back? I just can't throw them out, but they always stick to each other, and any other decorations when I saved them.

Came the dawn! I put a little piece of wax paper over the adhesive part before I put them away.

When I want to reuse the decorations, I just peel off the wax paper, apply a little glue to the stick-on part—if it needs it, and they are good as new!

Martha Cooke

I tried it. Even when some of the stick-on is left on the wax paper does not remove it. Great savings idea . . .

Heloise

Dear Heloise: Lotion-type liquid detergent bottles with squirt tops are the greatest for your old standby—vinegar. So nice not to have a screw-top to worry with. Wonderful for squirting on salads, as they distribute the vinegar evenly.

I keep one in the kitchen and one in the bathroom.

P. P.

Dear Heloise: Here is my contribution to your so-useful column: When a recipe calls for scalded milk, use powdered skim milk and water . . .

To dissolve smoothly, always put the water in the cup first, then add the powdered milk. I got very tired of washing the pan after scalding milk, as it always stuck on the pan no matter how I tried to prevent it. So this little gambol has surely paid off for me.

M. A. Calder

Gals, I have used powdered milk for years to cut down on my budget.

It is wonderful for mixing with fresh milk for daily drinking, exceptionally cheap when used in cooking; but for years I have made the mistake of putting the milk in first, then adding the water. The milk has always stuck to the sides of my jars.

So, always put the water in the container first, then pour in the milk, and see how much better it is. You'll love it.

And, do try using some when making cream gravy. It's a lu-lu when used there.

Heloise

LETTER OF LAUGHTER

Dear Heloise:

I love your column — never miss it — and guess what I heard my husband call you — "Hollandaise"!!!

Tiger

Dear Heloise: Everyone knows that with most hairsprays, you have to spray on more . . . after combing your hair.

Instead of building up spray on my hair, I take a clean, push-button spray bottle (such as some window cleaners come in), and fill it with water.

After spraying my hair with hair spray once, I can renew it several times just by dampening it with the water-filled spray bottle.

Loyal Follower

Dear Heloise: I have the Hollywood type bed, and wanted a dust ruffle for it, but I couldn't find anything that looked just right.

I bought some one-half-inch-wide elastic, and some darling cloth curtain valances. One-two-three, I had my dust ruffle.

I just put the elastic through the top hem of the valance, stretched the entire band around my bed, and tacked the corners to the mattress.

Mrs. M. D.

What a nifty, quickie idea! Gals, you realize that by "tacked," Mrs. M. D. means a few stitches . . . not a thumb tack!

Heloise

Dear Heloise: Try using a vegetable brush next time you clean the bathroom.

It really gets around those metal fixtures, tub corners, built-in soap dishes, etc.

Also keeps your fingers from being battered.

Marge B.

Heloise welcomes all mail, especially household hints which she can pass on to readers as space permits. However, because of the tremendous volume of mail she receives daily, Heloise is unable to answer all individual letters. She will answer readers' questions in her column whenever possible. (Copyright, 1966, King Features Syndicate, Inc.)

In 1739, Pierre and Paul Mollet were probably the first white men to cross Nebraska.

United States senators originally were elected by the state legislatures. Direct election by the people was provided for by the 17th Amendment, effective as to senators elected after May 31, 1913.

Senators

New Legislation Would End False Election Matter

A bill designed to eliminate the publication of all false and scurrilous literature concerning candidates for public office during election campaigns will be introduced in the Legislature today on the recommendation of Attorney General Louis J. Lefkowitz.

"In one election campaign after another, the Election Law Bureau of my office receives complaints from candidates as well as the public that literature is being distributed attacking a candidate in a scurrilous fashion and when we investigate we often find that the literature has little to identify it with its source," the Attorney General said.

He said the bill would make all campaign literature subject to the provision of the Election Law that such literature must carry adequate information to show its source.

The bill, which will be introduced in the Legislature by Senator Bernard C. Smith (R) of Suffolk, and Assemblyman Martin Ginsberg (R) of Nassau, also would require the printer of any political literature to retain for two years a record including the full text of the material printed and the name and address of the person paying or being

Probe Exam Cheating

ORONO, Maine (AP) — University of Maine officials say they are investigating an examination cheating incident which may involve 100 students.

All results for the 730 students taking the midterm test have been voided, officials said, because of advance knowledge of questions. Dr. Arthur M. Kaplan, head of the Psychology Department, said most of the students were innocent.

billed for the work.

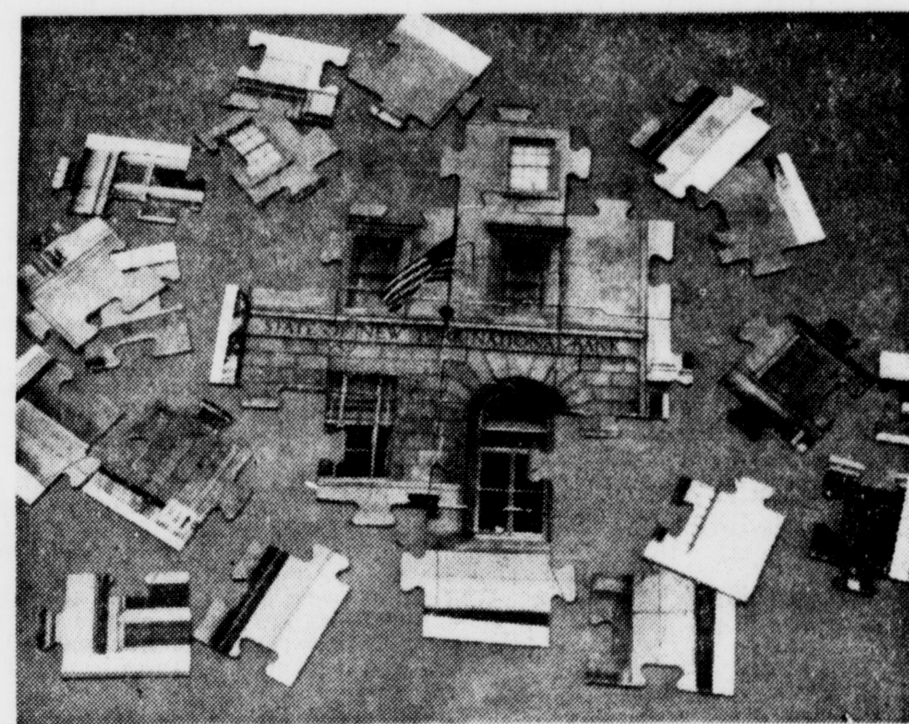

The bill notes that use of a union label alone on campaign literature is not sufficient compliance with the present requirement of the law that literature carry the name and address of the printer as well as the person or committee which orders it.

Attorney General Lefkowitz said the bill follows similar legislation in other states and puts into effect a recommendation of the Fair Campaign Practices Committee.

Asks Congress for \$119M**Includes 2 Dutchess Sites In LBJ Park Service Plans**

By DILLON GRAHAM
WASHINGTON (AP) — President Johnson asked Congress today for an appropriation of \$119,261,200 for the National Park Service for use in the year beginning July 1.

This is \$327,000 less than the agency expects to spend during the current fiscal year.

The President asked \$23,000,000 for buildings and utilities, \$23,037,700 for roads and trails in the national parks and \$9,000,000 for buildings, roads and trails in the parkways.

Bid Includes Protection
His request also included \$36,177,000 for management and protection and \$27,022,100 for maintenance and rehabilitation of physical facilities.

The budget estimates that 137.1 million persons will visit the national parks in 1967 as compared to an estimated 120.5 million in 1965 and an estimate of 128.9 million in 1966.

An appropriation of \$1,074,800 was asked for operation and

maintenance in 13 new park areas, including the Delaware Water Gap National Recreation Area, Pa.-N.J.; and Ellis Island (addition to Statue of Liberty national monument), N.Y.

Funds for Buildings
The requested money for buildings includes Federal Hall national memorial, N.Y., \$1,305,300 and Statue of Liberty national monument, N.Y., \$900,000.

Need authorized national seashores was recognized by the inclusion in the budget of a request for a total of \$1,605,800 for such areas as Cape Cod, Mass. and Fire Island, N.Y.

The park service budget did not include any money for acquiring new lands. Funds for this purpose, totaling \$28,316,000, were requested in the budget for the new Bureau of Outdoor Recreation. This amount is to be repaid from the bureau's land and water conservation fund, derived from revenues from admission and user fees.

NPS Gives Breakdown
The park service provided this breakdown of the requested appropriations:

For construction of buildings and utilities (abbreviations: NM, national monument; NHP, national historical park; NS, national seashore; NRA, national recreational area and NHS, national historic site):

New Jersey: Delaware Water Gap NRA, \$25,100 for grounds development, and Edison NHS, \$74,400 for construction and rehabilitation of utilities, Edison home.

New York: Castle Clinton NM, \$320,000 for restoration of interior of fort; Federal Hall NM, \$1,305,300 for rehabilitation, including air conditioning, plumbing and electric distribution system; Fire Island NS, \$185,000 for ferry dock and utilities at Whale House Point; Statue of Liberty NM, \$1,000,000, including \$900,000 for completion of American Museum of Immigration, Liberty Island.

For construction of roads and trails:

Massachusetts: Cape Cod NS, \$519,400.

New Jersey: Delaware Water Gap NRA, \$124,300.

Two Hyde Park Sites

New York: Fire Island NS, \$25,200; home of FDR NHS, \$39,300; Saratoga NHP, \$88,600, and Vanderbilt Mansion NHS, \$74,200.

For parkways, the construction program includes:

Natchez Trace Parkway, \$3,166,100; Baltimore-Washington Parkway, \$671,600; Colonial Parkway, \$258,400; Blue Ridge Parkway, \$1,821,700; George Washington Memorial Parkway, \$63,600; Foothills Parkway \$1,952,300, and National Capital Parks, \$5,726,700.

TV Help for College

NEW YORK (AP) — Television instructions for hundreds of college students will begin among the city's colleges and universities on a cooperative basis for the first time in the spring semester. The cooperative program is a pilot project developed by the Council of High Educational Institutions in New York City.

Levitt Says State Pensions Deteriorate

ALBANY, N.Y. (AP) — State Comptroller Arthur Levitt says pensions paid by the New York State Employees Retirement System "have steadily deteriorated under the eroding pressures of inflation."

With that, Levitt said Sunday he would ask the Legislature to add a cost-of-living allowance to such pensions.

The comptroller said his proposed bill would gear pensions to changes in the Consumer Price Index, compiled by the U.S. Bureau of Labor Statistics. He did not estimate the cost, but said the cost-of-living allowance would be calculated by comparing the current index with the year in which an employee retired.

Carry Amelia Nation believed she was divinely protected and that her name, Carry A. Nation, was preordained.

Need Exists Now For Male Nurses With Air Force

A need exists today for male nurses in the United States Air Force, it was announced this week by Colonel Jack L. Buckley, commander of the 3501st U. S. Air Force Recruiting Group.

Male nurses who are graduates of recognized nursing schools and who have completed their State Board nurse examination may be commissioned as officers in the U. S. Air Force. The age of a male nurse, at the time of his appointment, must be at least 20 and not over age 34. Male nurses, with prior professional military service, must not be over age 38.

The grade that a male nurse will be authorized, at the time of commissioning, will depend on his professional experience and education. It could be as high as captain. There are no dependency restrictions for male nurses.

As a male nurse and officer in the U. S. Air Force, men will

learn the latest techniques of aerospace medicine. They will also have an opportunity to practice their profession in the finest hospitals and to work with outstanding doctors and medical specialists.

Officers on the "Aerospace Team" receive excellent pay and many extra allowances, free medical and dental care, along with an opportunity to advance

in their chosen profession. As a male nurse in the U. S. Air Force he enjoys the opportunity of seeing new places, meeting new friends, liberal off-duty hours and a full social life.

For further information on the Air Force program for male nurses, contact Sergeant Dave Pauly, the local Air Force recruiter, whose office is located at 597 Broadway in Kingston.

Dutchess Holstein Undergoes Testing

A four-year-old registered Holstein cow, Sensation Highline Molly Fame 503648, owned by Wigsten's Highline Farm, Pleasant Valley, has completed a lactation of 16,450 lbs. milk, 356 lbs. butterfat and 1,362 lbs. solids-not-fat in 349 days.

Production sampling and testing procedures were supervised by Cornell University in cooperation with official Holstein breed improvement programs.

Under Holstein-Friesian Association of America's production testing, the solids-not-fat portion

of milk is being recorded as part of each cow's lactation credits. SNF are those nutrients such as protein, lactose and minerals found below the creamline of milk.

Total nutrient testing was started in 1962 by the Holstein Association to provide breeders with another selective tool in improving the over-all performance of cattle in their herds. It is also a useful measure of milk's food value for dairy products processors and homemakers.

THAT'S RIGHT, WE ARE EAGER TO PLEASE. OUR MOTTO IS . . . "Your Comfort Is Our Concern"

Therefore, we now offer another service and product to give you and your family more Carefree Living Comfort.

We are pleased to announce we are now the exclusive dealer in your area to carry the famous Servisoft Water Service. And . . .

AT A PRICE SO LOW IT SEEMS UNBELIEVABLE — BUT TRUE!!

STOP using tons of soap a year, and still not have your clothes looking white . . . START having fluffier, whiter clothes, sparkling dishes, glassware and silver . . . ELIMINATE costly plumbing and repair bills caused by lime scale . . . HOW?

BY GETTING RID OF HARD WATER!!

The Servisoft Water Softner is the Modern Up-to-Date water softner that no hard water home can afford to be without.

Phone us today, and find out how you too can have the Servisoft System installed in your home now . . . AT A COST SO LOW it pays for itself in savings on soap alone.

We know you will enjoy this extra service we offer, just dial FE 1-0770 and find out all about Servisoft . . . completely maintained and serviced by the "Company That Cares."

KINGSTON OIL SUPPLY CORP.

Mayone Replies To Police Note, Asks Specifics

John Ray Mayone, Republican city chairman, replying today to a statement Friday from the Kingston Patrolmen's Association, emphasizes that he is not opposed to career plans for the city's police and fire departments, but feels that someone in Mayor Raymond W. Garrahan's administration should be more specific in dealing with them.

Fire Fighters Send Note

A statement similar to that of the KPA came today from Fireman Floyd Finch, president of Local 461, Kingston Uniformed Fire Fighters Association. The one last week from the KPA was signed by Officer Louis Sapp, chairman of its salary committee. It emphasized that the KPA has not been on record in favor of any political party.

Mayone had asked if the police and firemen's groups had "been promised" anything, but the firemen's reply, which was not a threat, was from proposed new taxes would be earmarked for career plan pay boosts.

In his statement released today, he said:

"In reference to the controversy concerning the administration's proposed special taxes, I am extremely disappointed that Patrolman Louis W. Sapp took up the gauntlet and became the spokesman for the mayor. "Also, as usually happens in these situations, one small part of my statement of Jan. 20 was taken out of context, and reply made only to that part. I certainly do not want to engage in a public fight with Lou Sapp who happens to be the oldest and dearest friend I have, but I do resent the attempt to make me appear to be criticizing the police department for attempting to obtain a much needed career plan.

Questions Remain

"This is not my intent and it was not my statement. Despite the rather obvious attempt at 'smokescreening' the issues, there still remains these questions:

"The utility and sewer tax money to be earmarked specifically for career plans? If so, why not hear this from someone in the administration instead of a police officer? The mayor mentioned only 'salaries' in his Common Council address, and very carefully did not, and I repeat, 'did not' specify career plans. In my statement of Jan. 20, I said, quote 'I am very much afraid that these fire public servants (meaning the police and firemen) are being led up the blind alley of deceit, and are perhaps being led to believe by hints and half truths something which may not be deliverable. If this be so, it is a shame, and the Democrat leaders would earn nothing but contempt and condemnation for

misleading a fine group of people, who deserve much more.' I have seen nor heard nothing to change my mind about this statement. I still charge that on or before the public hearing concerning the proposed special taxes someone in official capacity should have explained the exact purpose of these taxes, and if they are for career plans why not say so?

Much To Be Desired

The entire handling of these utility and sewer taxes still leaves a great deal to be desired. If a citizen calls City Hall to obtain a copy of this new Tax ordinance, he is advised that none are available, and that he must come to City Hall to be able to look at one. I would hope to be officially advised by someone in authority who should know: a. why was the tax on fuel oil and coal not included in the original published proposal, and only hastily pencilled in? and; b. Is it really legal to tax these fuels? In reply to a direct question at the Public Hearing, Corporation Counsel Vernon Murphy replied "yes". Mr. Benjamin of Central Hudson stated that his attorneys had advised him that they were not taxable. I have it from experienced and competent authority that it is not legal to tax coal and fuel oil. So again, where is the truth here? Why was such an Ordinance presented without proper study as to its legality. Or, are we to believe that the powers that be know the true legal picture here, and that this then became a callous subterfuge?

"Is 'Big Daddy' attempting to mislead all of us?"

"What kind of thinking originated the whole concept of requesting additional tax income even going so far as to rather hastily schedule a public hearing prior to the submission of a budget? Does not orderly procedure and good faith with the taxpayers demand that the budget first be carefully examined at a public hearing, and perhaps modified, before additional revenues are requested, and then in accurate amounts, and for specific items? I repeat that this blank check style of governmental operation is nothing short of ridiculous.

"In all our consideration of this situation, let us always keep in mind that we have a Democrat mayor and alderman-at-large, along with seven Democrat aldermen in the council. The five Republican aldermen are not sufficient number to stop any legislation even if they desired to do so. So, when I maintain that the police and fire groups are being promised things which may not be deliverable, I mean very simply it is common knowledge that several Democrat aldermen are something less than enthusiastic about these

proposed new taxes and the budget. I charge that this fact is known to the administration, and consequently the police and fire groups are being deliberately misled, and their hopes wrongfully being raised. I still say this is callous and shameful handling of fine groups of public servants who deserve much more. If any member of these departments takes issue with this statement, I can only advise them that I am sorry, but I believe this to be the truth, and they are going to feel very silly when the situation develops and it becomes apparent that they have been deliberately used and lied to.

Fire Fighters' Letter

Finch's statement for the fire fighters:

"The Kingston Uniformed Fire Fighters Association takes exception to statements attributed to John Ray Mayone, Republican city chairman, which were printed in the Jan. 20 issue of the Kingston Daily Freeman. While it has been in the past, and is now the practice of fire fighters to refrain from political controversy, we feel we must answer Mr. Mayone's letter.

"To answer the first question which read: 'Have you been promised secretly that the funds to be derived from these special taxes will be earmarked for the career plans of your respective departments?'"

"Our answer is: In the Jan. 4, 1966 issue of The Freeman, the mayor is quoted as requesting additional funds for city employees, and we quote: 'City employees will be paid a fair salary... one of my commitments during the campaign. Salaries are a moral issue, and I want every employee paid a fair salary, as disgruntled employees are a cancer in any organization.'

"At this point we might add that at a joint meeting of all city employees with the Republican candidate for mayor, Mr. Albert Kurtz, the city employees were given his assurance that he as a Republican candidate for mayor favored career plans for fire fighters and policemen and salary increases for BPW employees. At this same meeting we were all assured that all Republican candidates for aldermanic posts likewise supported action for career plans.

"The second question was: 'Are these groups perhaps being promised some sort of reward or payment for services rendered in the recent city campaign?'"

"Our answer is this Mr. Mayone: 'We have never resorted to public or private endorsement of any political candidate. We vote as free Americans have a right to do, and vote according to the dictates of our conscience. It is our opinion that Mr. Mayone owes all city employees a public apology for these statements.'"

Slash Proposed In NASA Outlay

WASHINGTON (AP) — President Johnson proposed today a \$300 million reduction in civilian space spending for the next fiscal year — the first such cut since the National Aeronautics and Space Administration was created in 1958.

Johnson estimated spending for NASA in the fiscal year starting July 1 at \$5.3 billion, and said this level "will sustain our progress in space exploration and continue the advancement of science and technology."

During the new fiscal year, Johnson said, NASA will begin unmanned test flights of the giant Saturn V rocket and the Apollo spacecraft — the combination designed to place astronauts on the moon.

"The effort to achieve a manned lunar landing by the end of the decade continues to be the largest element of our space program," he added.

Johnson said that in 1967, large space projects will be progressing from the more expensive development phase into operational status. No new projects of equivalent cost will be started, he said.

More than two-thirds of NASA's proposed expenditures — about \$3.6 billion — will be devoted to manned space activities.

Besides test flights of unmanned Apollo spacecraft, the program for 1967 will include manned missions in earth orbit by three-man Apollo's.

Storm Goes Out

ty-nine crewmen were taken off the 665-foot vessel.

High tides, up to six feet above normal, swept into low-lying coastal areas.

Nearly 100 persons were evacuated from their homes in New Jersey.

Forty-two persons were evacuated before flooding on New York's Staten Island, where several thousand persons were without power for a few hours when high winds knocked down utility lines.

Sections of Connecticut felt the lash of rain, sleet, snow, high winds and high tides. Milford was one of the hardest-hit areas, with more than 100 persons being evacuated from their homes. Snow depths ranged up to 12 inches in Norfolk.

Snow tapered off Sunday night in New England, with partly cloudy skies predicted with temperatures ranging from the 20s to the upper 30s.

Two men, in Rhode Island and Massachusetts, died of heart attacks Sunday while shoveling snow.

At least eight persons died of heart attacks while clearing snow or pushing stalled cars in upstate New York.

Ohio, which had as much as 13 inches of snow in Marietta, reported a number of traffic-related auto accidents with several fatalities, and at least one death from a heart attack while shoveling snow.

Virginia had up to 13 inches of snow over the weekend, with freezing temperatures today and schools closed in several western counties.

West Virginia staggered under 18 inches of snow with three-foot drifts. A 10-mile section of U. S. 40 was closed to westbound traffic for several hours Sunday when even a snowplow became bogged down.

West Virginia, with up to 18 inches of snow, reported drifts of 10 feet. Schools were closed in 11 counties.

In North Carolina, an unexpected storm dumped four feet of snow on 4,000-foot Table Rock Mountain, stranding eight Explorer Scouts and five adults. Two Scout leaders hiked several miles for help and the group was rescued Sunday night.

Tennessee dug out from under its first major snow storm of the season Sunday, but a cold wave made the task difficult. Schools were closed in at least 33 of the state's 95 counties.

A Bruceton, Tenn., man died of a heart attack after shoveling snow.

New Mexico, in the grip of a cold wave, reported a state low of -6 Sunday.

Arkansas, with weekend temperatures well below freezing, remained under a blanket of snow which fell Friday.

Temperatures over the northern Plains again fell into the 20s to 30s below-zero range early today and the subzero belt intensified eastward into Wisconsin and Illinois.

Two Men Booked

Two men were booked Sunday morning by local police on charges dealing with illegal possession of a "blank type" firearm. Charges were lodged by detectives Gurnsey Burger and

Wilmont Hall against Gustav Brancard, 37, of 130 Smith Avenue, and Gerald O'Mara, 23, of 200 Tremper Avenue. The "blank" revolvers allegedly involved are a type used in the training of animals and for starting races. City Court hearing today was put over to Tuesday to permit them time to obtain counsel.

Card of Thanks

The family of Mrs. Rose Amato wishes to express its sincere appreciation to all our thoughtful friends, neighbors and relatives who comforted us in the time of our great loss. We wish to thank all those who sent Mass cards, and beautiful flowers, donated the use of their cars, and paid their final respects to our departed loved one. We shall always remember your expressions of sympathy that gave us courage at this time.

FRANK AMATO
and FAMILY

— adv.

Local Death Record

Archie Van Ethen

Funeral services for Archie Van Ethen of Union Center were held Saturday morning from the W. N. Conner Funeral Home, Inc., 296 Fair Street, with the Rev. Richard E. Lake, pastor of St. Remy Reformed Church officiating. The services were largely attended by relatives and many friends. Burial was in St. Remy Cemetery.

Oscar O. Goa

Funeral services for Oscar O. Goa, of St. Remy, who died Wednesday at the Ulster County TB Hospital, were held at 11:15 a.m. Saturday at the Keyser Funeral Home, Port Ewen Chapel, Broadway and Stout Avenue, with the Rev. David C. Gaise, pastor of Evangelical Lutheran Church of the Redeemer, officiating. Many beautiful floral tributes were received. Committal services conducted by the Rev. Dr. Gaise were held at St. Remy Cemetery.

Gordon Sickler

Funeral services for Gordon Sickler, of Sickler Road, Lake Hill, who died Wednesday, were held at 2 p.m. Saturday from the Lasher Funeral Home, Inc., Woodstock, with the Rev. James Cook, pastor of Overlook Methodist Church, Woodstock, officiating. During the funeral, many friends and relatives called at the funeral home. Friday night the Rev. Mr. Cook called and led those assembled in prayer. Many floral tributes were received. Burial was in the Wesleyan Methodist Cemetery, Willow.

Edward E. Thayer

Edward E. Thayer, of 15 Ann Street, Ellenville, died at his home Sunday night. He was a retired electrical contractor. He is survived by his wife, the former Irene Halleck; and by two nephews, Walter N. Thayer of Rye, N.Y., and Harry M. Thayer of Kingston. Funeral services will be held at the Lasher Funeral Home, Inc., Tuesday at 2 p.m. The Rev. Eugene Crabb of Ellenville Methodist Church will officiate. Committal services will be at Fintinehill Cemetery at the convenience of the family. Friends may call at the funeral home today from 7 to 9 p.m.

Phylura Johnston

Funeral services for Mrs. Phylura Johnston Haines Fish, who died Wednesday, were held Saturday at 2 p.m. from the Henry J. Bruck Funeral Home, 27 Smith Avenue. The Rev. David C. Gaise, D.D., pastor of Evangelical Lutheran Church of the Redeemer, officiated. During the repose at the funeral home, many relatives and friends called to pay their respects, and many floral tributes were received. The Rev. Dr. Gaise called Friday afternoon to offer his condolences to the family and say prayers for the dead. Burial was in Montrose Cemetery where the Rev. Dr. Gaise conducted the committal services. Bearers were Bernard Johnston, John Johnston Jr., Harry VanWageningen Jr. and Chester VanWageningen.

Helen H. Golnek

Mrs. Helen Hoffman Golnek, 80, of 5 Russell Street, died Sunday night in Benedictine Hospital. Mrs. Golnek had been a faithful member of St. Mary's Church and the Rosary Society of the church. Her husband, William Golnek died in 1948. She is survived by a daughter, Geraldine, wife of Thomas Kelley, of Kingston; a granddaughter, Miss Nancy Kelly, also of Kingston; two sisters, Mrs. Veronica Golnek, Kingston, and Miss Kathryn Hoffman, of Summerville, Miss. The cortege will form at the Keyser Funeral Home, Kingston Chapel, at 10:30 a.m. Wednesday and proceed to St. Mary's Church where at 11 a.m. a high Mass of requiem will be offered for the repose of her soul. Burial will be in St. Mary's Cemetery. Friends may call from 7 to 9 p.m. today at the Kingston Funeral Chapel and from 2 to 4 and 7 to 9 p.m. Tuesday.

Mrs. Ina E. Stone Saxe

Funeral services for Mrs. Ina E. Stone Saxe, 83, widow of John H. Saxe of West Hurley, who died in Kingston Friday night, will be held from the West Hurley Methodist Church Tuesday at 2 p.m. Burial will be in Woodstock Cemetery. Mrs. Saxe, who was born in the Town of Woodstock daughter of the late Merwin and Amanda Van Ethen Stone, had been in ill health for some time. She had resided in West Hurley the greater part of her life. An active member of the West Hurley Methodist Church, Mrs. Saxe had served as organist of the church. She was active in affairs of her community; was a member of the Women's Society for Christian Service of the West Hurley Methodist Church; a member of Wiltwyck Chapter D.A.R.; the Little Gardens Club; Lowell Literary Club; the Ulster County Home Bureau, and had served as a member of the board of directors of the Home for the Aged. Surviving is a son, Ira Nelson Saxe of Houston, Tex., three daughters, Mrs. Konrad (Carolyn) Prothmann of Baldwin, L.I.; Mrs. Eleanor Nadeau Aragon of New York City; Mrs. John (Evelyn) N. Robinson of Scarsdale. Also surviving are five grandchildren, John N. Robinson Jr., Miss Elaine Nadeau, Miss Lorraine Aragon, Robert N. and James C. Saxe. Friends may call at the W. N. Conner Funeral Home, Inc., 296 Fair Street, today from 2 to 4 and 7 to 9 p.m.

Mrs. Florence M. Freer

Mrs. Florence M. Freer of 89 Hone Street died in this city Saturday night. She had been a resident of this city for many years. Mrs. Freer was a member of the Old Dutch Church and Ulster County Chapter of the Ulster Park. She was born at Hensonsville September 19, 1887, daughter of the late George E. and Emma Ross Radcliffe. Surviving are two daughters, Mrs. Janice E. Wolf of this city and Mrs. Shirley Burns of Hurley; a son, Gerald Freer of Kingston; two brothers, George E. Radcliffe of Cayuta, N. Y. Six grandchildren, three great grandchildren and several nieces and nephews also survive. Friends may call at the W. N. Conner Funeral Home, Inc., 296 Fair Street, today from 7 to 9 p.m. and Tuesday from 2 to 4 and 7 to 9 p.m. where funeral services will be held Wednesday at 2 p.m. Burial will be in Montrose Cemetery.

Robert T. Freer

Robert T. Freer, 74, of Stone Ridge, died suddenly at his home early this morning. He was born in Rosendale, a son of the late Myron and Mary Terwilliger Freer. Prior to his retirement, he had been employed as orchard manager for Van Winkle Orchards of Stone Ridge. He and Mrs. Freer celebrated their 50th wedding anniversary April 29, 1965. Surviving are his wife, the former Jennie Parks; a daughter, Mrs. Harry Bush of Stone Ridge; four grandchildren; and several nieces and nephews. Funeral services will be held at the George J. Moylan Funeral Home, Main Street, Rosendale, Wednesday at 2 p.m. The Rev. Robert Clementz, pastor of Marbletown Reformed Church, will officiate. Burial will be in Hurley Cemetery. Friends may call today

Mrs. Phoebe Paulus

Mrs. Phoebe Paulus, of 168 Bruyn Avenue, died Sunday afternoon following a lengthy illness. She was a daughter of the late David and Catherine Mills Harris, and had been a resident of Kingston for most of her life. A member of Trinity Lutheran Church, she was the widow of the late Harry R. Paulus, who died in 1956. She is survived by a daughter, Mrs. Donald Van Gaasbeck of Ulster Park and Poughkeepsie; two sisters, Mrs. Charles Nestell and Mrs. Ethel Cogan, both of Kingston; two brothers, David Harris of Port Ewen, and Clifford Harris of Kingston; a grand daughter, Mrs. JoAnn Mead of Ulster Park and Poughkeepsie; and two great grandchildren. The funeral will be held at the Jensen and Deegan Funeral Home, 15 Downs Street, Wednesday at 2 p.m. where the Rev. John H. Frensen, pastor of Trinity Evangelical Lutheran Church, will officiate. Burial will be in Wiltwyck Cemetery. Friends may call at the Jensen and Deegan Funeral Home today from 7 to 9 p.m. and Tuesday from 3 to 5 p.m. and 7 to 9 p.m.

DIED

FREEER—In this city Jan. 22, 1966, Florence M. Freer, wife of the late Clarence Freer; mother of Mrs. Janice E. Wolf, Mrs. Shirley Burns and Gerald Freer; sister of George E. and Ross F. Radcliffe. Memoriam

In loving memory of my husband and our father, Albert C. Jones, who passed away one year ago, January 24:
With the memories of your way We think of you from day to day With a love so sweet and true Our thoughts shall always be of you.

Wife, IRENE
Daughters,
THELMA and MAXINE

Memoriam

In loving memory of our brother, James Crawford, who passed away five years ago January 23:
Your gentle face and patience smile With sadness we recall, We miss you now, our hearts are sore, As time goes by we miss you more. Your loving smile, your gentle face, No one can fill your vacant place.

JEAN and JIM NEWMAN

Attacks Are . . .

off a secondary explosion that may have indicated a hit on a fuel or ammunition dump.

U.S. Marine artillerymen opened fire a minute after the Allied truce ended. The four-day Viet Cong cease-fire expired seven hours later, but the Communists brushed with South Vietnamese forces in a number of minor skirmishes before then.

Reds Raise New Threat

The Viet Cong raised a new threat against their U. S. prisoners by demanding the release of three terrorists who were arrested with 265 pounds of explosives Jan. 7 in a plot to bomb a U. S. military billet in Saigon.

A Hanoi broadcast said the United States and South Viet Nam would "have to be full responsibility" if they imprisoned, tortured or executed these "patriots."

The Communists issued such warnings before their reported execution of three American prisoners last year in reprisal for executions by the South Vietnamese. The Viet Cong statement implied that a similar fate might befall the 22 Americans last reported held by them.

It said that "up to now" they had treated their captives humanely but added: "Blood debt must be paid in blood. The U. S. aggressors and their flunkies will be punished for their illegal and murderous acts."

The 7th Fleet reported the disappearance of a twin-engine Grumman antisubmarine patrol plane on a mission over the Gulf of Tonkin 102 miles southeast of the North Vietnamese port of Haiphong. Searchers found no trace of the plane or its three crew members.

Iowa Exchange Selects Freeman Local Bank Ad

An advertisement appearing in The Freeman in February 1965 was prepared by the Scout Council, with Henry P. Elgimey of the Freeman Advertising staff providing the layout. A reproduction of the selected advertisement is in the possession of Ellis H. Griffith.

Ellis H. Griffith, trust officer for the Kingston Trust Company, stated today that the Publishers Idea Exchange of Iowa has selected an advertisement appearing during Boy Scout Week last February for the local banking institution. Griffith said that the selected advertisement was publicizing the Boy Scout Trust Fund of the Rip Van Winkle Council, Boy Scouts of America.

Copy for the advertisement was prepared by the Scout Council, with Henry P. Elgimey of the Freeman Advertising staff providing the layout. A reproduction of the selected advertisement is in the possession of Ellis H. Griffith.

Henbane is a poisonous herb which is native to the Eastern Hemisphere, but also grows in North America.

Candidates See

with a postponed vote when arguments from the floor charged the meeting had been illegally called and no business could be acted on by the delegates. Aldrich, who announced his candidacy for the Congressional seat last week, reportedly had the backing of Neal Brandow, Greene County Republican Chairman.

Henry Werker of Greenville and Oreste Vincent of Catskill led the floor fight to kill voting Friday night. They cited the need for fair play, the right of the voice of individual committeemen to be heard, and requested open debate between both candidates at individual town committees before any action was taken. Both Fish and Aldrich have said they are willing to meet in open debate, side-by-side on the same platform all over the area before any endorsement is given anywhere.

Fish, asking for debate privileges in Greene and Ulster Counties maintains that this method of selection had been used in Dutchess County prior to his designation there by the Executive Committee. Aldrich, while agreeing to meet Fish head-on in Greene, says he received little courtesy in Dutchess; was allowed to speak to only four groups there.

Both Are Heard

Brandow had at first stated that neither candidate would be permitted to attend the meeting. Both eventually appeared and were heard. In the verbal crossfire that followed, Brandow went on record favoring Aldrich; Fish forces pressed for delay; and the meeting was adjourned without a vote taking.

Fish supporters interpret the Greene County postponement as something of a victory for their candidate. They say Fish has already been invited to speak at Cocksackie, Catskill, Greenville and Durham. Aldrich backers feel their candidate will ultimately go on to annex the same support in Greene that he has garnered in Columbia, his home county, and in Schoharie and Ulster.

No date for reconvening a meeting of the Greene County Committee has been set, although it is believed that it will not be called until both candidates have had an opportunity to appear before Town Committees. Leading the way in this move toward an open debate, was County Chairman N. Brandow who has said he would arrange to have both candidates speak before the Cocksackie Town Committee.

Three School Terms

NEW YORK (AP) — A high school that would have three terms in each school year to make greater use of buildings and to enable students to make more rapid progress is planned for New York City.

Dr. Bernard E. Donovan, superintendent of schools, revealed Sunday that city school officials have been working on the plan with the state education department for several years.

Urges Securing License Plates

Vietnamese Wounded Are Treated at Area Hospital

By ROGER DOUGHTY
Newspaper Enterprise Assn.

BEACON, N.Y. (NEA)—The man's first steps were uncertain. He walked in a stiff-legged, awkward manner, thankful he had his cumbersome equipment to cling to. It wasn't a long walk.

It wasn't even the first time the feat had been performed, but to the slow moving man and the team that had made his accomplishment possible it was a minor miracle.

Who was this, an astronaut taking his first steps into space? No. Just a scrawny South Vietnamese soldier, a paraplegic who had been a litter case two months before.

Hang on Chair
Hanging onto a chair for support and shuffling cautiously on

his brace-encased legs, he made his way down the uncommonly clean corridor of the Veterans Administration Hospital at Castle Point, just a few miles north of here.

To the doctors and nurses who helped this Vietnamese toward those first steps, he and 55 colleagues represent one phase of the U.S. commitment to mankind that is sadly overshadowed

in daily reports of bullets, bloodshed and space shots.

They call it Operation Compassion at Castle Point. Dr. Howard Rusk, director of the Institute of Physical Medicine and Rehabilitation at New York University and President Johnson's special medical envoy to South Viet Nam, started it all when he returned from a trip to that war-ravaged country and reported finding the paraplegics "slowly rotting to death."

Dr. Rusk remembers the scene this way: "I found these men in a ward in Viet Nam with no facilities to treat the great variety of medical problems they had. It was a onetime summer resort and it was the grimmest ward I ever saw. On my return to the United States I told the President that these men could be left there to die, or evacuated to be treated and live."

The evacuation plane was ready in three days.

Came to Castle Point

And so, on Nov. 9 of last year, they came to Castle Point. Fifty-six paralyzed men who were suffering with bed sores and countless other complications. Some will never walk again, even with the aid of crutches.

Two physicians, four nurses and eight medical corpsmen

came with the wounded soldiers. These are the people who have been working with some of the leading medical men from the Bronx VA hospital, specialists from New York and West Coast experts. They'll learn to use highly sophisticated techniques and equipment before returning to Saigon to establish Viet Nam's first rehabilitation center.

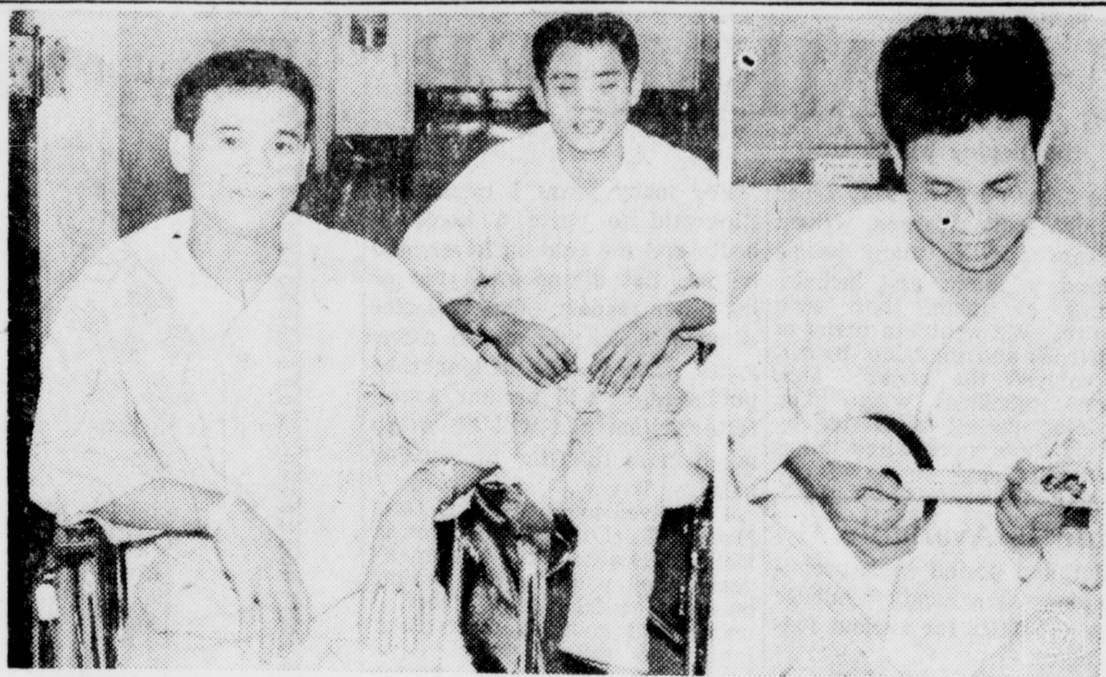

The soldiers being treated at Castle Point will also return to their homeland. They'll show other paraplegics what modern medicine can do to help them live useful lives.

Few speak English, but they'll tell you through interpreters, or in French, how they got here. The stories are much the same.

Lucky to Be Alive

There's Lt. Huynh Quang Nhumog, a student at the University of Saigon who got tired of talking about the war and decided to do something about it. His war ended one day when his company was attacked by two battalions of Viet Cong. Lt. Nhumog, who caught a slug in the spine, is lucky to be alive and he admits it. But he'd enlist all over again if he could. "I feel it is my duty to the fatherland," he says, simply.

Dinh Beo was hit during a skirmish in Quang Ngai, north of Saigon. He took a shot

SMILING THROUGH: Happy to be alive, two Vietnamese paraplegics, left, flash smiles from their wheelchairs at the Castle Point VA hospital while Nguyen Van Lan strums a folk song.

through the neck and waited for death for six hours. The bullet paralyzed Dinh Beo's left side.

Dinh can walk a little now. He didn't think he'd ever get out of that jungle alive.

Hospital director Vincent W. Powers has this comment on his star boarders:

"The biggest asset these fellows have going for them is motivation. You don't have to do anything to cheer them up be-

cause they never need cheering up.

"There was a time, around World War I, when something like 80 to 90 per cent of all paraplegics died no matter what was done for them. The VA came to the forefront during World War II and developed many of the techniques used today to help these men regain their place in life."

"To break it down simply, we work with what the man has

left to work with. We strengthen the upper half of his body to build up his chest and arm muscles to abnormal strength so he can pull himself around without the use of his legs. But the most important thing is attitude. These men are actually happy-go-lucky. I've never seen anything like it."

"We owe our lives to your people," one soldier said in sputtering English. "We will not forget."

Gets Wallet Back

LOUISVILLE, Ky. (AP) — William E. Radford said he was cleaning up his barber shop when a masked man walked in, took \$37 from the cash register and Radford's wallet containing \$90.

Minutes later the gunman called Radford's home to say he had deposited the wallet in a mailbox, Radford said. The wallet showed up at the post office — minus the money.

"REMEMBER IF YOU DIDN'T BUY IT AT WIEDY'S, YOU PAID TOO MUCH"

DO YOU REMEMBER

By Sophie Miller

I just received two letters from Florida. One is from Mrs. Daniel Warren of St. Petersburg, Fla. She writes that while in Florida they enjoy this column, and are interested in the 21 Kingston view cards of the early 1900. They have the "Coal Boats to Tidewater" by Wakefield, on the D. & H. Canal and like it very much. They are also very pleased with Donald Ring-

wald's "Hudson River Day Line" of which Mrs. Warren writes: "He speaks of so many people we used to know, and includes pictures of them that we'll treasure. We wrote to many of our friends and they too, bought and enjoyed the book." Mrs. Warren concludes with: "You are doing us all a service by bringing those worthwhile things to our attention."

For many years I urged Mr. Ringwald to write a book on boats and the Hudson River, and he has not disappointed me or his other readers. One collector of such books told me, in a few years when it will no longer be published, it will become a collector's item and will be worth much more than the price being paid for it now.

I received another letter from Mrs. R. G. (Loretta) Johnston of DeLary Beach, Fla. For many years they were in the awning business at 36 Ferry Street. I understand going back in their family to sailing vessel days. Later Mr. and Mrs. Johnston used to trim our buildings on Broadway and the main stem, and Municipal Auditorium with bunting for celebrations. They are now enjoying their retirement and she writes that Jan. 15, 1966, the temperature is 78 and they are in swimming. Mr. Johnston feels wonderful down there and he will be 86 in August. She is glad that they do not have to shovel snow, and she is sending me some oranges which I cannot buy up here, in thanks for taking care of the Commemorative stamps for her son and grandson. She sends regards to all her friends.

Mrs. Helen Gardner of Saugerties telephoned me that she had some cards from various parts of the world sent to her and as she is not a stamp collector she sent them to me. I do not know much about stamps, so will show them to the members of the stamp club. I see one from Hong Kong by air mail and yellow stamp. There are two fish stamps from Singapore, with update hotels, YMCA and a tall building, of modern structure with many balconies, and much green grass and shrubbery. I think another is from Yokohama, another colorful card from Republic of China.

One from Genova, showing a public square, modern cars, buses, and beautiful buildings, not modern, and a hill like our Broadway. Their Corvetto Square has a statue, surrounded with beautiful gardens. A triangle green stamp from Pakistan is on photograph showing a bullock cart, with two young boys and two husky animals. Everyone seems to be well fed, and buildings look good. A colored photograph of "A Sadhu from Assam India", a well built individual in a very strange costume and hair-do.

The Hong Kong view looks like a New York City sky line of tall modern buildings, and it is on a blue river, and background like our Catskills. Most of those building seem so much more attractive, and ornamental yet modern than we have been having built around here.

Back in 1897 in Kingston long before Urban Renewal was known in this little independent Colonial City of ours, Abram Bernstein was down at 11

Strand; Peter Barmann had a place down at Murray and 22 Ferry Street. Haber Steamboat Company was at 30 Ferry Street. The Mansion House had an office at 22 Broadway. A Hotel and some of the best restaurants were in Rondout Western Union office was at 24 Ferry Street. The famous Cor-

Social Security Has Top Workload Of Its History

The Kingston Social Security District office at 57 Albany Avenue is experiencing the heaviest claims workload since its opening in 1937. George Habernig, District Manager, announced today. He said that it would help speed the processing of applications for social security payments if the people who visit the district office or the contact stations at Catskill and Ellenville would bring certain documents and information with them.

Habernig offered the following information to those planning to apply for social security:

1. Take your own social security card or a record of your number. If your claim is based on the earnings of another person, take his card or a record of the number.
2. You will need proof of your age recorded early in life. A record established before age 5 such as a birth certificate or a baptismal record showing date of birth is required. However, if neither document exists a record established as near to your date of birth as possible must be furnished.
3. Take your Form W-2, Wage and Tax Statement received from your employer for the year 1965. If you are self-employed, take a copy of your 1965 Federal income tax return.
4. Be prepared to give an estimate of your 1966 earnings, as well as the names and addresses of your 1965 employers.
5. If married be prepared to give date of birth of spouse,

dates of any prior marriages and dates they ended as well as the birth certificates of children under 18 and those between ages 18 and 22 if they are attending school full time.

Habernig said that those who can readily furnish the above information on their first visit will enable the district office to start processing the application without undue loss of time. However, he said, under no circumstances should anyone delay filing an application because he does not have all the above evidence or information. Failure to file a timely application could result in loss of some payments. The people in the district office

will give whatever assistance needed in advising where and how to obtain evidence and information.

Harry C. France

THE GOLD SHARES

Gold poses a problem for the Government in 1966. During 1965, the stock of gold (our Government nationalized it in 1933) decreased by \$1,579,000,000 and early in 1966, the supplies were worth \$13,809,000,000.

Foreign demand was large — about \$1,500,000,000. Whenever any foreign country with credit balances here decides to take dollars out of America, it can demand and receive gold.

In the United States, gold as money, is forbidden. People requiring the precious metal—for watches and jewelry—can command gold. So can dentists who fill teeth. The electronics industry uses gold, and there are many other demands for it as well.

In 1966, there are far more reasons for increasing the price of gold than there were in 1933, when the United States Government, through action by Congress and with the approval of the President, took possession of the gold and, by a plain inflationary move, marked its price up from \$20.67 an ounce to its present \$35 an ounce.

France is buying a pile of America's gold. The billion-and-a-half taken out of America last year for foreign account is today being hoarded in significant amounts by individuals abroad.

It is ironic that here it is illegal for people to hold gold as money while people in France can.

Russia, whose rubles have little value outside the Soviet state, is buying great quantities of needed foodstuffs, and she must pay for them in gold. Naturally, Russia wants a higher price for gold.

to luncheon at a leading New York restaurant.

The luncheon cost \$18 plus. And the waiter sneered when I gave him a \$2 tip.

When our country went off the gold standard in 1933, vast forces producing inflation were cut loose. And the way things are going now, more strikes like Mike Quill's in New York can be expected.

Investors who believe as I do in the integrity of gold might well buy some of the sound gold shares that pay dividends. Or, if they can buy risk-laden shares of corporations owning potential gold properties, they might buy such speculative shares. I have held 10,000 shares costing about 40 cents each for five years. If the price of gold is increased, mining operations will be started shortly afterwards.

THE FORUM

(Q) (From a dozen investors) "Will you name some gold shares?"

(A) Ask your banker or broker.

Mr. France has written a complete investment handbook: **DOLLARS THAT GROW**. For your copy, send \$1.00 (no stamps) to Mr. Harry France, care of this newspaper, Box 2492, Grand Central Station, New York, N. Y. 10017. (T-M, WRR Gen. Fea. Corp.)

Prefers Jail Comforts

CHICAGO (AP) — "It's a fine jail. I'm comfortable. I have all the food, clothing and shelter I need and I want to stay here."

That's why Clarence Bendix, 46, an inmate of Cook County Jail, is fighting the court and his estranged wife to stay inside the institution.

Bendix began serving a six-month sentence July 21, 1965, for failure to pay \$75 a week support to his wife, Pearl, 43, who filed suit for separate maintenance. After serving the sentence, he was told he would be released if he would sign a \$2,500 bond and stay within the jurisdiction of the court.

"Nothing doing," Bendix replied. "For the first time in my life I have no worries."

TV News

Efrem Enjoying Harder Work in 'The FBI' Series

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD (AP) — What a difference a show makes. A few seasons back, Efrem Zimbalist Jr. was grumbling about his chores on "77 Sunset Strip." Today he's working harder on "The FBI" and enjoying it more.

The actor made the switch from private to federal detective with his usual suavity. While he's not enjoying the same high ratings of "77," the new series is doing passably well.

"Damn well considering what we're up against — Ed Sullivan and Walt Disney!" he said on the Warner Bros. set. "It's almost inhuman to put a show against powerhouses like those two."

"But our producer, Quinn Martin, says that last week we passed the number of viewers we were aiming for this season, so I think we might survive. I think ABC should just be happy we kept the time slot alive."

"The FBI" did not fulfill its pre-season promise, considering the high caliber of its elements: J. Edgar Hoover, Quinn Martin and Zimbalist. But the latter, at least, is content with the way the series has progressed.

"When I was doing '77,' the sameness of it was deadening," he said. "The FBI" is changing all the time. And even when I have a script which I think is pretty bad, I come to work and find myself acting with people like Ed Begley and Margaret Leighton. That makes it all worth it."

The work load has been enormous. Last week, he found himself working in two segments at the same time, moving back and forth between sets.

Will "The FBI" make it to next season? Zimbalist thinks so. That's all right with him, even though it may mean only a week's vacation between seasons.

SIDE GLANCES

"Take this note to your barber and come back Tuesday!"

Reminders Sent To Applicants For Medicare

The Social Security Administration mailed out more than a million reminder supplementary medical insurance part of Medicare, it was announced today.

Medicare kits, including an enrollment card for the medical insurance plan, were sent during the fall to the 15½ million social security and railroad retirement beneficiaries 65 or over. About two-thirds of these people have sent back their cards, and 90 per cent have checked "Yes" for medical insurance under Medicare.

"In New York State," George J. Habernig, social security district manager in Kingston, said today, "1,576,388 people have received Medicare kits and enrollment cards last fall. As of the first week in January, 1,013,804 had signed up for the supplementary medical insurance plan."

"Many of the people who have not signed up may not understand how the plan will work and what it offers," he added. "The letter going out from social security headquarters in Baltimore, Md., this week should answer some of their questions," he said. Enclosed with this second letter is another enrollment card in case they lost the first one or sent it in marked "No" and have since changed their minds.

"For people now 65 or over,"

For the majority of the people who sign up for the supplementary medical insurance, Habernig pointed out, there will be no need to pay their monthly premiums in cash. The \$3 will be automatically deducted from the monthly checks of social security, railroad retirement, and civil service retirees. The primary message carried in the reminder letter, Habernig said, is that people now over 65 have only until March 31st to sign up for the optional medical insurance plan if their coverage is to begin on July 1st.

"Anyone who still has questions about this part of Medicare should get in touch with the social security office," Habernig concluded. He said "the Social Security Administration is anxious to make sure that everyone who is eligible makes an informed decision about Medicare — and makes it before the 31st of March." The social security office in Kingston is located at 57 Albany Avenue. Telephone 338-7307.

Gleason Cancels Show for '67, Says 'Done to Death'

MIAMI BEACH, Fla. (AP) — Comedian Jackie Gleason, announcing abruptly that he will not have a regular television show next year, says he has "done to death" his current series and wants time off to develop new ideas.

Gleason, who has been off television only one season since 1952, told a news conference Friday:

"I would like to be doing better than I'm doing now, even though we won the rating battle. Any ham with ego wants to do his best, and then there's the moral question of taking money without earning it. I've done

to death the American scene Magazine."

A joint announcement from Gleason and CBS said the portly 49-year-old comedian wanted time off to develop new concepts for future network shows.

Dixie Flyer Concludes

ATLANTA, Ga. (AP) — The famed Dixie Flyer has made its last run, ending 81 years of passenger train service between Evansville, Ind., and Atlanta. The Louisville & Nashville train once was filled with tourists from the Midwest, many bound for Florida. The railroad said it had been losing money on the train for several years.

Gleason also said he would like to go back to the "Honey-mooners," the show that shot him to fame as a bus driver, with Audrey Meadows and Art Carney. But he said both have other commitments.

Only three weeks ago, CBS announced that Gleason's contract with the network had been renewed. It extends through 1972 and Gleason will be paid whether he works or not.

"I made the decision last night and told CBS this morning," Gleason said Friday.

He said he hoped to do a movie or a television special on Diamond Jim Brady in Miami Beach sometime in the future, probably with Lucille Ball.

At Last! A Hearing Aid MILLIONS Can Wear!

THE FABULOUS MIRACLE-EAR

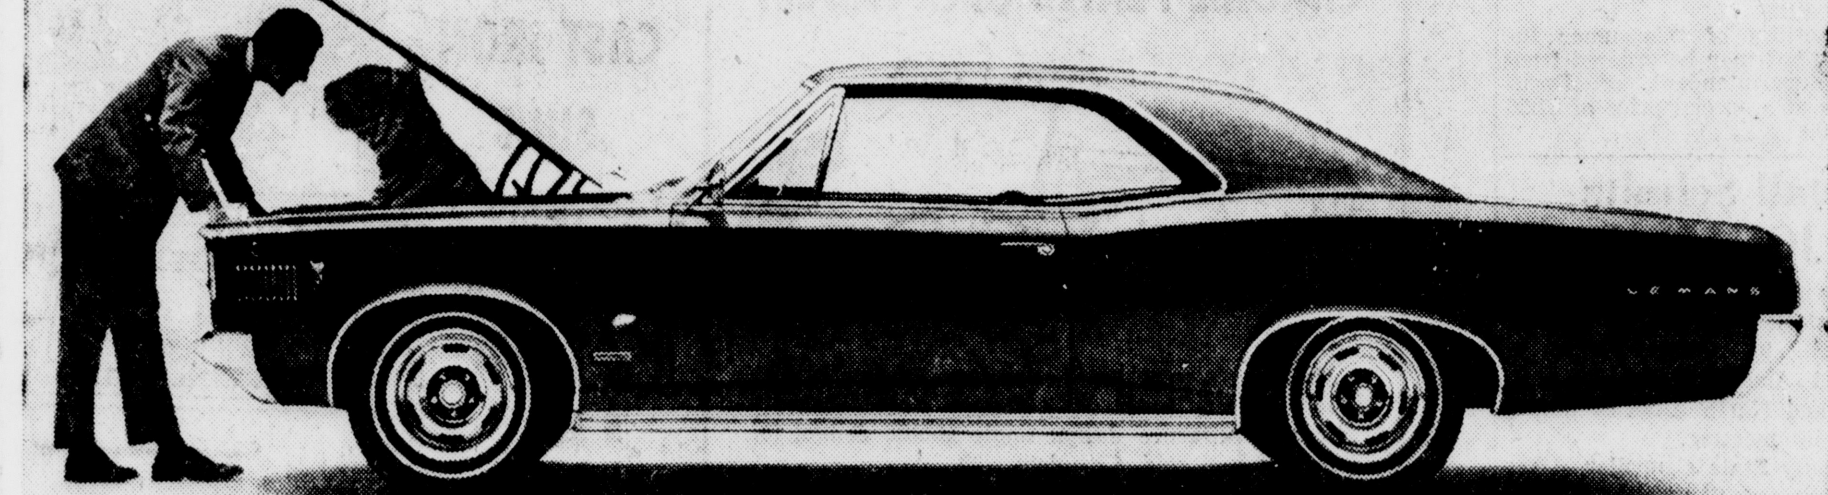

JUST SLIP IT IN YOUR EAR AND HEAR AGAIN!

NERVE DEAFNESS
"Model of New" Miniature Hearing Aid Given
(not an actual hearing aid)

Washington, D. C. — A most special offer, of unique interest to those who hear but do not understand words, has just been announced. A true life, non-operating model, actual size replica of the smallest Dahlberg Hearing Aid ever made, will be given away absolutely free to anyone answering this advertisement. Wear it in the privacy of your own home without cost or obligation of any kind. . . . IT'S YOURS FREE TO KEEP! The size of this instrument is only one of its many features. It weighs less than a third of an ounce and it is all at "ear level," in one unit. No wires lead from the body to the head. Here is truly hope for the Hard of Hearing. These models are free. We suggest that you write for yours now.

Open Letter to Veterans

County Commander Urges Ex-GIs Join Legion Now

Ulster County American Legion Commander George Bragg has issued an open letter to all war veterans of the two world wars and Korean conflict who are eligible for membership in the American Legion to enroll into this organization by joining the post nearest their residence.

The leader of Ulster County Legionnaires, who is serving on National Commander L. Eldon James' membership committee, has pointed out that belonging to this organization is of greater importance to veterans as the years go by and develops a source of pride in being a part of the many varied programs created for the benefit of America's future, namely, today's youth.

In his letter to The Freeman, County Commander Bragg states:

Dear eligible Legionnaire:

"I am writing this open letter to each of you fellow war veterans not only as the executive officer of the Ulster County American Legion organization but as a member of the Third District, Department of New York and National Membership Committees.

2,600,000 on Rolls

The American Legion has a paid up annual membership of over 2,600,000 affiliated with Legion posts not only in the United States but in 28 countries throughout the world. Thousands of these members have been affiliated for 47 years dating back to the conclusion of their World War I military service. Veterans of World War I are the most loyal and dedicated we have. They know the value of being a part of this organization. They are the first to admit that this organization has helped them seek assistance in medical benefits and numerous forms of aid that would not be available today without this organization's efforts.

The World War II veteran is now rapidly reaching the point in life when he will also need assistance that can only be available if the American Legion re-

mains strong and maintains its large membership. Many veterans of both World War II and the Korean conflict have failed to join this organization which has done so much for them already.

To be eligible for membership in the American Legion, a veteran must have served honorably on active military duty during World War I (April 6, 1917 to Nov. 11, 1918), World War II (Dec. 7, 1941 to Sept. 2, 1945) or the Korean Conflict (June 25, 1950 to July 27, 1953). He must not subscribe to the principles of any group opposed to our form of government. He shall not have refused unqualified military service on conscientious grounds. He must be accepted into the membership of the American Legion Post to which he makes application.

Helps 'Forgotten Man'

In addition to being the leading force in authoring the "G.I. Bill of Rights" which practically all veterans have benefited from at one time or another, the American Legion has championed the cause of the forgotten man in each of these wars, the disabled veteran. Some of these men have spent all their post war life in V. A. hospitals. Another similar victim of misfortune is the family of the serviceman who made the supreme sacrifice for his country while serving in combat. Their dependents will be the first to tell you that they have the American Legion to thank for the care and benefits they have received. Without strength in numbers, it is hard telling what their circumstances would be. The American Legion as an organization has dedicated itself to the care of those left behind. This should be reason enough for every veteran to be a part of our organization and, thereby, help it to continue its efforts in behalf of this cause.

Patriotic Organization

The American Legion is a patriotic organization of the first order and always will be. We have been generally recognized as America's first-line of defense against subversion in all forms. We are proud of that label. We have patriotism never will go out of style.

Our child welfare programs are second to no other organization in our country today. We

Fire Cancels Classes

MAYVILLE, N.Y. (AP) — Classes were ordered canceled today at Chautauque Central School after a fire Sunday destroyed a garage - classroom building and 12 vehicles, including seven school buses.

Firemen probed the cause of the fire which started in a classroom and caused \$300,000 damage, according to John Turner, the district's supervising principal.

Turner said classes would be canceled.

GEORGE BRAGG

sponsor oratorical contests to award scholarships for aspiring college students. We sponsor Boy Scout Troops, American Legion Junior and Babe Ruth League baseball, March of Dimes campaigns, American Education Week, flag etiquette instruction, drum corps and many other activities.

Health for All

KILLER IN THE NIGHT

That cheery glow of warmth from the gas heater can make all the difference on a frigid winter night when the central heating has been shut off until morning.

It can make all the difference between waking up and not waking up in the morning—between life and death. In spite of laws regulating the use of gas heaters in most communities, each winter brings a tragic harvest of fatalities due to carbon monoxide poisoning.

This disaster can happen when the heating device is defective or not properly vented to the open air, or when there is no supply of fresh air in the room. The sleeping victim can become asphyxiated and die without retaining consciousness. If he is lucky enough to be awakened by discomfort in breathing, certain symptoms of carbon monoxide poisoning should warn him to get out of bed and take the first immediate step necessary to save his life—the opening of a window or door to admit some fresh air.

Making a physical effort won't be easy. The symptoms include not only headache, faintness, dizziness, ringing in the ears and nausea, but also a tremendous lethargy and loss of purpose. Despite a possible feeling of "Oh, who needs to bother," any suspicion that there

is carbon monoxide in the air should make one summon every ounce of will power to get out of bed, turn off the guilty appliance, and ventilate the room.

Notes Legion Creed

Like the Boy Scouts, the American Legion also has a creed. It states: "For God and country we associate ourselves together for the following purposes: To uphold and defend the constitution of the United States of America; To maintain law and order; To foster and perpetuate a 100% Americanism; To preserve the memories and incidents of our association in the great wars; To inculcate a sense of individual obligation to the community, state and nation; To combat the autocracy of both the classes and the masses; To safeguard and transmit to posterity the principles of justice, freedom and democracy; To consecrate and sanctify our comradeship by our devotion to mutual helpfulness.

I invite every eligible veteran seeking membership in the American Legion to contact the commander of the post nearest your residence and make application to become a part of our great organization."

This column is sponsored in the interest of better health by the Ulster County TB and Health Association Inc., 124 Green Street, w

Your Christmas Seal association suggests: If you should be present at the scene where some one has been affected by carbon monoxide or any gas poisoning, your first necessary steps are: (a) move the victim into fresh air; (b) if breathing is poor or pulse has stopped, give artificial respiration; (c) summon medical aid by phoning police emergency service, a hospital or a doctor.

This column is sponsored in the interest of better health by the Ulster County TB and Health Association Inc., 124 Green Street, w

Consumer Data Is Now Available

Consumers seeking the most for their money may now obtain, without charge, a new 32-page guide to "Consumer Information," listing publications available on order from the U. S. Government Printing Office on such subjects as family finances and credit, food, health and safety, and consumer protection, it was announced today.

The listing, known as "Consumer Information — Price List 86," may be obtained upon request from the Superintendent of Documents, Washington, D. C. 20402, according to Arthur C. Rutzen, Director, New York Field Office, U. S. Department of Commerce. The material on consumer aids was compiled in cooperation with President Johnson's Committee on Consumer Interests.

In a foreword to the guide, Mrs. Esther Peterson, Special Assistant to the President for Consumer Affairs, stated that "if we are to be smart consumers, we need adequate and accurate information."

A feature of the booklet is a special section listing many selected consumer publications available from the government in Spanish. Among the translations are pamphlets providing information on buying a home and quick calculation of interest rates on loans. Included in the section for Spanish-speaking citizens are publications on the care of infants and children.

For "senior citizens" there is a section, in large, easy-to-read type, dealing with materials available from the "GPO" on Social Security, Medicare, and better health.

Quantities of "Consumer Information" may be ordered from the Superintendent of Documents at a special price of \$7.50 per 100.

Install Schultz As JOUAM Head

Edwin B. Schultz was installed as counselor of Charles DeWitt Council, 91, Junior Order of United American Mechanics of U.S. and North America during a recent meeting.

Deputy State Councilor Harry D. Carle of Saugerties Council assisted by State Council Chief Judge Charles M. Lord.

Others installed with Schultz were: Hilton E. Matthews, vice-councilor; Charles M. Lord, recording secretary-treasurer; Edwin B. Schultz, financial secretary; Vincent C. Markle, conductor; Wilbur J. Turck Sr., warden; Virgil Ellsworth, inside sentinel; Frank E. Burr Jr., outside sentinel; Claude E. Middagh, past councilor.

Others named included: Alfred R. Thomas, trustee for three years; Charles M. Lord, Edwin B. Schultz, Claude S. Middagh, Alfred R. Thomas, Harold DeGraff, representatives to State Council and Anthony Bonomo, chaplain. Councilor Schultz named Robert C. Schantz as assistant recording secretary.

Deputy Carle reviewed the past year, which he said, proved to be prosperous with a substantial increase in membership. He asked that members continue this fine work during 1966.

Freshments followed the meeting at the Broadway Chop House and included a birthday celebration for Andrew Dykes, Clark Myers, Robert C. Schantz and Wilbur J. Turck Jr.

a wonderful KITCHEN!

for only..

\$203⁴⁵

Highlights of LBJ Message on Budget

WASHINGTON (AP) — Textual highlights from President Johnson's budget message to Congress Monday:

The budget for 1967 bears the

strong imprint of the troubled world we live in.

Administrative budget expenditures in the fiscal year 1967 are estimated at \$112.8 bil-

lion, an increase of \$6.4 billion over 1966. Apart from the special military and economic assistance costs in Viet Nam, expenditures for the regular programs of the federal government in 1967 are estimated at \$102.3 billion, a rise of \$6.6 billion from 1966, only six-tenths of one per cent.

Administrative budget receipts are also expected to increase in 1967, to \$111 billion. Of the \$11 billion increase over 1966, \$3.6 billion results from the tax measures I am proposing. Most of the remainder results from the sound and orderly economic growth expected for calendar year 1966.

The costs (of the Viet Nam war) will not be light. Defense expenditures necessary to meet the special requirements in Southeast Asia will amount to \$4.6 billion in 1966 and \$10.3 in 1967.

Our military needs are heavy. But they have not led us to a short-sighted policy of abandoning the war on poverty, ignorance, blight, and disease.

A compassionate government need not be a profligate government. Concern for the needs and aspirations of people can go hand in hand with responsibility and efficiency in the management of the public's business.

The war on poverty launched in 1965 will continue to help low-income people develop the skills and abilities needed for them to break out of the cycle of poverty handed down from the generation to the next. The budget will increase this program.

This budget reflects added

federal responsibility for improving our nation's education system. The expenditures proposed for 1967 are more than 85

per cent above the 1965 level.

A Great Society cannot be marked by rising crime rates. I am determined to take whatever further steps are necessary to combat crime.

I believe we are making good progress in reducing (govern-

ment) costs and improving efficiency, but I will never be satisfied that we have done all we could.

We cannot fight for peace and freedom in Viet Nam, while sacrificing individual dignity and opportunity at home. For it

would be a hollow victory if our pursuit of world peace were carried out at the expense of domestic progress.

Yet we must also recognize that a truly Great Society looks beyond its own borders. The freedom, health and prosperity

of all mankind are its proper concern.

The struggle in Viet Nam must be supported. The advance toward a Great Society at home must continue unabated.

This budget provides the means for both these goals.

BRIDGE

Bridge Sleuths May Ponder This

By JACOBY & SON
1965 Vanderbilt Cup Winners
Newspaper Enterprise Assn.

We are going to give you a chance to be judges today, to decide whether a certain East player was guilty of a bridge crime.

West opened the eight of spades against the doubled three no-trump contract. East played the queen and South won with the ace.

At trick two South led the jack of diamonds which was allowed to hold. The queen of diamonds was played and East had to take his ace.

East played out a second spade to dummy's ten. South finessed a club, returned to dummy with the king of spades and picked up the rest of the club suit. As a rather unnecessary end to the slaughter, South finessed against West's ten of diamonds in order to make five odd and to score 1,150 points.

Had East shifted to a heart when he got in with the ace of diamonds, he would have beaten the contract a trick. West thought that East should have made that play. East felt that he should not lead away from his king-jack combination up to dummy's queen. Make your

Only a Suggestion

SALT LAKE CITY, Utah (AP) — "What's the quickest way to town?" asked the passenger as he got off a plane. An airline agent told him to go out front and "take the limousine."

He did.

A transportation firm reported it stolen. Police found it a few hours later at a downtown motor hotel.

own decision and then see if it agrees with ours.

We find East guilty. One disadvantage of point count is that it gives a defender an opportunity to count high cards. Dummy held eight points and East 13 so that there were 19 high card points for South and West. South had shown up with eight points in diamonds and spades, and the unknown high cards were the ace of hearts and ace-queen-jack of clubs. It should have been apparent that West held one of the aces for his double and that South had bid on only 15 points.

If West held the ace of clubs, a heart lead would make dummy's queen a winner but that would only be declarer's eighth trick. If West held the ace of hearts, it was up to the defense to take their heart tricks right away.

Meeting Slated On Thursday for Anti-Coronary

A meeting of the Anti Coronary Club will be held Thursday, January 27, at the Governor Clinton Hotel at 8 p. m. This project to prevent coronary heart attacks was launched by the Ulster County Heart Chapter upon the advice and direction of the Medical Advisory Board Chairman, Dr. Harold Rakov, Fellow of the American Heart Association Council on Clinical Cardiology. The program will be augmented by the cooperation of the Adult Education Department of the Kingston Consolidated Board of Education and its Physical Education Department.

At this meeting, pertinent data relating to the risk factors in heart attacks will be discussed and plans finalized for an intensive program commencing in February 1966. It is estimated that there are now 3,100,000 definite and 2,400,000 suspected cases of coronary heart disease, and that nearly one-fourth of the adult population lives in certainty or jeopardy of heart disease.

Dr. Rakov states: "This situation would not be so discouraging if only very old persons died suddenly and peacefully from heart attacks at the age of 90-100. This might be a desirable end for all aged persons. Unfortunately, at present the increase in mortality from heart attacks does not occur in older persons. There has been a great increase of heart attacks in young adults and those of middle age within the past twenty-five years. There is actually a greater increase in these middle years between 30 and 60 than in later ages."

Applicants for the project must have the authority of their own physicians, based on preliminary physical examination. Men between the ages of 30 and 60 will be eligible. The project is preventive; not remedial. The pilot group will be limited to those who are known not to have heart disease.

LPN Dinner Accents 16th Anniversary

The 16th anniversary of the Ulster County Division of Licensed Practical Nurses of New York, Inc., was marked with a dinner-party on Thursday, Jan. 20th in Kingston.

Several members recounted the organization's first meeting in 1950 at the Governor Clinton Hotel when the division obtained its charter as affiliate to the State and National Licensed

Practical Nurses Associations. Officers were installed as well as directors. A Freeman photo of the officers was carried in the Friday, Jan. 21 issue.

Mrs. Elizabeth Scully, retiring president was cited for her outstanding service during the past two years. She accepted a gift from Mrs. Beatrice Manokian, also a past president, in behalf of the membership. A congratulatory message to the outgoing and incoming officers was received from the Dutchess County Division.

Calypso Music

Calypso music was developed in the island of Trinidad. Calypso songs, accompanied by the guitar, are sung by the Negroes in a French patois interspersed with Spanish and Hindu idioms and words, or in English with a British accent.

Good Taste Today

By EMILY POST

Author of "Children Are People" and "Etiquette" etc.

GOOD MANNERS TOWARD BLIND

The cardinal rule when coming in contact with someone handicapped by blindness is this: Treat him as you would any other person. Talk to him, in normal voice, about the same subjects that would interest your other friends, including blindness, if it should come up. Don't avoid the use of the word "see." Blind people use it as much as anyone else.

When you are with, or pass by, a blind person on a street corner, you are perfectly correct in asking if you can help him to cross, but never grasp his arm to try to give assistance without first asking whether he wishes it or not. If he does, let him take your arm, which will give him far more confidence than being propelled forward by you. If he should ask you for directions, be sure to use left and right from his viewpoint—the direction he is facing.

If you go to a restaurant with a blind person, do not hesitate to read him the menu, including the prices if the occasion demands. You certainly may tell him quietly where the salt and pepper are and help him to the sugar and cream if he wishes. You may tell him how the items on his plate are arranged and help him cut his meat if necessary. But much of this he will prefer to do himself if you simply locate the food for him.

Explain Where Furniture Is

When he visits your home, lead him to a chair and then just place his hand on the arm or back. If he is staying with you for any length of time, remember to tell him where the furniture is, mention it if anything is rearranged, and keep doors open or closed—never half way.

When taking him to a strange place, tell him quietly where the furniture is located and who is present. And before you leave him alone, be sure that he has someone to talk to—one thing he cannot do (unless he is among good friends whose voices he recognizes) is single out a person who would, from his appearance, be congenial.

When there is a blind person in a room you have just entered, make your presence known, and tell him, if he does not recognize your voice, who you are. Tell him also when you leave, so that he will not be left talking to himself.

Last of all, if the blind person has a seeing eye dog, do not attempt to play with or distract the dog in any way. His attention must remain fully on his master, whose safety and well being may depend entirely on this strict adherence to his training.

The Emily Post Institute booklet entitled, "Formal Wedding Procedure," includes details on the wedding procession, the receiving line and other helpful information. To obtain a copy, send 10 cents in coin and a stamped, self-addressed envelope, to Emily Post Institute, in care of this newspaper.

The Emily Post Institute cannot answer personal mail, but all questions of general interest are answered in this column. (A Bell-McClure Syndicate Feature)

Dear Abby . . .

Some Do, Some Don't

Abigail Van Buren

DEAR ABBY: Last Christmas I received a Christmas card from a friend. On it was printed the following:

"THIS CHRISTMAS WISH REPRESENTS A GIFT TO THE PRESBYTERIAN INTERCOMMUNITY HOSPITAL IN WHITTIER, CALIFORNIA."

It gave me the feeling that they sent me a greeting so they could claim me as a tax deduction. I, too, make donations to worthy causes, but I also send Christmas gifts. And I certainly don't use my Christmas cards to tell my friends about the charities I support. I think this is in the worst possible taste. Please comment.

FROM WHITTIER: DEAR FROM: I think one of the more civilized practices of recent years is donating to charity instead of giving extravagant gifts to people who already have more than they need. Knowing that some less fortunate person in a war-torn country had received a CARE package in my name, for example, would be gift enough for me.

DEAR ABBY: A man who works with my husband comes to our home occasionally. He has never brought his wife, and the first few times he spoke of her, he referred to her as "MY OLD LADY." At first I thought he meant his elderly mother, so I asked him if he meant his mother, and he said, "No, MY OLD LADY is the woman I'm married to!"

Abby, don't you think this is terribly disrespectful? These people are not old. They are in their middle forties. Wouldn't you think a wife who reared nine children for a man deserves to be referred to as his "WIFE"?

DEAR OFFENDED: I would—but some husbands get brave when they're away from home. I'll bet he doesn't call her "THE OLD LADY" to her face. And you don't know what SHE calls him behind his back, either.

PLANNING ROUND AND SQUARE DANCE—Members of the Parent-Teachers Association at the West Hurley School are making plans for a round and square dance. The event is slated for February 5th from 8-12 p. m. and will be held in the cafeteria of the school. Pictured discussing details at a recent committee meeting are (l-r) Pat Hossack, Clarie Carlen, Joan Collins, chairman, June Gross and Nancy Brooks. Public is invited. (Freeman photo by Wagenfohr)

MRS. JOHN WAYNE ELLIS (Lakeside photo)

Parker-Ellis Nuptials Are Announced

Miss Nancy Ann Parker, daughter of Mr. and Mrs. William Radcliffe Parker of Long Lane Farm, Modena, exchanged marriage vows with John Wayne Ellis, son of Mr. and Mrs. C. Rosa Ellis of Sunset Drive, Port Ewen.

The double ring wedding ceremony took place Saturday, Jan. 15 at 1 p. m. in St. Joseph's Church, New Paltz, with the Rt. Rev. Msgr. Edward Monckton officiating. Anthony Aiello was organist.

Baskets of gladioli and white chrysanthemums decorated the church for the occasion. Given in marriage by her father, the bride wore a white gown of silk peau fashioned with fitted bodice, scooped neckline trimmed with wide lace bertha and tapered sleeves. The bell skirt was chapel length and featured a detachable train. The bride wore a Spanish lace mantilla and carried white rosebuds, mums and baby's breath.

Lorraine Stevens of West Park, N. Y., cousin of the bride, served as matron of honor. She wore an empire shift of emerald with royal brocade in floor length style. A matching brocade held a fly-away veil and she carried an old fashioned bouquet of yellow mums.

Other attendants were Rosemary Ellis of Port Ewen, sister-in-law of the bridegroom, and Barbara Galet of New York, the bridegroom's cousin. Their gowns

were identical to that worn by the honor attendant. Sherri Ellis, the bridegroom's niece, was flower girl in a pale blue silk peau gown. She carried a princess basket.

Burton Ellis of Port Ewen was best man for his brother. Ushering were Ronald Parker, brother of the bride; Kenneth Strum, cousin of the bridegroom; Sheldon Grisar, cousin of the bridegroom; and Victor Deilly, Timmy Ellis, the bridegroom's nephew, was ringbearer.

A reception for 150 guests was given in The Capri 400 in Port Ewen. Afterwards, Mr. and Mrs. Ellis left on a wedding trip to Canada.

Mrs. Ellis is a 1965 graduate of New Paltz Central High School and attended Kingston business school. Her husband is an alumnus of Kingston High School and attended Ulster County Community College and is associated in business with his father in the operation of Utility Platers, Inc., Kingston.

Mr. and Mrs. Ellis will reside in West Hurley when they return.

Club Notices

Society of Santa Maria

The Ladies Society of Santa Maria will have its regular monthly meeting Tuesday night in St. Mary's Hall, North Street at 8 p. m. All members urged to attend.

Summer Wedding For Nancy Wheeler

Mr. and Mrs. Walter H. Wheeler, Route 3, Ogdensburg, N. Y., announce the engagement of their daughter, Nancy Jane, 211 Syracuse Avenue, Oswego, N. Y., to Carleton H. Sanborn of New Paltz. Mr. Sanborn is the son of Mrs. Evelina Sanborn of Stanton, Calif., and the late Mr. Harry J. Sanborn.

Miss Wheeler has degrees from State University at Oneonta and Penn State University. She is Cooperative Home Economist in Oswego County.

Her fiancé has degrees from Maryknoll College at Glen Ellyn, Ill., and Plymouth College, Plymouth, New Hampshire. He is doing further study at State University at Albany. Mr. Sanborn is a teacher at Rondout Valley Central School, Accord.

A summer wedding is being planned.

NANCY JANE WHEELER

Queen Ulster Rebekahs

Queen Ulster Rebekah Lodge No. 34, held its regular meeting on January 13th with the Noble Grand Anna Minkler presiding.

The birthday of Thomas W. W. founder of the Independent Order of Odd Fellows was commemorated.

Alice Herb gave a reading on his life and devotion to the order. A program for the year was outlined and approved by the members.

It was announced that an initiation ceremony is planned for the near future.

Refreshments were served by Tessie Taylor and Anna Van Etten.

A card party is scheduled for February 1st at 8 p. m. in the Odd Fellows Hall, Saugerties, to which the public is invited. A regular meeting will be held at 7:30 p. m.

Plans Are Complete For Testimonial by Local K of C Council

Plans for a testimonial dinner honoring the Rt. Rev. Msgr. John J. O'Reilly on Saturday, Jan. 29 in the Knights of Columbus Home, 389 Broadway, this city, have been completed.

Dinner will be served at 7 p. m. and proceeds will be for the new proposed St. Joseph's Church in Kingston.

The dinner is jointly sponsored by the Knights of Columbus and the Kingston Columbiettes. Open to the public, tickets may be obtained from Mrs. Bernard O'Neil, Charles Ryan, Joseph F. Saccoman, Mrs. James Kelly, Christopher J. Perry Sr., and Frank J. Tiano.

The invocation will be given by the Rev. James V. Keating. Presentations will be made by Richard T. Fay, for the Knights, and Mrs. James Kelly, for Columbiettes.

Master of ceremonies will be William F. Leehive and Vincent G. Connelly will give the main address.

All reservations should be made by Thursday.

Impaired Learning In Children Will Be Discussed Here

A nationally known educational consultant to schools on the subject of children with learning disabilities, will address an open meeting of the Kingston Area Association for Perceptually Handicapped Children in the George Washington School auditorium at 8:15 on Wednesday, Jan. 26th.

Mrs. Elizabeth S. Freidus, instructor in the Department of Special Education of Teachers College, Columbia University, and at New York University, will discuss the child with symptoms of neurological dysfunctions, often described as perceptually handicapped, brain-damaged or hyperkinetic impulse disorder children.

Mrs. Freidus, who has written widely on the field of special education for children, has had many of her articles and pamphlets published by the New York and New Jersey Association for Brain Injured Children. During the summer she serves as program director for the Study Center in Kerhonkson, which devotes itself to finding ways of helping such children and their families to live in this society as effectively and happily as possible.

All interested adults, parents and professionals alike are invited to attend this meeting. There will be no solicitation of funds. This is an organizational meeting for this group which will investigate how these children with learning disabilities in the Kingston area can be helped educationally and diagnostically.

Ernst Is Vice President Of Maritime Ski Club

Cadet Reinhold Ernst, son of Mr. and Mrs. Otto Ernst, 230 Boston Post Road, Larchmont, has been elected vice president of the Ski Club at State University Maritime College, Fort Schuyler, Bronx.

A 1962 graduate of Ontario Central School, he is a senior at Maritime College majoring in marine transportation.

Cadet Ernst is also a member of the French Club at Maritime College.

TO ATTEND STATE CONFERENCE—The annual conference of the Federation of Women's Republican Clubs of New York State Inc., will take place January 27 and 28 at the Hotel Pierre in New York. On Saturday, Jan. 29, the annual luncheon of the Women's National Club is scheduled for the Grand Ballroom of the Waldorf Astoria. Local GOP women who will attend as delegates are (l-r) Mrs.

Leroy Crosswell, president of the Ulster County Women's Republican Club; Mrs. Walter Durham, and Mrs. Raymond LeFever, vice chairman of the Ulster County Republican Committee. Other delegates will include Mrs. William Krum, past club president; Marjorie Turk, Mrs. Christine Gallop and Mrs. Hollis Burhans. (Freeman photo by Wagenföhr)

Saugerties WSCS Will Conduct Study Course

The Woman's Society of Christian Service of the Saugerties Methodist Church will begin a study course, entitled "Realm of Our Calling" on Wednesday, Jan. 26 at 7:30 at the home of Mrs. John Elliott, 18 Kalina Drive, Saugerties.

The course will be taught by Mrs. Transom. The course will continue at Mrs. Elliott's home on Wednesday, Feb. 2, and at the home of Mrs. Joseph Rainear, Finger Street, on Feb. 9.

All WSCS members are invited to attend as though the first session were the regular monthly meeting for January.

The February meeting will be at the church at 7:45 on Tuesday, Feb. 1. The program will be entitled "An Evening Apart."

Hadassah's Medical Program Underway; Supports Israel's Network of Health Services

The Kingston Chapter of Hadassah has inaugurated its annual series of projects on behalf of Hadassah Medical Organization.

Members who received information on donor projects, beginning with a special HMO "Stock-Exchange" benefit, with shares of American Telephone and Telegraph stock to be awarded.

Miss Sadie Lutzin, 41 Wurts Street, is chairman of the benefit and all books, sold or unsold, must be returned to her. Those who wish additional books may also contact the chairman, Mrs. Lillian Gelb of Woodstock is in charge for the Woodstock area.

Mrs. Robert S. Yallum is HMO chairman for the Kingston chapter. Aiding in preparing the initial donor mailing were the Mmes. Alfred Horowitz, Robert E. Davis, Arthur Landesman and Herbert Gerner.

The HMO projects which support Hadassah's widespread network of health services culminate in a gala "Donor Day," to be held this year Sunday, June 5, at the Fallsview Hotel, Ellenville. Members may raise honor credits through a series of spring activities which include an advertising page in the Kingston Daily Freeman, with Mrs. Carl Lipton in charge; the spring "New and Nearly New" sale, headed by the Mmes. Sidney Halpern and Harold Newman; and "Eye Bank Day" in May, with Mrs. Sidney Spiegel in charge. Members who wish to work on any of these projects are urged to contact the respective chairman.

Members also raise funds through individual projects, holding luncheons or card parties, selling items of handwork or stationery; those who wish help in planning their donor-raising method should contact Mrs. Robert Yallum.

Particularly needed are women who will bake for Hadassah meetings and activities throughout the year. Those interested should contact Mrs. Yallum or the chapter's hospitality chairman, the Mmes. Morris Berman and Maurice Crystal.

The donor projects support Hadassah's "City of Science," the hospital outside Jerusalem, providing continuing education for all physicians of the area and assisting Israel's foreign-aid program by providing medical teams to the world's newly emerging nations. There the nation's doctors, nurses and dentists are trained and research carried out. Hadassah research programs have been honored with grants from the United States National Institute of Health and the Ford Foundation. Also financed are public health projects in community centers throughout Israel.

Two hundred fifty elementary and secondary English teachers from the Kingston City Schools Consolidated will attend an all-day English Language Arts Workshop at the George Washington School on Wednesday, January 26.

The workshop is an outgrowth of the work done at Vassar College last summer by five local teachers — Mr. Victor Mahoney and Mr. Robert Tucker, Kingston High School, Mr. Dennis Kennedy and Mr. Robert Corcoran, Myron J. Michael School and Mrs. Carolyn Morse, John F. Kennedy School. The Planning Committee has organized the workshop to acquaint teachers in the district with the programs now going on in various schools in the system. These try-out schools have been selected by the State Education Department to implement and evaluate the new experimental syllabus in composition.

At the morning session, Dr. Vivienne Anderson, Acting Chief of the Bureau of Continuing Education, New York State Education Department, will give teachers an overview of the syllabus. Working as a Consultant with teachers throughout the day will be Miss Margaret Driscoll, Bureau of Curriculum Research, New York City Board of Education.

The workshop will provide the participants an opportunity to actively work with the experimental syllabus materials in English composition. During the program representatives from all grade levels will meet in small articulation groups to discuss writing skills as they develop in organized steps from Kindergarten through Grade 12.

News reporter is Ann Callahan.

700 Will Compete In 1966 Flower Show; International Scope

Strange monstrosities of the cactus world... new gloxinia hybrids for growing by artificial light... exotic bromeliads forced into bloom through the magic of chemicals... miniature gardens of rock plants... these are some of the plant wonders that will be on view in the Horticultural Society of New York area of the 49th International Flower Show, March 5 to 13, at the New York Coliseum.

A "flower show within a flower show," this area devoted to amateurs, exclusively, has been a focus of service to plant and flower lovers since 1958, providing opportunity for "how to" learning unequalled in any other flower show in the country. It is sponsored by the Horticultural Society of New York, assisted by 14 local chapters of national plant societies and more than 800 workers.

Over 700 entries are expected in the 150 competitive classes. A separate schedule of classes for each of the following is available from the Horticultural Society of New York, Essex House, 160 Central Park South, New York, N. Y. 10019: African violets, begonias, bonsai, bromeliads, cacti and succulents, flowering bulbs, gesneriads, and rock garden plants. There is no entry fee. Closing date for entries is Feb. 25.

Each cooperating society maintains an information booth where knowledgeable members answer visitors' questions relating to the botany and culture of the plants displayed. Educational exhibits and information services are also presented for geraniums, rhododendrons, and the art of Japanese flower arranging. Special non-competitive exhibits will show fine examples of other plants and demonstrate specialized cultural techniques.

To meet the general horticultural needs of Show visitors, the Horticultural Society of New York staffs its plant information section with members expert in all phases of indoor and outdoor gardening.

Featured exhibits this year will include crested and monstrose cacti, with bizarre but often beautiful abnormal growths; guzmanias, aechmeas, and other bromeliads flowering out-of-season through treatment with new chemicals so potent that a teaspoonful in solution will bring an acre of pineapple into bloom; new compact, long-blooming gloxinias, hybrids of gloxinias and reichesterias, far growing under fluorescent lights; demonstrations of geranium and gesneriad culture, and a picture story of bonsai growing and training; a collection of lithops, intriguing cacti that mimic stones, and a greenhouse of mammillarias, the pincushion cactus; and a special exhibit of unusual house plants of many varieties.

The nearly 90 per cent of the anticipated 200,000-plus Show visitors who grow plants indoors will find the 1966 Horticultural Society of New York Exhibit a center for new ideas, unusual plants to grow, and expert advice on how to grow just about everything.

Lincoln Day Dinner Slated for Feb. 9th ByUlsterGOPWomen

Mrs. LeeRoy Crosswell, president of the Ulster County Republican Club, has announced that plans for the annual Lincoln Day dinner have been completed and that Mrs. Norman C. Armata, second vice president of the National Federation of Republican Women, will be the keynote speaker.

Mrs. Raymond LeFever, vice chairman of the Ulster County Republican Committee, will serve as master of ceremonies of the dinner which is scheduled for Wednesday, Feb. 9th.

Details about reservations, which must be completed by February 5th, may be obtained by contacting Miss Cordelia Feltman, ticket chairman, Kingston; Mrs. LeFever, Bloomington; Mrs. Crosswell, Shokan; or Republican Headquarters, 37 John Street, this city.

Mrs. Crosswell has announced also the following committee chairmanships: Mrs. Bernhardt Kramer, membership; Mrs. Frederick Stang, audit and finance; Mrs. John Bechtold and Mrs. Ronald Hines, welfare; Mrs. William Huelser, hospitality; Miss Cordelia Feltman, Elephant Talk; Mrs. Clark Myers, by-laws; Mrs. Viola Tweedy, sunshine; Mrs. John Schomer and Mrs. Lloyd Newcomb, spring luncheon; Mrs. Douglas Dye, telephone squad; Mrs. Frank Campochiaro, public relations; and Mrs. John Steen, jewelry.

JUDGED LOCAL CONTEST WINNER—Catherine Ann Stall, daughter of Mr. and Mrs. William R. Stall, accepts an award from Bernard F. O'Neil, district deputy of the 61st district, New York State Council, Knights of Columbus. The occasion marked the first phase of a K of C sponsored oratorical contest. Miss Stall will represent the local Knights of Columbus in a county-wide oratorical contest on February 17. Her topic was "America's Greatest Challenge Today." It dealt with current widespread public apathy. The Hudson Valley contest is scheduled for March with the state finals in May in Buffalo, N. Y. The state winner will receive an \$1800 scholarship. Other awards will be: \$1400, second place; \$1200, third place; and nine \$200 awards. Miss Stall is a senior at Academy of St. Ursula, this city. (Freeman photo by Wagenföhr)

Popular Piano Duo, Gold and Fizedale, Will Play Feb. 3 for Paltz College Artist Series

Arthur Gold and Robert Fizedale, to many critics the most eminent piano duo now appearing on the world's concert stages, will present an unusual repertoire of two piano music at State University College, New Paltz, Thursday, February 3, at the College's Elting Gymnasium under the sponsorship of the College's Artist Series Committee.

The team is known in the music world for its outstanding selection as well as performance of concert works, many of them recently-discovered pieces by famous composers and others especially composed for the duo, such as the Two Piano Sonata by Francis Poulenc and Points on Jazz by Dave Brubeck.

The Gold and Fizedale concert circuit spans two continents. For over a decade the pianists have filled a heavy schedule of engagements throughout North America where they have appeared with virtually every major orchestra and on almost every recital series. The duo was selected to give the first recital in the new Philharmonic Auditorium at Lincoln Center in the fall of 1962 and in 1964 were the only duo-piano team to perform in both the Lewisohn Stadium and the Hollywood Bowl.

On radio and television, the pianists have demonstrated their artistry on the Bell Telephone Hour, the Tonight Show and NBC-TV's Recital Hall. Their European itinerary each year includes appearances with the orchestras of Paris, Rome, Brussels, Berlin, Madrid and other leading cities.

The New York Times has called their Columbia Masterworks recording of Schubert's Grand Duo Opus 140, "a forthright, large-scaled and beautifully-controlled performance of a great and important work... quite irresistible." Other comment by a critic in Genoa said, "All the critics are unanimous in recognizing that this is the most duo-team in the world," agreeing with the New York Herald Tribune, which called the piano team "far and away the best duo-pianists in the business." The London Daily Express has said they are "the world's best piano team."

Composers have also joined in the praise for the Gold-Fizedale Trinity Women Meet.

The Woman's Society of Christian Service of Trinity Methodist Church, Wurts and Hunter Street, has scheduled a meeting for Wednesday at 2 p.m. at the home of Mrs. Fred Deming.

Dairy Council Will Sponsor Program On 'Weight Watch'

S. Robert Kelder Sr., Stone Ridge resident, is the local member of the Dairy Council of the Mid-Hudson area which is sponsoring a community wide educational project called "Program Weight Watch."

Local medical leaders, dietitians, nutritionists, home economists, public health workers, consumer groups and communications media leaders, all who help to guide consumer eating and health habits, will be invited by the Dairy Council of the Mid-Hudson area to cooperate in the program.

Accurate, up-to-date information about good eating habits, including the use of milk, milk products and other basic foods in a balanced diet, will be given. Project Weight Watch will seek to combat the current rash of fad diets.

Miss Joy Shaw, executive director of the Dairy Council of the Mid-Hudson, informed the board of directors that almost 40 per cent of all American adults believe they have a weight problem. This aspect of the national health program calls for corrective educational measures, she says.

Other members of the board of directors are: Irving Mosher, Edwin Fitchett, John Matecki, Edward Stapleton, Morris Yates, Edmund Petelinz and Merton DePuy.

Panel Discusses Reading Program

The Ontario Central School Board of Education heard a presentation on the Reading Program in Our Elementary Schools at its monthly meeting at the Phoenixia Elementary School last week.

A panel of elementary teachers, representing each of Ontario's four elementary schools, including Mrs. Carol Larson, reading consultant at West Hurley, Miss Dorothy Birmingham, fourth and fifth grade teacher at Woodstock, Mrs. Anne Maroney, first grade teacher at Phoenixia, and Michael J. Boyle, fifth and sixth grade teacher at Bennett, made the presentation. Robert Maroney, principal at Phoenixia, introduced the panel.

The other four members of the panel discussed some of the newer materials and techniques for teaching reading used in their buildings.

Miss Birmingham illustrated the use of the S.R.A. Reading Labs and the MacMillan Reading Spectrum for her audience. She also discussed the phonics visual method used to strengthen phonics skills in some West Hurley second and third grades.

Woodstock's representative, Mrs. Mary Cawston, used charts to illustrate the color clues used by Words in Color to help children develop word attack skills. Mrs. Cawston also discussed the departmental organization of the Woodstock School as it pertained to reading instruction and discussed some very interesting activities she is doing with her classes using the New York Times.

Mrs. Anne Maroney used tapes and filmstrips to illustrate a novel way she has discovered to develop reading skills with first graders. The Durrell Phonics program used at Phoenixia was also discussed.

Bennett School's multi-level reading program for grades 4-6 was discussed by Michael Boyle. He also illustrated how 1/4 is used in a trial kindergarten group to simplify phonic instruction at the beginning level. The Carden Method of Reading, another phonic approach to reading and the language arts, was also discussed by Mr. Boyle.

Seranton's Message

HARRISBURG, Pa., (AP)—Gov. William Seranton goes before a joint session of the Pennsylvania legislature today to deliver the final state of the commonwealth message of his four-year term.

A state-wide television and radio hookup was arranged for the Republican governor's annual report in the House of Representatives.

ON READING PROGRAM PANEL — Elementary teachers participating in last week's Ontario Board of Education panel discussion on the Reading Program in Our Elementary Schools are shown. Seated (l-r) Miss Dorothy Birmingham, Mrs. Carol Larson and Mrs. Anne Maroney; standing, Mrs. Mary Cawston, Michael Boyle.

Craftsmen Vote Student Awards

The Woodstock Guild Shop could look back on its recent Holiday Fair as a highly successful event this week. At a recent meeting of the Board of the Shop, Anita Stallforth, treasurer, reported the fair had exceeded all financial expectations.

Chile Missionary Will Speak Here

A Red Hook minister, who spent five years among the Indians in Chile and five years in Costa Rica, will visit Woodstock next week. The Rev. Russell Sargent, pastor of Red Hook Methodist Church, will be the guest speaker at a meeting of the Women's Society of Christian Service of Overlook Methodist Church. He is scheduled to speak before the group Tuesday, Feb. 1, at 8 p. m. in the church hall.

The guest speaker is expected to relate some of his experiences during his service in the mission field in Chile and Costa Rica. During his 10 years south of the border, he and his family worked mainly to establish new churches where there had been none before. He also served as District Superintendent for four years in the District of the Pacific, and his wife served in the mission field as principal of the two Methodist schools.

Since their return to this country, the Sargents have served the Red Hook Methodist Church. The Rev. Sargent is currently listed as Hudson East District Missionary Secretary. An this wife is a teacher at Red Hook Senior High School. The Sargents are the parents of five children, four of whom were born in Chile or Costa Rica.

Technical Writers To Meet Thursday

"How Technical Must the Technical Writer Be?" is the title of the panel discussion planned for Thursday, January 27 by the Mid-Hudson Chapter of the Society of Technical Writers and Publishers.

The panel will be made up of five publications managers: William G. Debs, IBM Kingston, acting as moderator; Kenneth M. Gelhaus, IBM Kingston; Robert J. Osterhoudt, IBM Kingston; James P. Morrissey, IBM Poughkeepsie; Jack R. Weaver, IBM Poughkeepsie.

After the panel discussion, the meeting will be open to questions and discussion from the floor. All members and interested guests are welcome.

The panel will meet at the Nelson House in Poughkeepsie. Reservations can be made for a dinner at 6:30. The meeting will start at 8:15.

The Board also heard chairman Caroline Wilson discuss the awards which the Shop directs voted to present this coming May to the most outstanding student in each craft class. Course teachers will judge which student is qualified to be singled out for honors. A year's membership in the Woodstock Guild Shop will be given the winning students.

Two new classes will be beginning shortly at the Woodstock Guild of Craftsman. Berta Frey's weaving sessions start Wednesday, Jan. 26, beginning at 7 p. m. Miss Frey will also offer afternoon classes, starting Wednesday, Feb. 2, at 1 p. m. Both evening and afternoon sessions run for three and one-half hours each.

Jewelry classes under the direction of Marie Frey are scheduled to begin on the afternoon of Wednesday, Feb. 2. Registration for all of these classes may be made in advance by contacting Mrs. Kottly Wangler at the Guild Shop on Tinker Street.

117 Perish...

lot Refuge, killing all persons aboard.

After leaving India, the big jet had stopped at Beirut, Lebanon, and was on its way to Geneva when it crashed. After the stopover in Geneva, it was to be put down in Paris and London before flying the Atlantic.

The flight was Air India's No. AI-101, a spokesman for the airline said.

There had been no indication of any trouble as the plane approached Geneva to land, cutting through a layer of clouds shrouding the city. Above the clouds, the weather was clear.

Contact Breaks Suddenly

The Geneva airport said it had been in radio contact with the plane from the time it flew over Turin, Italy, but contact suddenly broke off at 8:02 a.m. — 2:02 a.m. EST.

The Mont Blanc massif extends 30 miles north from the Little St. Bernard Pass along the French-Italian and French-Swiss borders. It is 10 miles wide at its maximum and culminates in 15,781-foot Mont Blanc, Western Europe's highest peak, which is in France.

Named Atlantic Editor

BOSTON (AP)—Robert Manning, 46, a former assistant secretary of state and originally from Binghamton, N.Y., is the new editor of the Atlantic magazine, one of the nation's oldest literary monthlies.

Manning, who joined the magazine about a year ago as executive editor, succeeds Edward Weeks, who retired after 28 years as editor.

Home Extension Service News

There are no "hard and fast" rules in picture hanging. You do wish to give your picture its best setting, however. Phyllis W. Barlow, extension home economist, mentions the ways you can achieve the effect you desire:

There are no "hard and fast" rules in picture hanging. You do wish to give your picture its best setting, however. Here are some ways that you can achieve the effect you desire.

Plan to hang your picture (or group of pictures) low and close to a piece of furniture. Left "at sea" on the wall, the picture may look unrelated to its surroundings. For best effect, it should form a unit with a furniture grouping.

You do not always need to center your picture over a piece of furniture. Rather, you might have a more interesting arrangement if you place it in relation to a grouping of furnishings (table, chair, lamp, for example), or in relation to accessories used with a piece of furniture.

Some pictures obviously look as if they face in one direction. If the action in the picture directs your eye either to the right or left of the picture, you will want to be sure your picture is placed so it does not direct your view into a corner of the room. Do not have your picture face into a corner.

Perhaps you plan to hang a series of small pictures, rather than a single, large picture on a larger wall area. If so, group the pictures so they give the impression of relating to each other as a single unit but without crowding them. For example, if you wish to group two pictures together, be sure the space between the pictures is less than the width of one picture.

Hang your pictures so that the support wires do not show.

Place a piece of cellophane tape over the spot where the picture hooks will fasten into the wall. This will help keep the plaster from crumbling.

If you do not wish to make nail holes in the wall, you might use the commercial adhesive hooks which stick to the wall. Watch the weight of the picture, however. These are best used with lightweight pictures or those framed without glass.

If you wish to hang your pictures from ceiling picture molding, use two hangers and parallel wires. This method makes the wires less conspicuous.

Ulster County Egg Producers Cart Expect Some Increases in Egg Prices in 1966

Ulster County hens won't be laying any golden eggs in 1966 but their eggs will be worth more, according to Robert D. Guzewich, Cooperative Extension Agent.

He reported that egg prices in the first half of 1966 will go higher than last year while the number of laying hens will be down and total production of eggs will also be down a little. Rate of lay is expected to move up slightly from the 217 figure of the past two years.

Agent Guzewich reported that the wholesale farm price of eggs in November and again in December of 1965 was the highest since 1961. Large white eggs were quoted at 50 cents per dozen wholesale basis for six market days in mid November and again for two market days in the week just prior to Christmas. This week the farm price of large white eggs is down to 42 to 44 cents per dozen, reflecting a rather sharp decline in demand for fresh table eggs in the past 10 to 14 days.

Pew Arthur Bratton of Cornell's agriculture economics department expects the traditional pattern will follow the increase in egg prices. Guzewich said. The economist looks for a larger, younger, more productive flock in the latter half of 1966 with production going up and egg prices going down.

Bratton stressed that efficient production will be the key to success for egg producers in 1966. "High rate of lay, efficient use of labor, good feed conversion and cost control will be essential for a good net return."

Turning to broilers, the agent and economist forecast larger numbers in the first half of 1966 because of lower feed prices, less red meat and more layers producing broiler hatching eggs.

Higher turkey prices, lower feed prices, and more breeder hens point to a 1966 record turkey crop, the two men said, probably exceeding the high of 108 million produced in 1961.

4-H Club News

Marbletown Group

The Marbletown Marblettes 4-H Club of Stone Ridge met Wednesday in regular session. Films were shown at the meeting—sewing blouses and skirts which will be this year's project for the group. Attending the meeting were the following members: Cathy Wilkie, Cindy Raymond, Wendy Rose, Susan Dorfner, Nancy Warren, Kathy Barnhart, Nancy Schultz, Libby Cole, Ruth Poenicke, Joann Cobby and Susan Boice. Adult advisors present were: Mrs. E. Barnhart and Mrs. C. Warren. The next meeting of the Marblettes is scheduled for Wednesday.

MARINE DETACHMENT HONORS PAIR—Members of Ulster Detachment, Marine Corps League, honor Joseph Kelly, retired city editor of Kingston Daily Freeman, and Kurt Gruber, of Saugerties, 1965 "Marine of the Year" in special ceremony Saturday night at Oak Grove Chalet, Route 9W. Gruber was awarded coveted honor at 18th annual Marine Ball in November, while Kelly was recognized as first Honorary Marine of Ulster Detachment, Marine Corps League, for his role in helping organize detachment and subsequent efforts on its behalf.

Marine League Cites Gruber, Kelly in Awards

Ulster Detachment, Marine Corps League paid tribute Saturday night to the "1965 Marine of the Year," Kurt Gruber, of Saugerties.

Gruber, a past commandant of the organization, received the coveted award at the 18th Marine Ball in November. He was lauded for his many services to Ulster Detachment over the years, and particularly for having served almost three successive years as commandant at a time when the organization was in a state of semi-disbandment. It was almost exclusively through his efforts that the Detachment survived and again is flourishing. The presentation to the Marine of the Year was made by Detachment Commandant Gilbert Gray. Marine Gruber received an enthusiastic acclamation by the 40 Marines and their wives present. The annual Marine Dinner was held at the Oak Grove Chalet.

Ulster Detachment took advantage of the affair to make a surprise presentation of honor to Joseph Kelly, former city editor of the Kingston Daily Freeman. Commandant Gray presented Kelly with a certificate as the first Honorary Marine of Ulster Detachment. He also was presented with an engraved plaque and the crimson and gold hat of the Marine Corps League. Albert J. Melville, lifelong friend of Kelly, paid tribute to the latter's long years of service to Ulster Detachment, Marine Corps League, as well as to the community as a whole.

John Ray Mayone, past commandant of Ulster Detachment, joined in relating to the assemblage many of the activities for community and especially the youth of Kingston over the years by the guest of honor. Mayone related that he had been chairman of the V.V.F. Man of the Year Dinner on May 31, 1956 at which Joe Kelly was the recipient of this award. Mayone said

that while Kelly deserved recognition in 1956, he is easily the man of the year every year in Kingston.

In accepting the award, Kelly reminisced about the early days of Ulster Detachment in 1946 and the part he played in helping

organize the detachment. He also paid tribute to Albert Melville, "The Great Mel" and related tales of Melville's achievements as a swimmer in the 1939 World's Fair and his Marine Corps service in the Nicaraguan campaigns.

TV Reviews, Best Bets

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP)—In recent months CBS has sampled the nation in connection with television shows and found that we are not very good automobile drivers and that our knowledge of citizenship and matters of health is limited. Now NBC has come along with the coup de grace: apparently few of us are absolutely honest.

That hurts.

NBC's adaptation Sunday night of the audience quiz show consisted of 16 do-it-yourself questions, each with a number of subdivisions. There were dramatizations, candid camera shots, dissertations on cheating and religion's effect on morals, endless statistics and a number of demonstrations of how circumstances may change one's opinion of right and wrong.

One question concerned a bookkeeper who altered his company's ledgers and took \$40. The national sample overwhelmingly condemned the act. But when the ante was raised to \$30,000 which the man took so that his wife could receive vital medical care, 42 per cent admitted they might do the same thing to save a life.

The program established adroitly at the outset that most of us are, or have been, dishonest at times.

The questions covered padded

insurance claims, attempts to bribe a police officer, taking material from one's job. The final question was whether the individual test-taker thought he was as honest as the rest of the country. Sixty-two per cent thought they were—but from the returns that doesn't sound very impressive.

CBS' "Alumni Fun" returned for a third season Sunday afternoon to help fill the void left by football. This season the questions seem considerably more difficult. The show, a variation of the old "College Bowl" format, might be more interesting if the competing teams of illustrious old grads were given a little more freedom of expression.

Recommended tonight: "The Perry Como Show," NBC, 9-10 EST with Lena Horne and Paty Duke.

NEWSPAPER ENTERPRISE ASSN.

Forster Retires From Hercules On February 1

Albert E. Forster will retire Feb. 1 as chairman of the Board of Directors of Hercules Powder Company, ending 36 years' service with Hercules in a career which spanned a diversity of executive responsibilities.

Widely known throughout the nation in the chemical industry and the explosives field, he has also been active in national youth organizations such as the Boy Scouts and 4-H Club.

Forster was the third president and the fourth chairman of the Board in Hercules' 53 years of corporate existence.

In announcing the pending retirement, Hercules' president, Henry A. Thouron, said Forster had given years of "able and distinguished service during which he made outstanding contributions to the growth of our company."

Elected to the Board of Directors of Hercules in 1941, and elected a vice president in 1951, Forster became president and chairman of the executive committee in 1953 and chairman of the board of directors in 1956. In January, 1963, he resigned as president, to be succeeded by Thouron.

Mr. Forster also resigned as chairman of the Executive Committee and as a member of the Finance Committee, remaining as chairman of the Board and member of the Executive Committee. He resigned as a member of the Executive Committee in November, 1964.

Passage Seems . . .

caused by the state's switch to a staggered registration system.

Motor Vehicle Commissioner William S. Hults wrote to Travia and Brydges over the weekend, arguing that a postponement was not necessary. Hults said a survey of 100 offices showed that only a few had significant backlogs and that these were being cleared up.

Brydges and Travia said later that they were inclined to go along with Hults. Pressure from rank-and-file lawmakers, however, could force action on the pending bills.

Also awaiting attention this week was Gov. Rockefeller's \$20.5 million deficiency budget bill, an annual measure covering expenditures not anticipated when the main budget was adopted months previously.

Indications were that it would be approved without change, probably on Tuesday.

The measure would raise state spending for the current fiscal year to \$3.47 billion. It would provide \$8.4 million for state government operations, \$8.7 million for construction projects and \$3.4 million to be spent in anticipation of federal aid.

One of 94 Objectives
The lottery plan was among a list of 94 objectives outlined in the official 1966 Democratic legislative program, announced Saturday by Travia and Senate Minority Leader Joseph Zaretzki.

The lottery measure, advanced by the Democrats last year when they controlled both houses of the Legislature, attracted a large bloc of GOP votes in gaining initial passage.

With Republicans back in command of the Senate this year, the question had been whether the GOP leadership—usually hostile to gambling ventures—would try to kill the plan.

Brydges removed the question today. The measure would allow the Legislature to decide what form the lottery would take, if the basic idea is approved by the voters.

Sponsors of the legislation have said that they would model it after the New Hampshire lottery, which sells tickets based on selected horse races.

The proceeds of a New York lottery, estimated as high as \$250 million a year, would be earmarked for additional aid for the public schools.

The Democrats' legislative program, meanwhile, pledged a \$74-million increase in state aid for the school year beginning next September.

Among other major objectives listed by Travia and Zaretzki were:

- Revision of the divorce law. They did not specify, however, what changes they would seek in the current law, which makes adultery the only ground for divorce in this state.
- A 25-cent increase in New York State's minimum wage, raising it to \$1.50 an hour. Rockefeller vetoed similar Democratic legislation last year.
- Improvements in the state law designed to prevent public-employee strikes, such as the strike that crippled New York City's transit system.

Xerox Earnings Up

ROCHESTER, N.Y. (AP)—Xerox Corp. earnings for 1965 were 47 per cent higher than the previous year, the company reported Sunday.

Net income for the calendar year totaled \$58,647,947, equal to \$2.78 a common share. For 1964, Xerox reported net income of \$39,875,755, or \$1.91 a share.

Officials said the figure included net income for Rank Xerox Ltd., the company's overseas affiliate, of \$4,933,596 for the fiscal year ended last June 26.

The Rank Xerox earnings figure was an increase of 204 per cent or \$3,308,616 over fiscal 1964 net income of \$1,024,980, the company said.

Lefkowitz Asks For Political Campaign Laws

ALBANY, N.Y. (AP)—A bill aimed at barring publication of "false and scurrilous" campaign statements about political candidates was before the State's legislators today, at the behest of Atty. Gen. Louis J. Lefkowitz.

Lefkowitz said Sunday the proposed bill would require all campaign literature to carry "adequate information" to permit identification of those had the material published.

He said he had asked Sen. Bernard C. Smith, R-Suffolk, and Assemblyman Martin Ginsberg, R-Nassau, to offer the bill today.

The attorney general's office during campaigns, he said, but receives frequent complaints during campaigns, he said, but "when we investigate, we often find that the literature has little to identify it with its source."

ROBERT D. STUBBS

Assumes 'Y' Duty

a member of the Washington Junior Chamber of Commerce, president of the capital section of the American Camping Association, and first vice-president of the Central Atlantic Area Association of Secretaries, a professional YMCA society. Prior to moving to Washington, D.C., he served in adult membership, program and camping capacities with the Syracuse N.Y. YMCA.

Stubbs, 33, is a cum laude graduate of the State University of New York at Cortland, where his major was recreation education. He served two years active duty as an officer in the U.S. Marine Corps. Mrs. Stubbs is the daughter of Mr. and Mrs. Lester Peroneus of Kingston and Venice, Fla. The Stubbs have three children.

Budget Will . . .

\$4.8-billion tax bill to help hold the deficit for the fiscal year beginning July 1 to \$1.8 billion. The President's bill calls for larger withholdings from individuals, speedier collection of corporation taxes and the restoration of this year's cuts in telephone and car excise taxes.

Rep. Melvin R. Laird of Wisconsin, chairman of the House Republican Conference, said however that the "real deficit" will be much larger. He said \$4 billion in advance tax collections constitute only "a free loan to the government" and not any increase in permanent income.

Await Johnson's

cratic Leader Mike Mansfield said he hopes the President will continue the bombing pause as long as there is a "faint glimmer of hope" for peace negotiations.

Mansfield gave his views in an interview as Rusk and Secretary of Defense Robert S. McNamara scheduled reports to committees on the Viet Nam situation.

Rusk briefs the Senate Foreign Relations Committee on the world situation, with emphasis on Viet Nam.

McNamara returns to a joint session of the Senate Armed Services Committee and Defense Appropriations subcommittee to continue answering in detail questions about future strategy and weapons requirements in connection with Johnson's request for \$12.7 billion in supplementary Viet Nam funds.

Butter Prices

NEW YORK (AP)—USDA—Butter offerings in balance with present needs. Demand fair. Wholesale prices on bulk cartons fresh.

Creamery, 93 score AA 60-60½ cents; 92 score A 60-60½. Cheese offerings light to adequate. Demand fair to good.

Wholesale sales, American cheese whole milk. Single daisies fresh 46½-49½ cents; single daisies aged 52-55; flats aged 53-57; processed American pasteurized 5 pounds 44½-46½; domestic Swiss blocks grade "A" 55-58, grade "B" 53-56, grade "C" 52-55.

Financial and Commercial

NEW YORK AP—The stock market rallied as President Johnson's record budget was sent to Congress today. Trading was heavy early this afternoon. Aerospace issues took a new lease on life. Electronics, some office equipment and photographic issues, airlines, motors and steels were among the gainers.

The advance was not very broad. Oils, tobaccos and a number of nonferrous metals showed scarcely any change. Utilities were mixed. Rails edged higher on balance.

Quotations by Wood, Walker & Company, members of the New York Stock Exchange, 63 Wall Street, New York City, branch office, 52 Main Street, Lowell S. Brooks, manager.

Area Gets . . .

Phoenicia and surrounding areas. In the city the accumulation varied between 6 and 8 inches.

Leeds State Police reported 18 inches of snow at Tannersville and 5 to 7 inches at Leeds. The storm stretched from the Atlantic Coast to Illinois and from Arkansas to New England.

Several traffic accidents were reported to authorities, but no fatalities were recorded in the county during the weekend.

Hamilton Fish Hurt

Hamilton Fish, 39, Milbrook Republican, who is seeking the party nomination as candidate for Congress in the 28th District, and two youths were injured at 4:20 p. m. Sunday in a two-car collision on West Road, Town of Pleasant Valley.

Dover Plains State Police said Fish was driving along the road when a car driven by 16-year-old Gerald Dingee, Milbrook, was in collision with the Fish vehicle. Fish, troopers said reported the Milbrook man said he was to see his own physician for treatment for lacerations of the lower lip and bruises of the hip.

Dingee sustained bruises and a passenger in his car, Joseph Rizzo, 18, Milbrook, received minor injuries. The Dingee car skidded just before the collision, troopers said.

Four Hurt On 212

Four persons were injured at 7:05 p. m. Sunday in a two-car collision on snow-covered Route 212, Town of Saugerties. State Trooper Thomas Croyle reported the cars were operated by Alke Pittas, 38, Catskill, and John Olsen, 26, Willow.

Troopers reported Olsen's car skidded just before the crash. Olsen, who sustained lacerations of the face; Pittas, who suffered neck and shoulder injuries; George Neher, 26, of Catskill, a passenger in Pittas' car, who received neck injuries; Santa Neher, 45, West Camp, who sustained injuries of the left leg. Trooper David Wachtel, who investigated, said Olsen was taken to Kingston Hospital, the others were treated at Benedictine Hospital.

Donald Gianetta, 21, New York City, escaped injuries Sunday when his car skidded on hard packed snow on Route 212, Town of Saugerties, and overturned, according to Trooper Crowley. Trooper Wachtel cited the driver for being an unlicensed operator.

Hits Blade of Plow

Troopers at Rhinebeck-Hyde Park substation reported Viola Keull, 35, Hyde Park, sustained nose lacerations at 7:15 p. m. Sunday when her 1966 car hit the blade of a parked snowplow owned by Dutchess County Highway Department and in charge of Reginald Traver, 35, of Poughkeepsie.

State Police said the woman was driving south on Route 9G, Town of Hyde Park, and attempting to pass the county truck when the accident occurred.

At 9 p. m. Sunday a car driven by Clark Sherman, 22, Rhinebeck, was in collision with a parked car owned by Charles Lehr, Jr., 23, of Rhinebeck. The mishap occurred on West Chestnut Street at the foot of a hill, Rhinebeck troopers said. Sherman was treated at the North Dutchess Hospital for lacerations of the forehead, it was reported.

Bearsville Woman Hurt

Mrs. Barbara Shults, 33, of Bearsville, was injured at about 8 a. m. today when the car in which she was riding was in a collision on Route 28 near the entrance to the Rotron plant. She was taken to Benedictine Hospital by Doctor's Ambulance and treated for neck and back injuries. Trooper W. E. Wiedemann of the Kingston substation investigated. He said the injured woman was a passenger in a car driven by Catherine Apa, 19, of Athens. Further details of the mishap were not available early this afternoon.

Deaths, by community:

Friday

Franklin-Alvin Payne Jr., 60, of Franklin, struck by auto while walking beside Route 7.

Saturday

Albany—Thomas Mulligan, 21, of Albany, auto overturned on rural road.

Brooklyn—Emma Murphy, 37, and her daughter, Carol, 4, in an apartment fire.

New York—Thomas Turner, 48, of Manhattan, struck by auto while crossing Amsterdam Ave.

New York—Gale Lundie, 19, of Port Washington, two-car collision on Clearview Express-

SNOW WONDER—It took some time to get here, but winter's one-two punch—namely that big white stuff—finally pelted the area. And, Mr. and Mrs. John Lurvey and son, John, of 249 Pearl Street, took advantage of it by fashioning a couple of king-size snowmen on their home lawn (don't look for it.) City engineers' office, meanwhile, reported six inches of snow-fall from 5 a. m. to 10 a. m. Sunday, with total precipitation of .45 inches. (Freeman photo by Kruh)

Teachers Charge

The question is whether or not they will. "Second, what is mediation?" asked Rust. "Quoting from A Guide to Mediation, published by the State of New York, 'mediation should be viewed as a tool to help prevent or to cut short work stoppages. It substitutes reason for blind conflict. It permits the exercise of judgment by a third disinterested party in a conflict between labor and management.'

"It keeps the parties talking and permits them to find their way out of what may appear to be an impossible problem." The mediator, Rust continued, "if his services are accepted, issues no orders, makes no public statements. He simply attempts to bring parties together in an atmosphere of reason and to use his skills to effect an amicable solution."

At Saturday's press conference, Dr. W. Wendell Hoover, superintendent of schools in the Kingston School District Consolidated, said that some precautions have been made to staff the schools if the walkout on Feb. 1 becomes a reality.

Withall Contacted

Arthur H. Withall, board president, told newsmen that he has been contacted by the State Mediation Board in regard to the KTF action.

Withall said that Irving Shapiro, Albany, district supervisor for the Board of Mediation has been instructed to investigate the local situation. The Board president said no date has been set for a meeting with Shapiro, and that it was possible the Board of Education would meet with the state representative informally.

Mannix Ordered Out
At the opening of Saturday's press conference, Thomas M. Mannix, a past president of the KTF, appeared and identified himself as a reporter for the Empire State Teacher's Federation publication, which has a circulation of some 45,000.

Mannix was advised by the board that he was "stretching the point" and the teacher was ordered to leave the conference. Mannix is a regional director of the State Teachers' Federation.

Takes Issue With Head

Withall took issue at a press conference Saturday morning with a headline in The Freeman a day earlier which said that Governor Rockefeller "Allows Mediation" at the request of the teachers.

He said that the governor cannot invoke mediation because mediation can only take place where it is voluntarily requested by both parties—in this case the Board of Education as well as the Teachers' Federation.

Withall said the conference was called because "you people do not get it the facts" in the current teacher-board dispute and that he had found "discrepancies" in what has appeared in print and "what is fact."

Supreme Court Justice Harold E. Korman has issued a show cause order in Troy restraining the KTF from striking or staging a withdrawal of services Feb. 1. A hearing on the order has been scheduled for Jan. 26 pending investigation by the State Mediation Board.

Predicts Rise of Profits

He predicted corporation profits will rise from \$74.6 billion

SUCCESSFUL INVESTING...

by ROGER E. SPEAR
Investment Advisor & Analyst

Set Income Investments,
No Inflation Protection

(Q) "I am interested in inflation protection and would like to invest about \$10,000 in several stocks or bonds with growth potential. I am considering American Telephone; American Hospital Supply; Armco; Eastman Kodak; General Motors; Merck; Sears, Roebuck; General Telephone; New Jersey Standard. What utilities would be good? Commonwealth Edison?"

M. M. (A) I commend you on your stock selections. All the issues you have mentioned are good and some are excellent. I would avoid American Telephone for the present, because of the possibility prolonged investigation into its rate structure, which has put a damper on the stock. Forget about bonds, which can offer you no inflation protection, since they are fixed as to income.

At present, I suggest American Hospital; Eastman Kodak; Merck; General Telephone; Sears, Roebuck. These now seem best situated for the strong growth which you appear to be seeking. Commonwealth Edison is an excellent utility for your objective.

(Q) "I have \$1,000 Pan American bond costing 107½. I'm living on a small income and I would appreciate your advice as to what I should do with this bond. I understand it is going up to 345."

E. B. (A) you made an excellent investment in your Pan American World Airways bond. I assume you hold the 4½ debenture due 1979, which is convertible into common at \$15 a share until maturity. With the common now selling at 50, the conversion value of your debenture is about \$3,300. At current market around 331 (\$3,310) your issue sells right at its conversion value. It will move closely with the common stock to which it is related and could reach 345, if Pan American sells higher, which seems likely.

Your current return is about 1.5 per cent, however, and if you need more income—as your letter indicates—you might consider ultimately taking your substantial profit, reinvesting in Maytag; Atchison; Topeka & Santa Fe; Commercial Credit—bringing you an average yield of over five per cent.

Rodger Spear's 48-page Guide to Successful Investing is available to all readers of this column. For your copy, clip this notice and send \$1.00 with your name and address to Rodger E. Spear, in care of this newspaper, Box 1618, Grand Central Station, N. Y. C. 10017.

(T-M, WRR Gen. Fea. Corp.)

Viet Could . . .

passed by Congress in 1965 hit full stride. Labor—

Johnson called for an increase—size unspecified—in the \$1.25-hourly federal minimum wage; urged improvement in unemployment compensation; and renewed his demand for repeal of section 14B of the Taft-Hartley Act, which permits states to outlaw the union shop.

The "Great Society" programs actually are being stepped up by more than \$3 billion, Johnson said, but in several cases—chiefly in housing and education programs—private lending is being substituted for direct federal support.

Moreover, a number of "Great Society" programs have been trimmed below the maximum spending rates authorized by Congress, Johnson reported. If peace is achieved in Viet Nam these domestic programs can rapidly be increased, he said.

Would Request More
"If, on the other hand, events in Southeast Asia so develop that additional funds are required, I will not hesitate to request the necessary sums, Johnson said.

"And should that contingency arise, or should unforeseen inflationary pressures develop, I will propose such fiscal actions as are appropriate to maintain economic stability."

The President thus left the door ajar for a possible later request for a general tax increase.

The present spending estimates, he said, merely "reflect the best judgment which can be made at this point in time; the ultimate budget figures 'could be either higher or lower than the amounts I am now requesting."

The budget for 1967 bears the strong imprint of the troubled world we live in," he said. "If our efforts to secure an honorable peace bear fruit, these funds need not be spent."

"Yet it would be folly to present a budget which inadequately provided for the military and economic costs sustaining our forces in Viet Nam. And those costs are substantial."

Little Impact Left
For Congress members, there was little shock impact left in today's budgetary bundle. Most of the towering totals had been let out in dribbles by Johnson or by his aides in recent weeks.

But the full cost of Viet Nam did become visible, clearly and officially. It comes to \$15.2 billion in the two years covered by the message—\$4.7 billion in fiscal 1966, which ends next June 30, and \$10.5 billion in fiscal 1967.

It became clear too that the current fiscal year's budget—estimated at \$99.7 billion by Johnson a year ago—would have pushed up past the \$100-billion spending mark regardless of Viet Nam.

Outlays for 1966 now are estimated at \$106.4 billion. Revenues are now reckoned at \$100 billion, or \$5.5 billion more than anticipated. That will leave a red-ink gap of \$6.4 billion when the government year ends next June 30.

Leave Low Deficit
For 1967 the spending and income estimates—\$112.8 billion and \$111 billion respectively—leave a surprisingly low deficit of \$1.8 billion in prospect.

But that forecast is based on the assumption that the business boom, which will pass its fifth birthday in a few weeks, will continue to roll up record income, profits and tax collections for another year.

Johnson predicted total national output of \$722 billion in 1966, up more than \$16.8 billion from last year. Personal income will rise more than \$36 billion to a record \$567 billion, he forecast.

Coucheron, White and Falk Rosendale Ski Jump Winners

YOUTHFUL ADMIRERS—A group of youthful Rosendale Nordic Ski Club admirers watch home town favorite Steve White soar to victory in the Class B competition Saturday. (Freeman photo by Kruh)

White is undefeated in Class B this season. (Freeman photo by Kruh)

GROUND CREW—Youthful skiers of the Rosendale area assist officials at Nordic Ski Club jump site by "conditioning" the slope after each series of jumps. The conditioning consists of sking herringbone lines across the slope. (Freeman photo by Kruh)

Norwegian Youth Leaps 179 and 183 In "A" Division

Per Coucheron, Norwegian exchange student at Dartmouth, displayed near perfect form in winning the Rip Van Winkle Ski Council Jump, Saturday at the Rosendale Nordic Ski Club's new 70-meter jump on Mt. Joppenbergh.

The classy Norwegian out-classed the four-man Class A field with flights of 179 and 183 feet for 223.2 Nordic points. He also had a trial jump of 183 feet.

Peter Langlois of the host club was runnerup with 189.6 points on leaps of 154 and 157 feet. A close duel developed for third place, with Knut Stromstad of Maple Valley Ski Club edging Bernie Dion of Lebanon Outing Club, 187.7 to 187.2. Stromstad soared 149 and 150 feet to Dion's leaps of 156 and 150 feet.

Fourth place went to Earl Murphy of Beacon Mountain with 163.4 points on jumps of 161 and 162 feet. A fall on the outrun cut heavily into Murphy's point total.

White Wins in B
Steve White of Rosendale remained undefeated in Class B competition, with a solid 186.7 point performance in his division. He had flights of 158 and 163 feet.

Richard Nicolaysen of Lake Placid (155-160) was runnerup with 185.0 points. Nicolaysen is a 16-year-old Junior A competing in Class B.

Don Colby, also 16 and a Junior A, placed third with 183.6 points on leaps of 153 and 154 feet. Bob Roderick of Rosendale disregarded a slight concussion and three broken teeth to take fourth place with 181.2 points. He jumped 150 and 149 feet.

Bruce Falk of Bear Mountain, a consistent winner on his home slope, outclassed the Veterans field with 171.7 points on leaps of 137 and 132 feet.

The summaries:

(Class A)			
	1st	2nd	Pts
Coucheron, Un	179	183	223.2
Langlois, NSK	154	157	189.6
Stromstad, MV	149	150	187.7
B. Dion, LO	156	150	187.2
E. Murphy, BMSA	161	162	163.4

*Suffered fall on out-run.

(Class B)			
	1st	2nd	Pts
S. White, NSK	158	163	186.7
Nicolaysen, LP	155	160	185.0
Don Colby, LB	153	154	183.6
B. Roderick, NSK	150	149	181.2
D. Norris, Un	152	144	170.1
Fred Ward, MB	144	141	165.5
J. Jepson, WB	138	133	158.6
D. Jesmer, LP	139	133	141.1

(Veterans)

	1st	2nd	Pts
Bruce Falk, BM	137	132	171.7
R. Hein, DV	128	125	154.1
D. Tilton, SWSA	122	120	151.3

(Jumpers Injured)

Rosendale's two top Class B jumpers, Bob Roderick and Steve White, were involved in accidents when they were helping prepare the run on Mt. Joppenbergh. Roderick sustained a slight concussion and three broken teeth. White had a broken arm but both competed in the jumps.

The meet was conducted under ideal weather and slope conditions. Next week there will be a 20-foot vertical elevation added to the in-run for more speed for the jumpers.

Nordic Club president William Curran and Rune Karlson predict jumps between 240 and 260 feet.

Murphy Scores Twice In Kingston Matches

Cicero Murphy, the brilliant Negro pocket billiard star, had to come from behind each time to win two exhibition matches at Buster Ferraro's Golden Cue Sunday.

The Burbank World Invitational champion defeated Charlie Sangaline, former city champion, 150-110, in 16 innings in the matinee match. He then returned to win a tough battle with Buster Ferraro, 200-170, at night.

Sangaline led Murphy in the early going but the Brooklynite pocketed high runs of 46 and 38 to pull away. Sangaline had high run of 29.

Ferraro led Murphy, 142-98, when the latter uncorked a run of 51 and later pocketed 41. Ferraro's best string was 36.

Disappointing crowds saw the contests. Murphy arrived two hours late because of the storm and many spectators departed before he arrived. The night crowd was also slim.

St. Mary Jayvees Share CYO Lead

St. Mary's Jayvees came from behind to hand St. Joseph's its first defeat of the CYO league season, 42-40, at the John F. Kennedy School.

In other action, Immaculate Conception tripped St. Mary of the Snow (Saugerties), 37 to 19.

Trailing 22-13 at the half, St. Mary's tied the score at 40-40 with 30 seconds left to play. Pat Pillsworth then capped the winning deuce to create a first place tie between the teams in the Jayvee League.

Bob Marks of St. Joseph's took game honors with 15 points. Rick Henry (11) and Don Hastings (10) led St. Mary's. David Post led Immaculate

Conception with 13 points and Dan Reinhard hit 12. Mike Barone potted 12 for Saugerties.

Pennel Shatters World Record in Indoor Vault

LOS ANGELES (AP) — Two world indoor records, one by John Pennel in the pole vault, went into the books today as the track and field contingent headed for the famed Millrose Games in New York Thursday night.

Pointing toward Madison Square Garden, along with Pennel, were distance runners Kipcho Keino of Kenya and Jim Grelle, triple jumper Art Walker and sprinter Charlie Greene, all of whom starred in Saturday night's Los Angeles Invitational Meet.

A sellout crowd of 13,419 jammed the Sports Arena for the action. Pennel boosted the pole vault record to 16 feet, 9 1/2 inches on his first attempt after easily clearing 16-5, his starting point.

The old mark of 16-8 1/2 was held by Pentti Nikula of Finland. Pennel failed in three tries at 17-1 1/2.

Grelle, veteran 29-year-old miler from Portland, Ore., scored the upset of the evening when he came from far behind to defeat Keino in the mile. Grelle ran it in 4:00.9 and Keino in 4:01.8.

But the 26-year-old African, playing the Iron Man role, came back later to win the two-mile in 8:42.6, after a spirited battle with John Lawson of Kansas and Gaston Roelants of Belgium. Lawson was second in 8:43.0 and Roelants third in 8:47.6.

Walker, formerly of Morehead State in Kentucky and released from the Army last Friday, broke the world triple jump mark with a leap of 53-8 1/2. Michael Sauer of Germany held the record of 53-1 1/2.

National collegiate champion Greene of Nebraska equaled the world standard of 5.9 in the 60-yard dash.

Boston Celtics Way Up in Air

Things were really up in the air as far as the Boston Celtics were concerned.

The Celtics got to within 31,000 feet of Boston Sunday afternoon, but it was straight up. Their plane was diverted to Newark, N.J., because of heavy snow, forcing postponement of their National Basketball Association game with San Francisco.

It was the second postponement of the weekend. The Philadelphia 76ers couldn't play Cincinnati Saturday because they got snowed in at Cleveland, Ohio.

In the only game Sunday, the 76ers got 36 points from Wilt Chamberlain and outscored the Hawks 8-2 in the last 2 1/2 minutes for a 104-98 victory at St. Louis.

Comforter Five And Port Ewen Church Winners

Bill Millham potted 30 points and Brian Elmendorf added 25 to pace Church of Comforter to a 50-40 romp over St. James Methodist in the Protestant Church Senior basketball league.

Port Ewen Methodist edged Redeemer, 51-47.

Pete Lewis drilled 21 for St. James. Bob Swisher of Redeemer earned 10 points. Bob Freer (14) and Bob Barth (14) paced Port Ewen.

The scores:

Port Ewen Methodist (51)

Spencer Captures Biathlon

LT. WILLIAM SPENCER

JOHN EHRENSBECK

LT. EDWARD WILLIAMS

ALLAN SMALL

Lt. Williams Is Third in Race At Lake Placid

Lt. William S. Spencer of Salt Lake City is the new United States National Biathlon champion after skiing and shooting his way through snow-laden winds over a course about 16 miles long.

Spencer earned the title Sunday as he battled winds of up to 15 miles an hour and near-blizzard conditions in the Adirondack Mountain resort of Lake Placid.

The race had been transferred from Rosendale to Lake Placid because of lack of snow. Ironically, the heaviest snow fall of the season blanketed the area Sunday.

S/4 John R. Ehrensbeck of Old Forge, Pa. placed second. Lt. Edward (Gust) Williams of Rosendale, finished third and fourth place went to Allan Small of Durango, Colorado.

This quartet will make up the United States Biathlon squad for heavy competition in Europe in the weeks ahead.

Corrected Time

Spencer's corrected time for the 20-kilometer course was 1:45:50, during which he fired 20 rounds from an Army rifle at four targets. He was charged with a six minute penalty.

Ehrensbeck was timed in 1:52:01 and had 10 minutes in penalties. Williams finished in 1:53:06 with 13 minutes penalties. Small, penalized 11 minutes, was clocked in 1:55:17.

Twenty-two contestants were in the field.

Champion Bows Out

Defending champion Lieut. Charles Kellogg of Andover, Mass., was forced to withdraw from the race when the front sight of his rifle popped off. He was in contention at the time.

Spencer wrapped up his second major victory of the season in the Lake Placid event. He had previously won the Canadian National Biathlon, in which Small was second and Williams both had perfect target shooting, 20 for 20. Small had a 2-minute penalty but skied very well.

Ehrensbeck has come into his own this winter. He took the 30-kilometer Canadian Cross Country championship and Small was third under extremely harsh conditions. Several cases of frostbite were reported among competitors and judges in the 20-below weather.

Three Major Events

Three major tournaments await the United States squad in Europe, with a fourth in the making.

Next weekend, they compete in Switzerland en route to Garmisch - Partenkirchen for the World Championships. The World Military Championship is scheduled in Finland in March. Efforts are also being made to arrange a race in the East German zone.

Praises Upstater

Walter Williams of Rosendale, original site of the Biathlon, had high praise for Lake Placid ski officials and residents for the excellent job they did in setting up the course on short notice.

Williams singled out for special praise Ron McKenzie, Lake Placid postmaster and dean of organized ski competitions in the East, and Vernon Lamb, a lumberman. Birger Torrisson of Salisbury, Conn., was the technical adviser who supervised the plotting of the course.

Rosendale officials who accompanied Williams to Lake Placid included Karl Strobel, Burt Thorpe and William (Buddy) Emberson.

George Wilson, secretary of the United States Modern Pentathlon, came up from Washington, D.C., to make the awards.

Mrs. Walter Williams presented Spencer with an award in behalf of the Rosendale Women's Club.

Teacher-Student Share Honors in Slalom Trophy

TURIN, N.Y. (AP)—A school teacher and a student at St. Lawrence University share top honors in the 12th annual Oneida Silversmiths Slalom Trophy Race held at Snow Ridge Sunday.

The student, Terry Phelps of Lyons Falls, had the fastest first run in the 40-man field. The teacher, Warren Witherill of Lake Placid, came up with the fastest run of the day on his second trip down the 45-gate course, however, to gain a tie in the competition.

Each wound up with 94.7 points.

Witherill, 31, teachers at the North Country School and is a former national water-ski champion.

Phelps, who is 21, is a senior at the Canton college. Henry Chrzanowski of Snow Ridge was third with 96.0 and Mike Raymaley of Lake Placid fourth with 96.5.

In the women's division, 15-year-old Penny Northrup of Elliptoville out-skied Cathy Behnhauer of Bellayre Mt. by a full second.

WINNING FORM—Per Coucheron, exchange student from Sweden, displays the form that enabled him to win first place in the first Rosendale Nordic Ski Club jump of the season Saturday at Rosendale. Coucheron easily outclassed the field. (Freeman photo by Kruh)

Postpone Finals In Nordic Skiing

BRATTLEBORO, Vt. (AP) — The final round of jumping trials for the U.S. Nordic combined ski team has been rescheduled for Tuesday on the 65-meter Harris hill.

The wind-up was postponed by heavy snow and gusting winds Sunday. Bernard Dion of Hanover, N.H., suffered fractures of both wrists and a scalp laceration in a wind-caused spill during a practice jump. Dion was taken to Brattleboro Memorial Hospital, where he was reported in good condition. Dion suffered a broken neck in a fall while trying out for the olympic team in 1959.

John Bower, a 1964 Olympian from Auburn, Maine, holds a 22-point lead over Lloyd Brinsmark of the Telemark Ski Club in the jump.

Upstater 14th

MIDDLETON, Wis. (AP) — Fifteen-year-old Jay Rand of Lake Placid, N.Y., held 14th place today in ski-jumping competition here.

Rand, the youngest in the field of 36, earned that position Sunday after the first weekend of competition.

Observers said Rand showed considerable future promise.

L.S. MET

LUCKY STRIKE

filters

I said,
"Show me a filter cigarette that really delivers taste and I'll eat my hat!"

Q. Why is Imperial the knowledgeable choice?

A. It's a matter of taste—and quality. Exceptional quality.

Sinsabaugh's 692 Leads Pin Loop

Bill Sinsabaugh turned in a hat trick and narrowly missed the coveted "700" circle with a rousing 692 in the Esopus Legion Mixed League. He pegged 241, 245 and 203.

Margaret Bennett made 504, Ed Baldyga 225-545, Larry Decker 541. Results: B. C. Potter and Son Inc. 3, Team No. 7 0; Don's Corner Rest 2, Esther's Corner Rest 1; Whittaker's Insurance 2, Rita's Beauty Salon 1; 9W Hofbrau 2, Slight's Builders 1.

Benedictine Hospital

Results: 5 Inlaws 2, The Boon Docks 1; Gemini "5" 2, Pussy-cats 1; Gang Busters 3, Defenders 0.

BRUCE HINKLEY had consistent efforts of 225, 203 and 199 for 627 in the Ferraro Sunday Mixed League. Harry Lowe Sr. clubbed 236-608. Kathy DeCicco topped the distaff side with 543. Others, Rose Schatzel 485, Anne Hinkley 209-504, Viola Worden 309 (career first), Shirley Leonard 519, John Schatzel 577, Dick Palkon 220-579, Tom Hines 546, Bob Finley 558, Harry Lowe Jr. 558, George Magley 543, John Acker 213-561, Jack Fisher 214-549, Jim A. DeCicco 552, George Worden 201-550, Carmine Immediato 210-552. Tom Rundle stroked a 236 solo. Results: Farmer's Market 2, Slicker's Delivery 1; DeLuca Cleaners 3, Alpine Rest 0; Holland Poultry Farm 2, Table Talk Pies 1; Bridge Circle Rest 3, VanKleeck Construction 0; E-Z-Do Pools 2, Central Lunch 1; Steven's Trucking 2, Maggior Farmis 1; Acker's Bus Line 2, Lazy Bones Boat Basin 1; Royal Tire Service 3, Tremper Machine 0; Morgan Hill Poultry Farm 2, Hudson Valley Explosives 1; Trailways 2, Top's Cleaners 1; Schultz Limousines 3, Jim DeCicco's Trucking 0; Dick's Admirals 2, L and B Oil 1; By-Pass Pizzeria 2, Perry's Motors 1; DeMico Motors 2, Franz Rambler Sales 1.

HOPPY KURILACH closed with a solid 235 after games of 146 and 198 for 599 series in the Plaza Friday Mixer. Marian Auer made 203-505, Rose Lechner 50, Jackie Schoenbacher 527, Joe Vadmalma 221-597, Pat McGuire 522. Results: Utica Club 2, Rudy's Rest 1; Statewide Furniture 2, Michael's Barber Shop 1; Paul's Service Station 3, Saugerties Savings Bank 0; Boo's Bar 2, Missa's Market 1; Flamingo Restaurant 2, Halpert's Jewelers 1; Pepperidge Farm 3, Paramount Pharmacy 0.

BOB MYERS made 585 on games of 216, 195 and 174 in the Mid-City Mixed Foursome. Larry McHugh hit 200-542, Flo Beichert 203-505, John Betkowski 537, Ann Manfro 528, Frank Koppe 247-555, Joe Dousham 545. Results: Lincoln Park Inn 3, Crosby by Real Estate 0; Mitchell Sales 2, Kingston Ornamental Iron 1; Peacock Painters 3, Phyllis Jeanne Shop 0; 3 Brothers Egg Farm 2, Beach Construction 1; Tommy's Rest 3, Ulster Aquarium 0.

ED KILPATRICK rebounded from a 179 start to post 223 and 204 for 606 in the College Mixer. Virginia Lillberg's 530 topped the ladies. Nell Alverson hit 514, Barbara Terpening 511 and Fran Kilpatrick 486. Results: Mne Pace Specialty 4, Tony's Barber Shop 0; Augustine Insurance 3, Simone Roofing 1; Badami Farms 2, William Morris Insurance 2; New Paltz Telephone 3, Schulte Builders 1.

JM NOBLE and **JACK FERRARO** shared honors in the Mid-City Father and Son League with 562s. Jeff Leone hit 495 and "rv" Noble 485 for the sons. Results: Arrows 7, Spinnaro 0; In Ropes 5, Rogues 2; Nobows 5, Misfits 2.

Torelli Needs Robust Series

Jim Torelli of Middletown needs a big series today if he is to survive the second cut of the field in the BPAA All-Star Bowling tournament and move into tomorrow's 12-game semi-final round.

The other Hudson Valley BPAA representative slipped further behind yesterday with 951 on 179, 170, 207, 222 and 173 and now has 4956 for his 25 games.

It's being estimated that it will require a score of about 190 pins over a 200 average to gain the round of 72 and Jim is 14 sticks "under" at this point.

Kingston's Herb Petersen, the other Valley representative, did not make the first round cut.

Local Teams Bow In Newburgh Loop

Local teams managed only two wins in six Mid-Hudson Classic games Friday at the Camp-Tarsio Lanes in Newburgh. Vollar Sales won a pair front Galloway's Mustangs as Greg Voci showed the way with 639, Bob Sheltighner's 613 was high for the local combine.

Tompkins and Baxter Insurance used a 648 by veteran Phil Versace and a 625 by John Martini to win two from Sangi's. Tom Carlinio's 598 paced Sangi's.

Sangi's Bowlers (1)
D. Howard 184 189 176 549

Palmer Second

Massengale Captures Crosby Golf Tourney

By JACK STEVENSON

PEBBLE BEACH, Calif. (AP)—Champagne Tony Lema will get a bubbly recommendation from the winner of the \$104,500 Bing Crosby Tournament if he ever decides to quit the pro golf tour and start teaching the game.

Lema, who ran into trouble with his own game in Sunday's final round, was in a threesome with Don Massengale of Jacksonville, Tex., and when the Texan moved ahead of the pack, Tony supplied the counsel which helped stand off Arnold Palmer's famed charge.

"Tony was extremely helpful as the pressure built up," the 28-year-old Massengale said at the finish. "He helped calm me down, and a couple of times told me 'you have everything under control...let them chase you.'"

So, while Lema soared to a 79 and 293, Massengale beat off the Palmer challenge and defeated the all-time money-winning champion by one stroke with a 70-283.

Had Double Bogey
Palmer shot a 71 on his final round and the double bogey he took at the first hole of the Pebble Beach course eventually proved his downfall.

Lema collected \$1,200 for his effort but hopes to earn more this week playing in the Lucky International Open at San Francisco near his hometown of San Leandro.

Massengale and Palmer will be there for the \$50,000 Lucky Tournament starting Thursday over the Harding Park Municipal course.

Palmer already has won \$19,100 in the two tournaments he has played this year — the \$11,000 winning purse at Los Angeles, \$6,200 for finishing second to Massengale in the Crosby duel and \$1,900 for a third-place finish in the pro-amateur division of the crooner's silver anniversary clam bake. He teamed with his business manager, Mark McCormack.

Chuck Courtney and Dr. John Moler, a dentist, won the pro-am in a playoff against Bill Martin and a San Francisco business-

nessman Bob Roos. Each team finished 72 holes with best-ball totals of 255.

As the pros had problems with errant shots, Dr. Moler carded a bogey which with his handicap stroke gave his team the victory and Courtney \$4,000. The dentist received a silver dish.

Massengale pocketed \$11,000 for beating the monster Pebble Beach course. There also were other benefits for a fellow who never before had won a major Professional Golfers' Association tournament.

He'll get a \$1,000 guarantee for the Tournament of Champions in Las Vegas and a \$600 guarantee plus a trip to England for the Carling World Tournament. And Massengale will be paired with other tournament champions in future PGA events.

Massengale started four strokes off the third-round pace of Al Geiberger, caught and passed him with fantastic putting on the first nine holes and then held off his challengers.

When Massengale bogeyed three of the first five holes on the back nine, the battle went to the 17th hole with the Texan just one stroke ahead of his challengers. Palmer had dropped putts of 14 and 20 feet on the 15th and 16th holes to burst into contention.

Massengale parred the 190-yard 17th and then won on his gamble at the 18th. He had to hit his third shot under a tree limb and over a trap and he did it, winding up four feet from the hole and putting in for his only birdie on the back nine.

Missed Eagle
Palmer, playing behind him, then needed an eagle — less probable than a hole-in-one — and didn't pull off the miracle even though he did collect his birdie to capture second money. Geiberger and Martindale collected pars to tie for third place and win \$14,000 apiece.

Jack Nicklaus, the 1965 money-winning champion who was playing his first tournament of 1966, hit two tee shots into the ocean on the 18th, took a nine on the hole, a 76 for the round and a 295 total.

At 287 came Doug Sanders with a final-round 71 and Randy Glover with a 70.

Faccioli Paces Hawk Quintet With 25 Points

Joe Faccioli's 25 points and a second half comeback enabled the Hawks of New Paltz State to upset Adelphi University, 84-80, Saturday at the losers' court in Garden City.

In reaching the 500 plateau with their 5th win in 10 starts, coach Doug Sheppard's Hawks had to survive 27 personal fouls and the loss of starters Ty Sands and Pete Brenner via the personal foul route.

Faccioli, who is regaining top form after missing several games, hit for 11 baskets and added three foul tries for his 25 points. Sands had 14 markers and little Ted Rufus added a dozen.

Adelphi had a slim, 39-36, lead at the interim and the game was nip and tuck most of the second half. Nine of the ten players used by Sheppard, dented the scoring column and it was this balance which proved to be the difference.

New Paltz faces another toughie this Saturday, playing at Quinnipiac.

Box score:
New Paltz (84)
Sands 17 0 5 14 25
Faccioli 11 3 4 25

Meyer Retains Lead in Chess

Eugene Meyer retains first place on the Kings Knight Chess Club ladder after recent matches. John D. Mager is second and Fred Stern third.

Recent results: Card Lundquist defeated William Wetterer; Parker Ballantine over Eric Greenberg; Ronald Sobieraj over Richard Eng; Carl Lundquist over Anthony Criscimagna Jr.; Dr. Dave Gerberg over Nathan Katatsky.

The Knight Chess Club meets every Friday 8 p. m. at the Elks Lodge in Kingston. Visitors are welcome.

Order of the ladder: Eugene Meyer, John Mager, Fred Stern, Guy Branda, Nathan Katatsky, Dr. David Gerberg, Leo Gare, Carl Lundquist, William Wetterer.

Also, Anthony Criscimagna Jr., Ronald Sobieraj, Richard Eng, William Seabury Larry Houlihan, Parker Ballantine, Eric Greenberg, John Seabury.

NICE RECOVERY FOR NICKLAUS — Jack Nicklaus, of Cleveland, Ohio, wedges his way out of a tight spot on the beach at Pebble Beach, Calif., during pro-amateur tournament. Nicklaus hit ball onto the green 15 feet from the cup, but missed putt for a bogie four. (AP Wirephoto)

Rhinebeck, Beaumont Cage Teams Triumph

Duke Hoping To Even Score

By MURRAY CHASS

Associated Press Sports Writer
Duke's Blue Devils will have an old score to settle and their No. 1 national ranking to protect when they clash with North Carolina State this weekend.

"We knew we would have a pretty good ball club," Duke basketball Coach Vic Bubas said recently, "but to think that we would be 14-1 at this stage of the season, well, that was asking too much."

It was a little bit too much last season, too, when North Carolina State pulled one of the major upsets of the year, beating Duke in the finals of the Atlantic Coast Conference tournament and knocking them out of the NCAA tourney and a shot at the national championship.

Nearly 11 months after that upset, the teams meet at Duke Saturday in the first of two regular season games.

The Blue Devils lead the ACC with a 6-1 record while State is second at 4-2. Both have been idle because of final examinations—since Jan. 15 although State plays Tennessee Wednesday night.

While the ACC crown won't be at stake when the teams clash Saturday, Dukes No. 1 ranking will be.

Cats Resume Play

Second-ranked Kentucky, one of two undefeated teams in the country, resumes play after a week's break with games against Louisiana State tonight and Auburn Saturday. The Wildcats are 12-0.

Texas Western, the other unbeaten, also gets back into action this week, meeting Arizona State Wednesday and West Texas State Saturday. The eighth-ranked Miners, 12-0, haven't played since Jan. 6.

Only two members of the Top Ten played Saturday night. Third-ranked St. Joseph's recovered from a loss to St. John's, N.Y., for a 79-69 triumph over Penn. and Kansas, No. 6, also came back after a loss at Nebraska for a 69-61 victory over Kansas State.

Michigan, pre-season choice as the country's No. 1 team, posted its sixth straight victory, defeating Minnesota 97-85. The Wolverines haven't lost since they snapped a three-game losing streak that dropped them out of the Top Ten. Cazzie Russell led the latest victory with 40 points.

Cincinnati continued its comeback in the Missouri Valley Conference, edging Louisville 67-65. Dean Foster dribbled the length of the court and flipped in a 10-foot hook shot in the last second, giving the Bearcats a 13-2 record over-all and second place in the conference.

Nebraska, the Big Eight Conference leader, assured itself of a winning season for the first time in 16 years by crushing Oklahoma 86-78. The Cornhuskers now are 13-2.

Iowa dropped Michigan State out of a tie with Michigan for the Big Ten lead, whipping the Spartans 90-76.

Oregon nipped Oregon State 61-60, but State remained in a first-place tie with UCLA and Stanford in the Pacific Athletic Conference because the game did not count in the conference standings.

Ontario Curlers Take Bonspiel

UTICA, N.Y. (AP) — Kingston Ont., No. 1 holds top honors in the 12th annual International Teenage Bonspiel, held at the Utica Curling Club.

The Kingston Rink, skipped by Glen Bucc, gained first place Sunday with a 10-9 victory over Morrisburg, Ont.

Seven teams from New York, Massachusetts, Connecticut and Canada competed in the two day event for the Davies Shield.

Michael Cagers Win, Bailey Loses, 43 to 41

Kingston's junior high teams split a couple of hair raisers Friday in Poughkeepsie. The Myron J. Michael quintet nipped Poughkeepsie Forbus, 45-44, while the J. W. Bailey cagers were nipped, 43-41, by Poughkeepsie Forbus.

Larry Harris had 24 points and 17 rebounds while Pete De-

Groate recorded 15 points and 11 rebounds to lead the Michael win.

Neither team led by more than four points and the game developed into a battle of good driving by Stauderman of the home side and the rebounding and outside shooting of Harris.

In handing Forbus its first loss of the season, coach Ron Cole's team shot 32 per cent, getting 16 baskets in 50 attempts.

Unbeaten Morse extended its record to five straight to beat a hot shooting Bailey team, which connected on 47 per cent of its attempts.

Joe Pittman made the winning basket with 25 seconds to play. Bailey had a chance to knot the count with a second left but missed two free throws.

Willis Locke, with six baskets in nine tries, canned 17 points for coach Joe DeFino's five. Mike Hoffman had his 11 points in the second half to keep Bailey close.

The local squads will collide for the first time this Friday 4 o'clock, at the Bailey gym.

Fire Injuries Take Life of 2nd Brother
ROCHESTER, N.Y. (AP) — Three-year-old Russell Grubb died today at Genesee Hospital Rochester, of injuries suffered in a fire that claimed the life of his brother, Ronald, 2, last Wednesday.

The fire extensively damaged the Grubbs' home on the city's north side. The children's mother, Mrs. Rosemary Grubb, a neighbor and firemen rescued two older brothers and a sister.

Firemen said Ronald and Russell had been overcome by smoke.

They said the Grubb children had been playing with matches.

The family lives at 24 Seibert Place.

Weekend Mishap List Includes Injuries, Fire

One of two city traffic mishaps over the weekend resulted in injury involved a fire engine mobilized on a downtown call and the other resulted in an arrest.

Several other minor collisions resulted in no injury.

Engine 4 of the Wicks Company was en route Sunday night to cover at Central Station on a call for a downtown fire, said to be incendiary, when it was involved in the mishap on Foxhall Avenue near Grand Street. It was driven by Charles Reis, of 160 Bruyn Avenue.

The car involved was driven by Albert Carey, of 42 Stephan Street, Genevieve Lester, of 23 VanGaasbeck Street, who was riding in it, was taken to Kings-ton Hospital by Doctors' ambulance for treatment of a head injury. Officer Booth Pendell investigated.

A verbal call for the fire in a vacant house owned by the city at 38 Abeel Street came at 9:17 p. m. and was followed by an alarm from Box 3211, Abeel and Wurts streets.

Another fire in the same 2 1/2-story, frame house on Feb. 13, 1964, was also believed to be incendiary. The one Sunday night began in a basement area, and burned upward. It damaged first and second-floor areas including a stairway. The call mobilized units from Central, Cornell and Wiltwyck stations, the Wicks, Union and Rapid companies with Deputy Chief Glyn M. Southard in charge.

Olaf K. Demand, 26, of 108 North Front Street, was charged with driving while intoxicated and lacking a license, after a two-car mishap reported at 7:58 p. m. Sunday at Broadway and Andrew Street. Officers Gerald Tierney and Richard Spaulding investigated.

The report said the other car was driven by Anna E. Hussey, 50, of 23 Rogers Street. She and Mrs. Lincoln Hansen, of 22 Rogers Street, who was riding with her, were treated at the Benedictine Hospital for chest and knee injuries. Demand also reported hearing of the charges against him was today put over to Tuesday to permit him time to obtain counsel.

Upstate Banker Dies

Richmondville, N.Y. (AP) — John D. Holmes, 96, a banker in this East-Central New York community for 78 years, died Sunday.

Holmes, president of the Bank of Richmondville, joined the bank in 1888.

TOWN OF SAUGERTIES REPUBLICAN CLUB ELECTS—Meeting Thursday night at Ye Olde Quarrie House, Quarryville, Town of Saugerties Republican Club, Inc., held its first meeting of 1966 and, at this annual session elected a new slate of officers. In the photograph, outgoing president Louis Francello presents the gavel to incoming president George Turner. Others are (l-r) former Town Councilman Frank Greco, treasurer; Mrs. William D. Brinnier, re-elected secretary; ex-president Francello; former vice-president Turner, now president; and James Luther, new vice-president.

presenting the gavel to incoming president George Turner. Others are (l-r) former Town Councilman Frank Greco, treasurer; Mrs. William D. Brinnier, re-elected secretary; ex-president Francello; former vice-president Turner, now president; and James Luther, new vice-president.

SAUGERTIES NEWS

Exchange Student To Visit Rotary

Guest of honor at tomorrow night's meeting of Rotary Club of Saugerties will be Carlos Lore de Mola. Rotary members are planning a gala Sons and Daughters Night to honor the Peruvian teenager, exchange student currently living with Terry Staples and his family at Malden-on-Hudson. All Rotarians are being urged to bring their own sons and daughters or those of neighbors to meet Carlos, who is attending Saugerties High School through March.

Program chairman Ben Rinaldi has not announced the complete program for this special event, but he is currently accepting reservations.

Members also are looking forward to a report on the outcome of the attendance contest which has been conducted this month.

In a close race, opposing teams have missed by one having 100 per cent meetings on both Jan. 4 and Jan. 11. Losing team is expected to treat the winning team to a steak dinner.

Peter Murphy will take over the job of program director next month and is expected to come up with several fine programs.

Treasurer Gerald Snyder has announced that dues are now payable and that he is ready to accept these.

Several members of Saugerties Rotary have been serving as roving ambassadors at Rotary club meetings elsewhere.

Among these are Gerald Snyder, who attended meetings in Dunden and Riviera Beach, Fla.; Grant Morse, who visited in

Stuart, Fla.; and Ronald Johnson and Morris Rosenblum, who sat in at the recent Kingston Rotary meeting.

Calling for an evaluation by members this week, Dr. Dexter O. Arnold, vice president of the local club, quoted the following from "The Clipper": "Any club with some little history behind it can pause and reflect on what meaning that history holds for its future — in other words, how well is it achieving its objectives, and what it needs to do, in the light of changing conditions, to make its activities the most meaningful possible. Perhaps it's time for each of us to evaluate our contribution to our club to see if we are really putting forth all the effort required to help our club function as a Rotary club should."

Advisor Elected For Tonda Club

Margaret Siegel of West Saugerties has been elected Advisor of Tonda Theta Rho Girls Club No. 26.

Other officers elected on the new slate are: Gail Myer, president; Diana Lewis, vice-president; Patricia Olson, recording secretary and treasurer; Susan Mauterstock, warden; Herta Lenz, conductor; Josie Winchell, marshal, and Cynthia Tyler, outside guardian.

The new advisor and officers were installed by Anna Yakin, Past District Deputy President of Ulster District at a ceremony held recently. Mary Patryk acted as marshal for the occasion.

Girl Scouts Need Leaders, Troops

Plans for the coming year and a vital need for new leaders and troops were discussed by Mrs. Joan Luley, troop organizer, at the recent meeting of Girl Scouts of Saugerties Neighborhood at Saugerties Savings Bank. Mrs. Luley urged all local women interested in becoming leaders or working on committees to contact her immediately.

Plans for observing Girl Scout Week, March 6 to March 12, were also discussed at length. Window displays by various troops will be featured throughout the town, and prizes for best displays will also be placed in windows during the anniversary week. A special ceremony, in which all troops will participate, will be held on March 12 at Don-lon Auditorium on Main Street at 1 p. m. Final plans for this ceremony will be discussed by Mrs. Harold Hoffman, Neighborhood chairman, at the February meeting of the organization.

Mrs. Hoffman, who presided at the recent meeting, was also voted in as Neighborhood chairman for another two year term.

Reports were heard from the leaders of various service projects performed by the troops in the Neighborhood for Christmas. Leaders have also been asked to list their troop's services to the community at all future meetings. These meetings have now been changed to the first Wednesday of the month by unanimous vote of the membership.

Members were reminded that camperships, supplying funds for needy Scouts at camp, are available through application. Those attending were also invited to attend a workshop on Outdoor Display tonight at 7:30 o'clock at New Paltz Dutch Reformed Church hall.

In other business, members approved the reading of last month's minutes by Mrs. Griffin Holloran, secretary. Before adjournment, members also learned a new song.

Saugerties Girl Scout Neighborhood Association is part of the Ulster County Council of Girl Scouts, Inc., which is a participating agency of the Ulster County Community Chest.

Lutherans Urged To Attend Play, Concert Outside

Members of Atonement Lutheran Church, Market Street, Saugerties, have been urged to attend two outstanding events in Poughkeepsie and Woodstock shortly.

Gettysburg College Choir of the Lutheran Liberal Arts School in Gettysburg, Pa. is presenting a concert at St. John's Lutheran Church, Wilbur Boulevard, Poughkeepsie, Saturday, Feb. 5 at 8 p. m. The Saugerties church is planning a car pool to bring a group of its members and young people to hear this famed choir. Those planning to attend and those willing to use their cars to provide transportation for others should contact Lloyd Mellander, of Barclay Lane or the pastor. Special efforts are being made to have all those involved in the music program of the church attend this choir concert.

Members interested in attending Christopher Fry's play, "A Sleep of Prisoners," to be presented by Wagner College Players at Christ's Lutheran Church, Woodstock, Thursday, Feb. 3, are asked to make reservations with the pastor or with the Rev. Norman Krapf of the Woodstock church. This should be done immediately since the capacity of the neighboring church is limited and reservations will only be taken to the limit of seating space.

Regular activities at Atonement Lutheran Church are slated as follows: Sunday morning services are held at 8 a. m. and 11 a. m. with nursery care during the late service. Sunday school is at 9:15 a. m.

Catechetical instruction is held Wednesday at 1:30 p. m. on the released time program.

Boy Scout Troop 32 meets at 7 p. m. each Wednesday at the parish house, and Senior Choir rehearsal is held each week Wednesday at 8 p. m.

Card Party Set By St. Mary P-TA

Lamp Unto My Feet, a filmed collection of interviews with theologians of different faiths made at the close of the Ecumenical Council, and a talk by Sister Mary Leo highlighted the Parent Teaching meeting of St. Mary of the Snow school recently.

Winston Burdette, narrator of the film, spoke with the experts, drawing out their impressions of the main objectives to come out of the Council and of its effectiveness.

Sister Mary Leo, school principal, announced that examination week would conclude tomorrow. School has been in morning session only during the current week. She gave parents future advice for helping their children to prepare for tests by providing a quiet time and place for them to study; by encouraging them "to get started;" and by allowing them to work independently. Young children must review in short, frequent periods of study, according to Sister, because their attention span is limited. Also stressed was the fact that students need to understand what they are required to memorize.

President Arthur Van Benschoten announced that Mrs. Joan Bannen will be chairman of the annual card party to be held Feb. 20 at 7:30 p. m. Provision will be made this year for playing military whist, as well as other cards and games. Mrs. Carolyn Parenti is co-chairman of the affair, and Mrs. Carrie Ross will be refreshment chairman. Volunteers are needed to help with the party, and anyone who can help is asked to contact the chairmen.

Special commendation was given at the meeting to Mrs. Lillian Murphy, who has been in charge of the mothers' lunch-time program. Sister Mary Leo also expressed the teachers' gratitude for their remembrance at Christmas, and praised the 12 mothers who give a half day every week at school plus preparation time for the physical fitness classes. "If any other mothers would like to rise to the challenge," said Sister, there is need for more volunteers.

Mrs. Carrie Ross and a committee of fourth grade mothers served refreshments at the close of the meeting.

Reformed Church Baptizes Three

"A Faith That Includes Tomorrow" was the sermon of the Rev. Orville Jay Hine at 9:45 a. m. and 11 a. m. services at Reformed Church of Saugerties yesterday. Music at early service was by Youth Choir under the direction of Donald Reinhard and, at the later service, by Senior Choir under the direction of Howard Houghtaling.

The Sacrament of Baptism was administered at both services. Children presented for baptism were Mark Steven Landcastle, son of Mr. and Mrs. Richard A. Landcastle; Amelia Elizabeth Ringwald, daughter of Mr. and Mrs. Arthur C. Ringwald; and Stewart Thornton Mundy, son of Mr. and Mrs. Robert N. Mundy.

Sunday Church School met at

9:45 a. m. under the direction of superintendent W. Eugene Hick-en. The opening worship service for the school was led by the boys and girls of the fifth grade with Mrs. Hickman as teacher.

Boys who are working for their God and Country Award met with the pastor in the parish hall at 4 p. m. yesterday. Youth Fellowship met at 7 p. m. with Mr. and Mrs. Edward Jabs, advisors. Final plans for the observance of "Youth Sunday" were made at this meeting.

Day Nursery Committee will meet in the chapel on John Street tonight at 8 o'clock.

Consistory meets Wednesday at 7:30 p. m.

Junior Girl Scouts, Brownie Scouts, Confirmation Class, Junior Choir, Youth Choir and the Senior Choir will all meet at their usual times this week.

Congregational Work Progresses

Work parties at the parsonage of First Congregational Church, Saugerties, gathered one recent evening and morning; made much headway on further inside construction work essential to completion of their endeavors. The carpentry group will be meeting again to go on with the project and urges all those who can do so to help.

Mr. R. Earle Haley served as guest preacher yesterday at Congregational Church while the minister and his family conducted services at Fitchville, Conn. Church school classes for all ages met at 10 a. m.

Future events listed on the church calendar are as follows: Baptism of children will take place Jan. 30.

New members will be received into the church Feb. 6.

Annual meeting of the congregation will be held Jan. 27 at 7:30 p. m. In the event that all work is not covered in the time allotted, the meeting will reconvene the following Thursday.

Announcement has also been made that the Women's Fellowship has voted to donate \$300 toward the reduction of the building debt.

The minister has urged more young people of the congregation to join the Youth Choir. The choir meets weekly for an hour of rehearsal, and their singing has been enjoyed by the congregation. It has been pointed out that the choir was started from scratch to provide some youth activity for the young people of the church and to add some singing to Sunday morning services.

Much credit goes to the 16 young people involved and to Mrs. Herbert Cole and Mr. Quigley.

Social Planned By Rosary Group

With Mrs. Kay McLaughlin, president, presiding and outlining plans for the coming month, members of the Altar and Rosary Society of St. John's Church, Veteran, met last week in regular session.

Father Leo Laffin, moderator of the Society, announced plans for a St. Patrick's social to be held Saturday, March 19. He asked the cooperation of the Rosary and Holy Name Societies in handling arrangements for this parish event.

Members also discussed the possibility of a trip to the passion play, "Veronica's Veil," in Union City, N. J. The excursion will be discussed further before a definite date is set.

Those attending were also asked to bring in broken rosaries to be repaired and sent to Father Payton for the missions. Religious Christmas cards should also be turned in at the next meeting.

Announcement was also made that the rosary intention for this month is world peace. The president urged members to send cards to those members of the Society who are unable to attend meetings due to illness.

Following the business meeting, members worked on cancer pads and, later, enjoyed refreshments.

Rebekahs Mark Wildey Date

The anniversary of Thomas Wildey, founding father of Odd Fellow and Rebekahship, was celebrated by Rebekahs of Queen of the Catskill Mountain Rebekah Lodge 36 at their regular meeting last Thursday night.

Presentation of the program and projects for the year by Anna Kakin, Noble Grand, was well received by the members.

Among guests attending the meeting were Ethel A. Jehle, District Deputy President; Anna Minkler, Noble Grand; Judy Martin, Edna Schoonmaker, Mary Kamps and June Bridgeman, all members of Queen Ulster Rebekah Lodge 34.

The Past Noble Grand Association has been notified of a meeting to be held on Jan. 29 at 6:30 p. m. at Atharhacton Rebekah Lodge, Kingston.

Announcement was also made that all members are invited to a public installation on Feb. 14 at the IOOF Temple on Main Street, Saugerties.

Those attending expressed get well wishes to four members who are currently on the sick list, including Margaret Siegel, Mary Osborne, Johanna Tyrell and Jennie White.

"If you refuse me," he swore, "I shall die."
She refused him.
Sixty years later he died.

Among women drivers, one bad turn deserves another.

Matt Henshaw—Why is it a man can get dressed in ten minutes and a woman takes over an hour?

Lilly—Well, did you ever see anyone whistle at a blue serge suit?

Good intentions are, at least the seed of good actions; and every one ought to sow them, and leave it to the soil and the seasons whether he or any other gather the fruit.

Eat with the rich, but go to the play with the poor, who are capable of joy.—Logan Pearsall Smith.

Fortune Teller—You are going to marry a tall, dark man. The Girl—Can't you be specific? All four of them are tall and dark.

To believe in men is the first step toward helping them.

She—You finally asked Daddy for me? What did he say?
He—Not a word. He just fell on my neck and sobbed.

It is just as hard to live with a person you love as it is to love the person you live with.

Strange that men call money dough: Dough sticks to your fingers.

Mabel—Did you ask father for my hand?
Jack (bitterly)—Yes, I asked him over the phone, and he replied, I don't know who's speaking but it's O.K. with me.

May we never see an old friend with a new face.

Violet—What is your worst sin?
Vera—My vanity. I spend hours before the mirror admiring my beauty.
Violet—That isn't vanity, dear—that's imagination.

"Miss Prinzel is one of the best workers we have in the office! In just six months she's worked me for three raises!"

"I like the shy demure type," observed a sailor of our acquaintance, "you know—the kind you have to whistle at twice."

Business Man—One who talks golf all morning at the office and business all afternoon on the golf course.

He (throwing stones into water)—I am only a pebble in your life.
She—Then why not be a little boulder?

New York has more than 8,000 natural lakes, most of them created by the glaciers of the Ice Age.

The Weather

MONDAY, JAN. 24, 1966
Sun rises at 7:18 a. m.; sun sets at 5:01 p. m. EST.
Weather: Partly Cloudy.
The Temperature
The lowest temperature recorded on The Freeman thermometer during the night was 29 degrees. The highest figure recorded up to noon today was 32 degrees.

SNOW FLURRIES

Mohawk Valley, Western Catskills, Upper Hudson Valley, Lower Hudson Valley, North-eastern New York:
A few lingering snow flurries but generally clearing today. Moderately windy, with some blowing and drifting snow. High mainly in the 20s, warmer in the Hudson Valley. Fair with diminishing winds and colder to night. Low, 5 above to 10 below. Tuesday, mostly sunny and quite cold. High, 5 to 15 warmer in the Hudson Valley.
West to northwest winds, 10 to 25, and occasionally gusty today, diminishing to light variable late tonight and Wednesday.

Pursued by Troopers Birk's Car Hits Wall

Pursued by State Troopers from the Leeds substation Saturday night, Edward R. Birk, 32, Freehold, was injured when his car skidded out of control and crashed into a stone wall off the Plattekill Road, Town of Cairo, Seneca County.
Sergeant G. E. Brown said Birk was subsequently booked by Troopers A. J. Peterson and Earl Scott on charges of speeding, driving a car with unsafe tires and inadequate brakes, and failure to comply with an order of an officer.
Birk, Sergeant Brown reported, pleaded guilty to each charge before Justice of the Peace George Carl. He was fined a total of \$25.
Troopers Peterson and Scott reported they pursued Birk's car from Cairo along highways and until it crashed in a wreck on the Plattekill Road.

Cold, Wintery Weather Due

ALBANY, N. Y. (AP) — Extended forecasts for Upstate New York, prepared by the U. S. Weather Bureau, from Tuesday through Saturday:

Cold, wintery weather most of the week, with temperatures generally below normal. Cold Tuesday, with snow likely by Wednesday. Cold again by Thursday and Friday. Another period of snow likely by Saturday.
Daytime highs in the teens and 20s at the beginning and again by Friday, with some rise on Wednesday. Night time lows averaging zero to 10 above in the north and 10 to 20 in the south.
Precipitation likely in excess of one half inch.

Wilson Seeking Tax Break for Senior Citizens

A bill has been introduced in the State Legislature by Assemblyman Kenneth L. Wilson of Woodstock, which seeks to give a measure of property tax relief to homeowners who are over 65, and who are on a limited income.
During the last session of the Legislature, a bill was submitted by Senator R. Watson Pomeroy of Dutchess County which called for similar measures, and while the bill was passed by both the State Senate and the Assembly, it was vetoed by Gov. Rockefeller.

In his veto message, Gov. Rockefeller said that he was in accord with the concept of property tax relief for elderly persons living on a fixed income, but that he was forced to veto the measure since it would place an unfair tax burden on all of the other residents of a school district.
Assemblyman Wilson said today that while he voted for the school tax exemption bill last year, he was forced to agree with the Governor's reasons for the veto, but he added that he still felt that some legislation had to be adopted to lessen the burden being placed on people over 65 who are on a limited income.
Wilson said that he studied the provisions of last year's bill, and felt that a similar measure could be approved by the Governor if the question were left to a local referendum within the school district. In that way, according to Assemblyman Wilson, those who would have to assume the extra cost caused by the exemption to the elderly would have the opportunity to say whether or not they wished to assume the added burden.

If such a bill becomes law this year, a local referendum could be held in any given area in the State, and if the referendum is approved, anyone who is 65, or more, who has had no school age children residing in their home for at least five years, and who has an income under \$2,400 a year, would be eligible for a reduction of 50 per cent in their property assessment, for school tax purposes.

EASTER SEAL CHILD — Alan Nagao, 4, of Honolulu, Hawaii, smiles happily through his orchid lei after being named 1966 National Easter Seal Child of the National Society for Crippled Children and Adults. Alan, who was born with his right leg ending at mid-thigh, has been walking with an artificial leg since he was two and he returns regularly to an Easter Seal center for therapy and checking on his gait. He will visit President Johnson at the White House in company with Easter Seal Chairman Jimmy Durante to launch the annual campaign, March 1 to April 10.

Honolulu Boy Has 140 IQ

Physical Handicap Proves No Deterrent to Youngster

CHICAGO — A chubby little Hawaiian boy of four with a button nose, bright, snapping almond-shaped eyes and a warm and winning personality has been named 1966 National Easter Seal Child of the National Society for Crippled Children and Adults.
Has Brilliant Mind
He is Alan Nagao who was born with his right leg ending at mid-thigh, webbing of the fingers of his right hand and a cleft lobe on his right ear. He also was born with a brilliant mind and today has an IQ of 140.
Alan will visit President Johnson at the White House in company with Easter Seal Chairman Jimmy Durante to launch the annual campaign which opens March 1 and ends April 10.
The son of Eddy N. and Jean Nagao of Honolulu, Alan is the youngest of their three children and the only one with a handicap. At two years of age he was fitted for an artificial leg. Since he possessed curiosity and energy in large amounts he learned to walk amazingly quickly, according to therapists at the Easter Seal Center in Honolulu where, at the doctor's suggestion, he was taken for exercise to strengthen the muscles of his crippled leg.

One of Most Popular
Alan's friendly personality soon made him one of the most popular youngsters at the center. He also became one of the most active. His greatest moment of triumph came when—with his mother watching—he learned to bend his artificial knee and kneel. That he is psychologically adjusting well was demonstrated one day when a play mate hit him on the same knee with a block. Alan laughed and said "That didn't hurt, that's my wooden leg."
He is now in a private nursery school in his neighborhood and returns regularly to the Easter Seal center for therapy and checking on his gait. Nagao, a general contractor, and an older brother Michael, a university student, are training Alan in the favorite family sport of fishing and the youthful Waltonite is already adept at identifying a mahi-mahi or kava-kava or shark as well as his catch. His sister Shann, 9, is alternately playmate and sparring partner.

Under his mother's firm guidance, Alan has assumed certain responsibilities in the home. He picks up his own toys and puts away his clothes. And, like most small boys he does his chores with reluctance. He is able to undress himself and to take off and put on his prostheses.
His future? Alan has already demonstrated his ability to stand on his own two legs like every body else. With his friendliness and ready wit, the security and influence of a close and affectionate family and his proved intellectual capacity Alan should, in every way, find his rightful place in the world.

LBJ Not Likely to Have Rosy Time With Congress in '66

By WILLIAM F. ARBOGAST
WASHINGTON (AP) — President Johnson's honeymoon with Congress, marked by last year's unprecedented legislative accomplishments, may come to an end this year.

Some of the President's own top leaders are worried about the outlook.

Publicly they predict that the President will get pretty much what he wants from the top-heavy Democratic Congress he helped elect two years ago. Their private views are not so rosy.

Long, Tough Session
"It's going to be a long and a tough session," one of them commented privately. "The President's program includes some really controversial proposals which would be difficult enough to shove through in a nonelection year."

The reference was to the fact 1966 is the year in which all 435

seats in the House and about 35 in the Senate will be filled by the voters.

Members of Congress seeking re-election will have to run on their own records, which are made on the floors of the Senate and the House.

Many of the 293 House Democrats believe they will have to defend themselves against Republican campaign charges of fiscal irresponsibility and lack of independence.

GOP leaders have indicated that they will stress their charge that most incumbent Democrats were "rubber stamps" for the President in their support of costly "Great Society" programs enacted last year.

Some Democrats seeking re-election think perhaps this is the year to be economy-minded when it comes to financing domestic programs. They have a built-in excuse for not being cooperative with the President as they were last year. The cost of the war in Viet Nam is mounting and it's hard to cut war appropriations. So the economy drives will be aimed at nonwar spending.

May Slow Down Action

It isn't likely that Congress will shelve any of the new programs approved last year. More likely it will slow them down temporarily by cutting the money needed to keep them going full speed ahead.

Some presidential proposals, new and old, which don't need heavy financing also are in for tough sledding.

While there is widespread support in the House for Johnson's request to change the Constitution and elect representatives for four-year terms instead of two years, it is far from a cinch that the House will approve it.

Takes Two Thirds Vote

It takes a two-thirds vote of each branch of Congress to submit a proposed constitutional amendment to the states. That means 290 votes in the House and 67 in the Senate if everyone votes. Many of the 140 House Republicans and 32 Senate Republicans are expected to oppose the proposal. Some influential Democrats haven't been sold on it.

The President's proposals to establish "unavoidable requirements for nondiscriminatory jury selection," to make it a federal crime to kill, attack or intimidate civil rights workers and to prohibit racial discrimination in the sale or rental of housing face formidable opposition.

Pomeroy Backs Fish as Choice In 28th District

POUGHKEEPSIE — State Senator Watson R. Pomeroy, representing Dutchess, Putnam, and Columbia Counties, today endorsed Hamilton Fish Jr. as the Republican Candidate for Congress from the 28th Congressional District.

"The vote of the Dutchess County Republican Executive Committee endorsing Hamilton Fish Jr., particularly in view of all the town committee meetings at which both candidates appeared, indicates clearly the overwhelming support Mr. Fish has won for himself in our county Republican organization, Sen. Pomeroy said.

Fish, of Dutchess County, won the Republican backing of that county at a meeting of the executive committee Thursday. The executive committee swung behind Fish after debates were held between Fish and his opponent, Alexander Aldrich, first cousin and executive assistant of Gov. Rockefeller, following which town committees went overwhelmingly for the Dutchess County man.

"Ham Fish is a man of high calibre and a candidate of whom our county can be justly proud," Sen. Pomeroy said.

"I certainly am glad to add my endorsement to that of the executive committee's, and I hope the Dutchess County Republicans will give him full support all the way to the achievement of his goal which is to be our Representative in Congress," Sen. Pomeroy said.

Expect 700 Back Today at Rome Plant

ROME, N.Y. (AP)—About 700 striking production and maintenance workers at Aluminum Company of America's Rome Cable Division were to return to work today, ending a 10-week-old strike.

The employees approved a new three-year contract Sunday after tentative agreement was reached Friday at bargaining talks in Syracuse.

Paul Fittik, president of Local 1875, International Association of Machinists, said the contract included a 28-cent-an-hour increase over a three-year period.

He said the contract also provided for changes in the company's seniority rules and other benefits.

The union struck when the previous contract expired Nov. 13.
